The play is said to be one of the best of its kind and the mountings superb, with a large and excellent cast. A superb band and orchestra accompanies the "King of Tramps."

Business Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

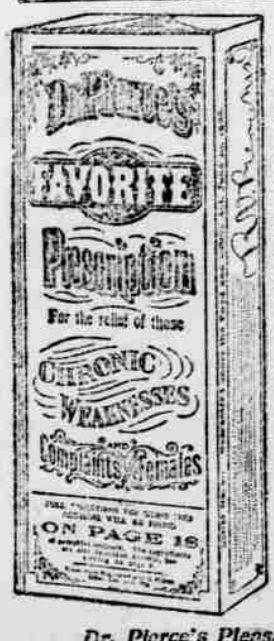

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

The Farmers' Institute.

There was a farmers' institute held in Scotland Neck Tuesday. The institute was in charge of Mr. T. B. Parker, who made a few introductory remarks and introduced the other speakers as follows: Messrs. C. W. Garrison, T. Frank Parker, W. N. Hutt. These men spoke on soil improvement, commercial fertilizers, corn growing and pean growing in North Carolina. Each one handled his subject in a very instructive manner.

Mrs. W. N. Hutt was in charge of the women's institute, and the attendance of ladies was good. All were well pleased with the subjects discussed by Mrs. Hutt.

Time and space prevents our giving a more extended account of the institute.

Glennview Notes.

Glennview, N. C., Jan. 7.—Christmas holidays are over and the new year has come. It finds all our people up with the season.

We had beautiful Christmas holidays and our people enjoyed them and were as merry as we have been in many years. There was very little sign of intoxicating liquors in this community. We can all say with one accord, "What wonderful things has prohibition wrought!" Our people are entering into the new year as happily as any one can. While we are thankful to Almighty God for the blessings of the past, we are looking ahead to future days to come.

The year 1911 finds but very little of the last year's crop in the field.

Mr. and Mrs. T. T. Hale spent Christmas with friends and relatives in Rocky Mount and Wilson.

Mr. Charlie West and sister, Miss Jeanette, of Nashville, spent several days here Christmas with relatives.

Mr. and Mrs. W. A. Knight, of Greenville, spent a few of the holidays with Mr. and Mrs. Samuel Taylor near here.

The public school will re-open Monday, January 9th.

Change of Heart.

Sevierville, Tenn.—"I never did believe in patent medicines," writes Mrs. Martha Hown, of this place, "until I took Cardui, and it cured me. For six months I could not do anything. Now I do all my household work, and it don't tire me. Doctors failed, but Cardui saved my life." The benefit from taking Cardui is not confined to one part of the body. Cardui improves the whole womanly system. It helps headache, backache, falling feelings and female weakness. Try it. It will help you. Price \$1.

Now is the time when the legislature receives an abundance of free advice and we want to offer ours right here, and that is that they give the State a law against children under a certain age working in mills and then pass a compulsory school law requiring these same children to attend school. Our legislators ought to take some decided stand for the education of children of our great and grand old State.
