Observations of Passing Events.

ACCORDING to authentic statistics, the importation of cocoa into the United States is four times as much as it was ten years ago. Ten years The things which our weak judgago it was a quarter million dollars per month while now it is a million. During the last two The things o'er which we grieved years the importation of coffee and tea has materially declined, but taking Will flash before us out of life's dark the last ten years tea has increased 10 per cent., but coffee has decreased during the entire decade. These figures are significant in the matter of As stars shine most in deepened the taste of the American people.

THE time of certain trains from Chicago to New York is eighteen hours. And how, what seemed reproof, was the boy lay the foundation for the to rack and ruin were their life not Leading business men of Chicago have petitioned that the time of those Safety Preferred to Speed, trains be raised to twenty hours. The "flyers" have been run in the interest of the business men who show that they prefer safety with a reasonable speed to high God's plans like lilies, pure and white, pressure speed and maximum danger. And this is the real needed reform in railroad service; but most of the State legislatures which have taken up the matter of railroad reform have struck at reduction on passengers fares | Time will reveal the calyxes of gold, and have said little about safer travel and better service. But the legisla- And if through patient toil we reach ture could not consistently ask for a reduction of income to the railroads and more expensive service all at the same time. Whatever reduction the Where tired feet, with sandals loosed vating the higher purposes, that sults. But strong boys, boys willing of bees. people need in rates is more in freights than in passenger fares.

EVERY year witnesses great improvement in agriculture. The best I think that we shall say that God preparation, and honest and hard than a root the cubblestones and asmethods of preparing and cultivating land are being adopted by all pro-Holding Down the Acreage. gressive farmers; and this insures larger yield per acre in all the crops produced. This means

that with an equal acreage in cotton in 1907 with 1906 and seasons as good. the South will produce more cotton. If this is true, it is important that farmers do not increase their cotton acreage. If the same acreage this year will produce a larger crop than last year, much more will an increasto the formerly occupied by Dr. Hassell ed acreage. And with a larger crop it is reasonable to suppose that the diety. I gazed upon the sarcophag- age, is no quitter. It is not the task luncheon, as I often did, I kept it ling of the eight with century the price of cotton will be lower, a thing which the Southern farmer does not wish to see. The surest way to guard against this is to reduce the acreage a little and make more food stuffs at home. Let all the farmers do

So we are un- calmly folded behind his back, gazing ence between success and failure. ter no special obligation to any railroad for which we should espouse its steadfastly out upon the sad and interest or be biased in opinions concerning what is right. We are free to solemn sea. say that we believe railroads are frequently imposed upon. Many times and orphans he had made; of all the Hollister's Rocky Mountain Tea. 35c. land Neck, Leggett Drug Co., Hobgood unjust suits have been brought against railroads and they made to pay tears that had been shed for his glory; Tea or Tablets damages which were unfair. Then sometimes in the shipping of heavy of the only woman who had ever stuffs, such as lumber, brick and perhaps peanuts, cars are loaded beyond loved him torn from his heart by the their capacity and sometimes are seriously damaged. Such treatment of railroads by individuals causes them to be on the alert and ready to defend themselves at every point, and it often puts the railroads into a mood door and the grapes growing purple which they would not entertain in the absence of such treatment. Rail- in the kisses of the autumn sun, with roads, like all other human concerns, make mistakes and do wrong some- my loving wife knitting by my side times; but we are of the opinion that taken all in all they are as ready to as the day died out of the sky, with do right to men universally as men are to do right to the railroads. And this is not written in any other spirit than of fairness to all alike.

THE lost motion that this world sustains in almost every phase of human thought and action, would well-nigh run another such world if it were tion of force and murder known as thoroughly utilized. There is as much lost Napoleon the Great. Losi Motion in the Improper motion in human speech, perhaps, as in any Use of Language.

habits of expression are so far below the proper standard that the discrepancy is painful. Take the high school students, boys or girls, who are carefully instructed in the proper use of words, and they, perchance, will tents on every bottle in plian English. take a pride in using correct language on through their college life; but too often it is laid aside when they get into the humdrum of work or business or the every day affairs of house keeping. A man will say to his neighbor, (both college men) "Why didn't you come out to the meeting Mary? Mary-Of, I'm going to be a last night?" "I didn't know nothing about it," he will reply. As a high school pupil or a college student his reply would have been, "I didn't know that's not a profession. It's a dis-ANYTHING about it." This is only one illustration of how mercilessly ease. Tit-Bits. language is murdered, even by well informed and highly intelligent fathers and mothers who should have regard to their examples of speech before their children, to say nothing of living up to the training of their own young years. One of the highest compliments paid the late Preistly and guaranteed to give satisfaction or Mangum who died near Wake Forest on the farm which he had made a model of neatness and profit, was the observation that all through life he land Neck, Leggett Drug Co., Hobgood. was polite in manner and correct in speech. This matter of correct speech should have the careful attention of all parents who would have their children cultured and refined.
