His Marriage a Failure

He regarded children as a nuisance. He did all his courting before marriage. He never talked his affairs with his wife. He doted on his money to his wife as if to a beggar. He looked down upon his wife as an inferior being. He never took time to get acquainted with his family. He thought of his wife only for what she could bring him. He never dreamed that there were two sides of a marriage. He never dreamed that a wife needs praise or compliments. He had one set of manners for home and another for society. He paid no attention to his personal appearance after marriage. He married an ideal and was disappointed to find it had flaws. He thought his wife should spend all her time doing housework. He treated his wife as he would not have dared to treat another. He never dreamed that his wife needed a vacation, a recreation or change. He never made concessions to his wife's judgment, even in unimportant matters. He thought the marriage vow had made him his wife's master, instead of her partner. He took all the little attentions lavished on him by his wife as his by "divine right" and not as favors. He always carried his business troubles home with him, instead of locking them in his store or office when he closed—Success.

Slaves to Spring Catarrh Restored to Health By Pe-ru-na.

Honest People Tell Their Experiences.
Spring—the Time to Cure Catarrh.

MRS. JOHN E. MILLS

Mrs. John E. Mills, 86 Mulberry St., Lynn, Mass., writes: "I have been troubled with catarrh since I was ten years old. At times my head troubled me so that I was obliged to stay in a dark room. Nothing helped me and my physician said I could never be cured. 'I began taking Peruna this spring and find myself greatly benefited by it. I have not had an attack since I took my first bottle. I think in time it will cure me. It has already improved my appetite and my general health and I have gained twenty pounds in three months.' 'I have recommended it to several of my friends, who also find it very beneficial. I advise any one troubled with catarrh to use Peruna.'

Mr. J. Q. Craig, a well-known athlete, whose home address is Bridgeton, N. J., writes from the Hotel Donavin, Delaware, Oio, as follows: "I can say of Peruna that as a tonic for the spring of the year, it is the best for athletes, and as such I can give it a hearty recommendation." Peruna does not fail to prevent the lassitude and languor incident to the approach of warm weather, if taken in time.

MR. J. Q. CRAIG

Mr. Wienand Houseman, a prominent and aged citizen of Seneca Falls, N. Y., is the inventor of a number of implements of modern warfare. He writes: "For several years past, I and my family used your Peruna as a tonic and for the purification of the system in general and find that it is an excellent medicine to restore weak nerves to a healthy condition."

MR. WIENAND HOUSEMAN

Mrs. A. S. Rucker, 1821 Cedar street, Nashville, Tenn., writes: "I wish to tell you what Peruna has done for me. In the spring of 1902 I was very sick and so weak I could scarcely be up. I was alarmed at my condition. 'I had a bad cough for some time and I tried several cough medicines, but grew worse all the time. I knew if I did not get relief, I would soon go into consumption. 'So I decided to try Peruna. I had confidence in it before I took it and found it was just the medicine I needed, for in a short time my cough ceased and my strength returned. 'I have enjoyed better health since taking it than I had for several years previous.'

Spring Catarrh.

Almost every one has come to believe that spring is a season that brings derangements of the body dependent on blood impurities.

This belief is an old one, is nearly universal, and has arisen, not as the result of the teachings of the medical fraternity, but has been learned in the bitter school of experience.

Nervous Depression.

Depression of the nervous system at the approach of spring is a fertile source of blood impurities.

There are general lassitude, dull, heavy sensations, continual tired feelings, with irregular appetite, and sometimes loss of sleep.

That Tired Feeling.

That tired feeling, which is the natural result of the depressing effect of warm weather immediately after the invigorating cold of winter, quickly disappears when Peruna is taken.

The Correct Remedy.

Peruna meets every indication and proves itself to be perfectly adapted to all their varied peculiarities. Peruna invigorates the system, rejuvenates the feelings, restores the normal appetite and procures regular sleep.

Do Not Delay.

Get a bottle of Peruna when the first languid feelings make themselves apparent in the spring. Take it according to the directions on the bottle. Continue this treatment through the first months of spring.

This course of treatment is no experiment. It has helped thousands. Why should it not help you?

A Spring Tonic.

Almost everybody needs a tonic in the spring. Everything to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna will do this is beyond all question. Everyone who has tried it has had the same experience as

Mr. Warren M. Taylor, 1216 8th Ave., Brooklyn, N. Y., who, in a recent letter, writes:

"I suffered from a general feeling of lassitude, with occasional creeping chills, followed sometimes by fever and biliousness.

"These symptoms manifested themselves mostly in the spring and fall.

"I suffered this way for about seven years.

"Last spring I began using Peruna and followed the instructions as set forth in one of Dr. Hartman's booklets which I picked up in a drug store and to my great joy I noticed that within a week I was nearly cured.

"At the end of two months I was entirely cured and feel as though I have a new lease of life."

Nature's Assistance.

Spring is the best time to treat catarrh. Nature renews herself every spring. The system is rejuvenated by

spring weather. This renders medicines more effective.

A short course of Peruna, assisted by the balmy air of spring, will often relieve old, stubborn cases of catarrh that have resisted treatment for years.

A Word of Advice.

To those who have been afflicted with chronic catarrh we wish to say that the spring season affords you a splendid opportunity to get rid of your disease.

It may be you have been afflicted for several years; you may have tried different remedies. Perhaps you have become discouraged.

Now Is Your Opportunity.

This failure was during the winter months. But now is your opportunity. Nature comes to your assistance at this season.

Just help her a little and she will bring you out of the quagmire in which you have been floundering so long. Give Nature a little assistance, lest her struggles be in vain.

A Typical Case.

Geo. M. Fillmore, formerly 1st Lieut. 3rd U. S. Artillery, writes from 909 L St., N. W., Washington, D. C., as follows:

"I brought forward from winter into spring a sickening case of catarrh which was making existence miserable for me until I was induced to try a bottle of Peruna.

"An immediate improvement gave me hope, if not relief. I kept up taking Peruna and it has so strengthened and relieved me that I am now confident of a cure. I heartily endorse Peruna for catarrhal affections and as a tonic for their weakening effects."

Geo. M. Fillmore.

A short course of Peruna now will be just in time. During the month of April you will find the strategic time to rid yourself of chronic catarrh, one of the most persistent, stubborn diseases in the whole list of human ailments.

After you have tried it you will say Peruna is positively the best spring medicine you have ever used.

A great many years of extensive trials of this remedy in this class of derangements have demonstrated its efficiency.

Numerous Testimonials.

Thousands of cases might be quoted in which Peruna has rescued people from the ravages of spring catarrh, and put them on a good, solid foundation of health.

We can give our readers only a slight glimpse of the vast array of unsolicited endorsements Dr. Hartman is constantly receiving. No other physician in the world has received such a volume of enthusiastic letters of thanks.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health in every way.

The children cannot possibly have good health unless the bowels are in proper condition. Correct any constipation by giving small laxative doses of Ayer's Pills. All vegetable matter coated.

OBSERVATIONS OF PASSING EVENTS.

The Henderson Gold Leaf prints the following interesting and timely paragraph which all people will do well to read and heed: "Warm weather and the 'sickly season' incident thereto is coming on. It behooves us therefore to

Cleanliness is Protection
clean up and get things in a sanitary condition to ward off disease if possible. If there was no law compelling a proper observance of sanitary rules, one's pride in the appearance of his premises should be a sufficient incentive to a general cleaning up of all rubbish and filth that has accumulated during the winter months. Warm damp weather causes active decomposition of all vegetable matter and trash wherein the germs of disease may lurk. Now is the time to clean up the yards and back lots, rake and burn all trash, use lime freely and allow no water to stand and become stagnant."

MORE and more it becomes evident that the uplifting power of education is incalculable. Into whatever community the quickening influence of education comes into that self same community comes progress and development in every field of human industry. For a long time it was thought and claimed by many that there was little need of education on the farm, but no longer can any one make that plea as a reason for indifference concerning education. Throughout the rural districts the communities that support the best schools have the best system of agriculture, the best business interests, the best homes and the best life. It is folly for any one to undertake to make every body believe that he may become a Governor or President if he will seek and secure an education, for such a proposition is unreasonable; but it is a fact that wherever people are most intelligent they are most prosperous and happy. The power of education is wonderful in transforming communities and in making life better for all who are touched by its influence.

Decrease of Cattle Ticks

State Veterinarian Dr. Tait Butler says the lower house of congress has adopted unanimously the committee's report carrying a \$65,000 appropriation to aid the states interested in the fight against the cattle ticks. This is the first appropriation the general government has ever made for this purpose.

It is a matter of great satisfaction to Dr. Butler that none of the states in which there are ticks are doing anything like as much work as North Carolina has done and is doing. The following states are interested: California, Texas, Alabama, Arkansas, Louisiana, Mississippi, Tennessee, Georgia, Florida, South Carolina, North Carolina and Virginia. There are some ticks in Kentucky. Here in North Carolina the ticks have been cleared from ten entire counties, which used to be within the quarantine boundary and from parts of two other counties in that boundary. They have also been cleared from four other counties which are north of the boundary. Though these counties were north of the line, yet they had a good deal of infection just the same. No reports are coming in of an infectious disease of cattle in the state. There are individual cases here and there which will call for special attention by the state veterinarian.

POSTMASTER ROBBED.
G. W. Fouts, Postmaster at River-ton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters; which cured me and have kept me well for eleven years." Sure cure for Biliousness, Neuralgia, Weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful tonic. At E. T. Whitehead & Co's drug store. 50 cents.

Indian Girl in Law
Laura M. Cornelius a full-blooded Indian, of the Ojibwa tribe, in Wisconsin, is in New York City, where she intends to study law at Barnard College. At a country school she won a scholarship in a seminary in Fond du Lac, and afterward studied for a time in Stanford University, California. Mrs. Cornelius is unmistakably Indian in features and build, and is proud of it. Her object in studying law is to be of service to the people of her own race. "My religion," she says, "is this: I believe in God, in minding my own business and in hustling for what one wants."

Over-Work Weakens Your Kidneys.
Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

It is sold in fifty-cent and one-dollar sizes. You may have a sample bottle by mail from Dr. Kilmer's Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.
