## Some Local Items.

It has been wet this week. County commissioners will meet at Halifax Monday.

We enter the first fall month today.

Send us your next order for job printing. We will give you good material and at a reasonable price.

As we went to press last week E. E. Powell was being tried in Halifax court for selling whiskey in Scotland Neck. Judge Furgerson gave Powell 30 days in jail upon payment of all the cost.

Prof. J. B. Aiken conducted services at the Methodist church Sunday morning. There was no service at night the congregation attended the last service by Mr. McFarland at the Baptist church.

Our printer made us say last week that Mr. R. J. Madry would make over 6 bales of cotton to the acre, when in fact we intended saving more than a bale to the acre. The joke has been on the editor.

That advertising pays goes without saying. The Josey Hardware Company tells us that they have sold quite a number of gasoline Engines that were advertised in these columns the past two weeks.

It was very rainy and wet Sunday night, yet an appreciative audience greeted Rev. R. A. McFarland at the Baptist church to hear his last sermon. Two persons were received into the church by baptism.

Mr. Claibourne Smith has resigned his position with the E. T. Whitehead Co. and will attend the Warren high school this fall. Mr. Edward Woolard is filling the position made vacant by the resignation of Mr. Smith.

After finishing the criminal docket last week court adjourned until Monday when the civil docket was taken up. The grand jury found a true bill in the Minshew case, but it will not come up for trial before the November term of court.

Mr. L. Waxman, of Baltimore, Md., under the firm name of The Baltimore Underselling Store is now opening up in the E. W. Staton store on Main street, a nice stock of ladies and Men's ready-to-wear goods, such as clothing, shoes hats ladies suits, waists and jackets. Read Mr. Waxman's large advertisement in another column and then visit his store.

## Boarding Department of the Scotland Neck Graded School.

There seems to be a general demand for a regularly established boarding department at the Scotland Neck graded school that will give the boys and girls of the county an opportunity to make use of the advantages offered at this school. The superintendent is not in a position to take boarders; but realizing that parents who send their children away from home to school want them to be under the authority of some responsible person, he has decided to take the boys into his home and has arranged for table board for them at a convenient place. There is room for 16 boys in the superintendents home and boys placed in his care will be looked after by him personally as to their habits, hours of study, hours for meals, etc.

Arrangements can be made to secure board and lodging for girls in private families. The superintendent will be glad to co-operate with the patrons of the school who live outside of the district in making the best arrangement possible for their sons and daughters. Any one having boys or girls to send off to school should investigate the advantages offered by the Scotland Neck graded school before deciding where to send them.

The superintendent will be in his office every day and will be glad to see or correspond with any one who is interested.

J. B. AIKEN, Supt.

Rev. R. A. McFarland and family left Tuesday for Suffolk, Va., where Mr. McFarland enters upon his work as pastor of the first Baptist church of that city. The going away of these people is cause for general regret. Mr. McFarland was not only very popular with his own congregation, but was loved by all who came in contact with him.

## A DELIGHTFUL DANCE.

The Iroquois German Club gave its August german Tuesday night in Madry's opera house. Excellent music was furnished by Forbes' Orchestra, of Washington, N. C.

Mr. H. T. Clark, in his usual graceful style, led many new and intricate figures. These, with such a large crowd, showed Mr. Clark's ability as a leader.

## A New Enterprise.

We are pleased to record a new firm and new business for Scotland Neck. The style of the firm is the G. C. Weeks Auto Co., and they will handle the Overland Automobiles. This is a well known automobile. It is a light running machine, simple in construction and easy to adjust. A sample of these machines will be on exhibition at the store of the Josey Hardware Co., in the next few days.

## Harmony for Dress.

A beautiful woman also studies the harmony of painting a well kept home; takes care to have the house painted with paint that will continue to look bright, clean and fresh looking. The L. & M. never becomes dingy, because only chemically pure colors are used; only the finest White lead; only the purest Linseed Oil; only expert paint-makers produce it with machinery—a thousand gallons at a time. Contrast this with the costly and crude production of White Lead Paint made by hand labor with a stick in a pot—a few gallons at a time. L. & M. is sold by Hardy Hardware Co.

## Not a Drop of Alcohol

What is a "tonic"? A medicine that increases the strength or tone of the whole system. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Name the best "tonic and alterative"? Ayer's Sarsaparilla, the only Sarsaparilla entirely free from alcohol. Ask your own doctor all about it. Never take a medicine doctors cannot endorse. J.C. Ayer Co., Lowell, Mass.

Without daily action of the bowels poisonous products must be absorbed. Then you have impure blood, biliousness, headache. Ask your doctor about Ayer's Pills for constipation.
