

Rings Round Eyes

J-19-

The ills peculiar to women, take different forms. Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express. Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs.

Wine of Cardui

Mrs. H. C. Austin, of Memphis, Tenn., writes: "For five (5) years I suffered with every symptom of female disease, but after using the well-known Cardui Home Treatment, I was entirely well."

A TWENTY YEAR SENTENCE.

"I have just completed a twenty year health sentence, imposed by Bucklen's Arnica Salve, which cured me of bleeding piles just twenty years ago," writes O. S. Woodruff, of Le Raysville, N. Y. Bucklen's Arnica Salve heals the worst sores, boils, burns, wounds and cuts in the shortest time. 25c at E. T. Whitehead Company's drug store.

Advice to a Theorist.—"What kind of views would you advise me to set forth in my next lecture tour?" inquired the habitual orator. "Well," answered the coldly practical theorist, "if I were you I'd get some stereopticon views."—Washington Star.

\$100.00 paid by Dr. Shoop for any recent case of Grippe or acute Cold that a 25-cent box of Preventives will not break. How is this for an offer? The Doctor's supreme confidence in these Little Candy Cold Cure Tablets—Preventives—is certainly complete. It's a \$100 against 25 cents—pretty big odds. And Preventives, remember, contain no quinine, no laxative, nothing harsh nor sickening. Pneumonia would never appear if early colds were always broken. Safe and sure for feverish children. 48 Preventives 25c.—A. C. PETERSOX.

Flo was fond of Ebenezer—"Eb," for short she called her beau.

Talk of "rides of love." Great Caesar!

You should see them—Eb and Flo.

Tickling or dry Coughs will quickly loosen when using Dr. Shoop's Cough Cure. And it is so thoroughly harmless that Dr. Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other. A. C. PETERSOX.

There isn't much hope for a deaf man who is unable to hear the noise of a paper dollar.

If you would like to fool some wise Coffee Critic, who "knows fine Coffee on taste and flavor," quietly make for him a batch of Dr. Shoop's "Health Coffee" and serve it piping hot. It deceived Mrs. Shoop, and will, I believe, deceive any one. And there is not a grain of real Coffee in it. Health Coffee is made from pure toasted grains, malt, nuts, etc. Made in a minute—no 20 to 30 minutes tedious boiling. 11-2 pounds 25c.—HOWARD GROCERY COMPANY.

No man is so prosperous that he can afford to dispense with the rest of mankind.

Remember that when the Stomach nerves fail or weaken, Dyspepsia or Indigestion must always follow. But strengthen these weak inside nerves with Dr. Shoop's Restorative, and then see how quickly health will again return. Weak Heart and Kidney nerves can always be strengthened with the Restorative, where Heart pains, palpitation, or Kidney weakness is found. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is wrong. Go to the cause of these ailments. Strengthen these weak inside nerves with Dr. Shoop's Restorative and get well. A simple, sing'e tes: will surely tell. A. C. PETERSOX.

Strong Drink.

(Editorial by Tom Watson in the Weekly Jeffersonian of February 12, 1909.)

It is a warrior whom no victory can satisfy, no ruin satiate. It passes at no Rubicon to consider, pitches no tents at night, goes into no quarters for winter. It conquers amid the burning plains of the South where the phalanx of Alexander halted in mutiny. It conquers amid the snow drifts of the North where the Grand Army of Napoleon found its winding sheet. Its monuments are in every burial ground. Its badges of triumph are the weeds which mourners wear. Its song of victory is the wail that was heard in Ramah—"Rachel crying for her children and weeping because they are not."

The sword is mighty, and its bloody traces reach across time, from Nineveh to Gravelotte, from Marathon to Gettysburg. Yet mightier is its brother, the wine cup. I say "brother," and history says "brother." Castor and Pollux never fought together in more fraternal harmony. David and Jonathan never joined in more generous rivalry. Hand in hand, they have come down the centuries, and upon every scene of carnage, like vulture and shadow, they have met and feasted.

Yes; a pair of giants, but the greater is the wine cup. The sword has a scabbard, and is sheathed; has a conscience, and becomes gluttered with havoc; has pity, and gives quarter to the vanquished. The wine cup has no scabbard and no conscience; its appetite is a cancer which grows as you feed it; to pity, it is dead; to suffering, it is blind.

The sword is the lieutenant of Death, but the wine cup is his captain; and if ever they come home to him from the wars bringing their trophies, boasting of their achievements, I can imagine that Death, their master will meet them with garlands and song, as the maidens of Judea met Saul and David. But as he numbers the victories of each, his bean will be "The sword is my Saul, who has slain his thousands; but the wine cup is my David, who has slain his tens of thousands."

Mr. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Cure. One dollar bottle and part of the second cured me entirely." Foley's Kidney Cure works wonders where others are total failures. E. T. Whitehead Co.

DEATH WAS ON HIS HEELS.

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a terrible cough that my friends declared consumption had me, and death was on my heels. I had one foot in the grave, but Electric Bitters put it back on the turf again, and I've been well ever since." Sold under guarantee at E. T. Whitehead Company's drug store. 50c.

THE GERM KISS.

Should Kissing be Forbidden by Law Is Seriously Discussed.

(Tribune.)

Should kissing be forbidden by law? No, this is not a New Year's joke. With all seriousness and with a feeling that, in relating the following scientific discoveries, he may save thousands from the attacks of death-dealing microbes, a correspondent of Tit-Bits (he must surely be a soured bachelor!) ventures not only to advocate an anti-kissing crusade, but also to suggest that health reformers should agitate for laws making osulatory practice a punishable offence. He says he is prepared to bear with the patience of a martyr the contemptuous, scornful attitude of all kissable young ladies and love sick swains, not to mention the angry indignation of the spinner who sits and sighs at forty for the man who will confess that her lips are as sweet as honey. This is what our kiss-hating friend writes: "Could those poor, misguided girls who assert that a kiss without a mustache is like an egg without salt see with microscope the swarms of horrid, ugly, wriggling microbes which a mustache contains they would insist on all men being clean shaven and that both faces should be treated with a strong antiseptic solution before and after allowing themselves to be kissed, even if they did not adore kissing altogether."

"A striking illustration of the dangers of kissing a man with a mustache is furnished by the results of the following experiment, carried out a short time ago by an eminent French physician. This doctor enlisted the services of two men, one clean shaven and the other with a mustache, and took them to his laboratory, where a young woman, who had been hired to be kissed, was waiting. With the aid of certain preparations the doctor made quite certain that no germs lingered on the lips of the lady, after which the clean shaven young man applied his lips to hers in the customary manner. The doctor then passed a sterilized brush over the young lady's lips, dipped it into a test tube containing a sterile solution a quickly called the top.

"The girl's lips and face having been sterilized for a second time, the man with the mustache was permitted to kiss her, the sterilized brush and test tube being again used as before. After four days the tubes were opened. The first, taken from the shaven man, was specked with dots, each of which was a colony of yeast germs, such as cause mould, but are practically harmless. The second, from the man with the mustache, literally swarmed with malignant microbes, long thin tubercle bacilli, diptheria and putrefactive germs, not to mention minute bits of food and a hair from a spider's leg.

Remarkable Story of a Boy Lost in the Galveston Flood.

(Galveston, Texas, Dispatch.)

Charles Reynolds, who was swept from his mother arms and carried to sea by the water in the Galveston storm the night of September 8, 1900, has been restored to his parents. The child, then four years old, was picked up on the mainland 45 miles from Galveston Island, where he had been deposited by the tidal wave. He was sent to an orphan asylum at Dallas and soon adopted by a farmer living in southwest Missouri.

A few months ago the lad ran away from his foster parents and fell in with a roving band of gypsy horse traders coming to Texas. A visitor to the camp learned that the 12-year-old lad had been told that his parents perished in the Galveston storm, and Mrs. Reynolds, now living at Shreveport determined to investigate. She believed her boy had perished, but she traveled on horseback 60 miles to overtake the gypsy band. At the first glance she was convinced and birthmarks made positive the identifications. The Reynolds are well-to-do people and the lad, who did not recognize his mother, will have a good home.

HOW TO CURE RHEUMATISM.

It is an Internal Disease And Requires An Internal Remedy.

The cause of Rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. RHEUMACIDE with Oils and Liniments WILL NOT CURE, although they temporarily relieve the pain, cannot delay the proper treatment, and allow the uric acid to get a firmer hold on you. Rheumatism may ease the pain, but they will no more cure Rheumatism than paint will change the fibers of rotten wood.

Rheumatism has, at last, discovered a perfect and complete cure, which is called "RHEUMACIDE." Tested in hundreds of cases, it has affected the most marvelous cures; we believe it will cure you. RHEUMACIDE "gets at the joints from the inside," sweeps the poisons out of the system, enters the stomach, regulates the liver and kidneys and makes you well all over. RHEUMACIDE "strikes the root of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c. and \$1 a bottle. In tablet form 25c. and 50c. Get a bottle today; delays are dangerous. For sale by E. T. Whitehead & Co.
