of Cod Liver Oil with Hypophosphites should always be kept in the house for the following reasons:

First-Because, if any member of the family has a hard cold, it will cure it.

Second-Because, if the children are delicate and sickly, it will make them strong and well. Third—Because, if the father or mother is losing flesh and becoming thin and emaciated, it will build them up and give them flesh and strength.

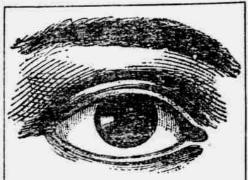

Fourth-Because it is the standard remedy in all throat and lung affections.

No household should be with out it.
