SCOTLAND NECK, N. C., THURSDAY, FEBRUARY 11, 1909.

NUMBER 6.

You Get Up

With a Lame Back?

Most everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or had effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

THE GENERAL ASSEMBLY.

A Summary of Legislative Proceedings During the Past Week.

SENATE.

Tuesday, February 2nd.—The Senate defeated the passage of a bill to allow an eight per cent. rate of interest. The bill had received an unfavorable report from the Judiciary Committee, but a minority report was also filed. There was only one speech made in support of the bill.

HOUSE.

The House was kept busy during its entire session, and a great many bills of general importance passed their final reading. The incorporation of several railroad, electric and water power companies was perfected.

Failure Not a Disgrace.

What an unfortunate thing that the idea should be dinned into the ear of youth everywhere, that it is a disgrace to fail—that is, to fail to make money, to accumulate property. It is not a disgrace to fail; but it is a disgrace not to do one's level best to succeed.

Responsibility.

First Little Girl (conversing at the school gate)—I can hemstitch and featherstitch, and my mother lets me make things for baby.

A Teaser.

"There is one subject on which it is difficult to keep up interest."

His Proof.

Judge—You have not yet established the prisoner's insanity.

The Secret of Long Life.

A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life and makes it worth living.

The Terrors of English.

Indigestion or dyspepsia is inability of the stomach—weak digestive juices—to digest what you eat. Kodal is a combination of all the natural digestive juices found in an ordinary healthy stomach, and it will digest your food in a natural way.

Like a Streak.

"Was his auto going so very fast?"

Revolts at Cold Steel.

"Your only hope," said three doctors to Mrs. M. E. Fisher, Detroit, Mich., suffering from severe renal trouble, "lies in an operation," then I used Dr. King's New Life Pills, she writes, "till wholly cured."

What is Transpiring in North Carolina and Other States.

The commission of expert cotton classifiers recently appointed by the secretary of agriculture to fix an official standard for the several grades of cotton has commenced its deliberations. Nine standards are to be established and it will probably take a week for the commission to complete its work.

What Crops to Plant.

The following editorial communication appeared in the Enfield Progress of January 22nd.

The Brave at Home.

The maid who binds her warrior's sash, With a smile that well her pain dissembles, The while beneath her drooping lash One starry teardrop hangs and trembles.

A Good Cat Spoiled.

A certain little girl living in a town in Tennessee, owns a puppy and a family of kittens, and one of the puppy's tricks is to bury a kitten in the sand pile back of the house and watch it squirm out.

Responsibility.

First Little Girl (conversing at the school gate)—I can hemstitch and featherstitch, and my mother lets me make things for baby.
