THE RURAL FIRE DEPARTMENT. LIVE AFTER DEATH

What Happened When Resident Sent Hurry Call to Lonelyville Fire Chief.

Billups smelled smoke, and investigation divulged the dread fact that his house was on fire.

Now, inasmuch as Billups lives off in the country, two miles away from the hose company, he became very much agitated, and ran at once to the telehone. After ringing three or four times he connected with old Si Hopkins, the fire chief of Lonelyville. "That you, Silas?" he cried agitated-

## Tone and Tune.

When your vitality is low you need "toning up." Why not "tuning up?" Same thing. We are all planes, just a mass of sounding boards, keys and strings. We get out of tune and tone: we ran down, just like an eight-day clock, and require rewinding. Look at your wife to-morrow morning and see if she is out of tune. If she is cross you will say she got out of bed with the wrong foot foremost. Not a bit of sense in that. She simply got up from her night's rest out of tune, or tone. Tune her up! Tone her up! In her finest health she may be a G sharp; when not so well she may be at D. Have your family kit of tuning irons; give her a test; then bring her up to nitch.-New York Press.
