HOW TO CURE RHEUMATISM It Is An Internal Disease And Re-

quires An Internal Remedy. The cause of rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this neld must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. RUBBING with Oils and Liniments WILL NOT CURE, affords only temporary relief at best, causes you to delay the proper treatment, and allows the malady to get & firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatism than paint will change the

fber of rotten wood. Science has at last discovered a perfect and complete cure, which is called Rheumacide. Tested in hundreds of cases, t has effected the most marvelous cures; we believe it will cure you. Rheumacide gets at the joints from the inside, sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys and makes you well all over. ?heumacide strikes the root of the disease and removes its cause. This splendid remedy is sold by druggists and dealers generally at 50c. and \$1 a bottle. In Tablet form at 25c. and 50c. a package. Write to Bobbitt Chemical Co., Baltimore, Md. Booklet free. Tablets sent

FOR SALE BY E. T. WHITEHEAD COMPANY Scotland Neck, N. C.
