No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength. Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY. You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

A Camp of Gypsies in Trouble.

Several hundred Gypsies are encamped six miles east of Wadestown and during last night a riot was precipitated in the camp when one who calls himself Chief Mitchell forcibly entered the tent of another man and assaulted a woman. In the fight that followed a number of men and women were badly injured.

Mitchell was given a preliminary hearing on the charge of criminal assault and held in Superior court without bail. Three others were bound over charged with assault with intent. From the hearing it seems that there are two bands and each claims the leadership and the trouble culminated last night when the chief made the assault on the woman.—Wadestown Dispatch, 27th to Charlotte Observer.
