The Contest is still very young. It has only been on a short time, and the interest is already very great, as the prizes are so attractive that the public has been thoroughly aroused. Many people are interested in The Commonwealth and many words of praise are heard of its progressive spirit in making up such a fine prize list.

ARE YOU THINKING OF ENTERING?
Are you thinking of entering? If so there is no time like the present.

During the days of the extra vote offer is the ideal time to enter the Contest for the ratio of votes is so high that a few subscriptions will place you on a level with the leaders. They can be gained with little effort during "Opportunity Time."

IT'S UP TO YOU.
While no candidate can hope to win a prize who does not make active effort to do so, yet at the last it is in the hands of the subscribers whether they shall be successful or not. Do not disappoint the contestants who approach you asking your aid to help them accomplish their ambition. They will appreciate your kindness. Not a day passes but some grateful contestant brings us words of appreciation for some one who has given her generous assistance. If you saw them when they tell us of how they would be glad to think you could earn the same recognition from them.

Scotland Neck may have had other contests, but never before has there been anything to compare with The

Nature makes the cures after all.

Now and then she gets into a tight place and needs helping out.

Things get started in the wrong direction.

Something is needed to check disease and start the system in the right direction toward health.

Scott's Emulsion of Cod Liver Oil with hypophosphites can do just this.

It strengthens the nerves, feeds famished tissues, and makes rich blood.

FOR SALE BY ALL DRUGGISTS
No one can work to the best advantage while they are uncertain as to the best methods, or the value of

their work. If any question occurs to you that makes you hesitate for a moment as to what is best to do next be sure to state your difficulty the next time you call at the Contest department, or if you cannot come write or phone and we will be glad to explain any point of doubt or difficulty to you.

The opportunities of this contest are too great for us to be willing that there should be anyone who does not fully appreciate them, and we want every one of our contestants to feel the conviction that their success in the undertaking depends on themselves, and on a proper conduct of their campaign subscriptions.

Of course you must supply the quality that makes a good candidate, you must be persevering, persistent and plucky; the mere fact of your wishing to enter is pretty good proof that you have these qualities combined with ambition. What we supply is all the help and advice possible.

Every candidate is welcome to all we can do for her. Just let us know what you want and if it is not prejudicial to the interest of others we shall take pleasure in obliging you.

ANSWER TO QUESTIONS.
The Contest Department has been fairly deluged the last few days with letters, requesting information about the Contest. While we have done everything possible to reply to all these inquiries, we find it necessary to print the answers in this issue to the questions asked most often.

If you belong to a church let your friends know you are running. Anyone, anywhere can vote for any candidate. If you have a friend you wish to vote for who has not been nominated, send in your votes and fill out the nomination blank printed in The Commonwealth. This

nomination blank counts 1000 votes to start with. No extra papers will be printed for the sale of coupons contained therein. If you have any complaints to make, kindly send same to the Contest Manager. We want everybody satisfied. Do not be misled or discouraged in securing votes by fakirs or fraudulent promises. Above all, pay no attention to rumors. They are usually circulated by your competitors, or their friends, for the purpose of discouraging you. Once entered do not drop out. What if some one should be a few votes ahead today? You put some on the track and pass her tomorrow. Ballots must be sent direct to The Commonwealth office. In case of a tie between two or more candidates prizes of equal value will be given. Combinations between any contestants are prohibited. Candidates must reside in one of the prescribed localities. Yes, three prizes will go to each district. Several prominent business men not connected with any candidate, will count the votes. Foreigner—I don't exactly understand your system of government. For example, what are the powers of Congress? Native—Well, as a rule, there are two—the Speaker of the House and the chairman of the Committee on Ways and Means.—Chicago Tribune.

Operation Thought Inevitable.
Ferris, Tex.—In a letter from this place, Mary Kilman, says: "I was confined to my bed for three months, with womanly troubles, and during this time suffered untold agony. The doctor said an operation was inevitable. I tried Cardui. Now I am well, and able to do a great part of my work." Thousands of ladies have testified to the benefit obtained from Cardui, the woman's tonic. It prevents unnecessary womanly pains and builds up womanly strength. It is a true tonic. It will help you.

Valley Heights, Va.—Miss Joseph B. Kieley, in a letter from this place says: "I was sick in bed for nine months, with womanly troubles. I couldn't eat or sleep, and I was so weak and helpless, and I thought I couldn't make my head off the pillow. I commenced to take Cardui, and I now feel as though I was a new woman. I can work all day." As a tonic for weak women nothing has been found for fifty years, that would take the place of Cardui. Try a bottle today. It will amaze you. Good.

Ends Cardui's Troubles.
To many women in a season of trouble, the best advice is to take Cardui. It is a true tonic. It will help you. Try a bottle today. It will amaze you. Good.

As Well as Men are Made Miserable by Stomach and Bladder Trouble.

It is the only remedy that will prevent that it is not uncommon for a child to be born afflicted with weak kidneys. If the kidneys are not kept in good order, the urine scalds the child and the child reaches an age when it will be able to control the bladder, the cause of the difficulty is the kidneys, and the first step towards the treatment of the trouble is to get the kidneys in good order. This unpleasant condition is due to a diseased condition of the kidneys and bladder and not to a general weakness of the system.
