President Clark.

The death of Governor Pattison, of Ohio, was a loss to the Union Central Insurance Company, for he was president of the company. However, the place is well filled by Mr. J. R. Clark, who has been treasurer of the company for many years, and Mr. E. P. Marshall, who has been secretary of the company from its organization and has been made vice-president. The company was fortunate in having such able men within its own ranks to take these important places. There is no better insurance company in this country; and it leads in dividends to policy-holders. If you would like a policy in this kind company, let it be known at our office.

Orphans' Entertainment.

On Wednesday night, July 4th, a class of orphans from the Oxford Orphan Asylum gave a delightful entertainment in the auditorium at the graded school.

The entertainment consisted of songs, dialogues, recitations and the like, and the children showed fine training in their work. A fair audience greeted them, but many were kept away by reason of down-pour of rain just before the opening. The proceeds of the entertainment amounted to about \$25.

The orphans were under the charge of Mr. Burch and Miss White from the Asylum, and were entertained by the Masons while here.

Mr. Burch stated that there are at the institution 275 children and that during the thirty-three years of the existence of the institution it has cared for 2,500 orphans.

They went from Scotland Neck to Roanoke Rapids.

The old time method of purging the system with Cathartics that tear, gripe, grind and break down the walls of the stomach and intestines is superseded by Dade's Little Liver Pills. They cleanse the liver, and instead of weakening, build up and strengthen the whole system. Relieve headache, biliousness, constipation, etc.
