Killing Near Palmyra.

Henry Hyman shot and killed Lafayette Williams, both colored, near Palmyra, in Martin county, late Saturday evening. We could not learn full particulars, but from what we heard the two men had been drinking and while walking across a field Hyman took out his pistol and as Williams attempted to pick up a cartridge that had fallen from the pistol Hyman shot him. The ball entered the top of his head and came out under his chin. He lived until Sunday evening.

Chief of police G. H. Johnson was notified, and in company with several other gentlemen went to the scene and arrested Hyman, bringing him to town where he was held until Sunday, when Sheriff Crawford, of Martin county came up and took charge of the prisoner carrying him to jail.

"My books are in very bad shape," said the high financier.
"Shall I send for an expert accountant?" inquired the confidential man.
"No. Send for an alienist."—Washington Star.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to the terror it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a yellow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret medicine but a medicine or known ingredients and with a record of 25 years of cure. Accept no substitute—there is nothing "just as good." Ask your neighbors.

NEWS FROM HALIFAX.

Items of Interest Reported From the County Capitol.

Halifax, N. C., Feb. 7.—At this writing, Tuesday morning, the Jenkins will case has right of way in court. There are many witnesses yet to testify, which will probably consume the day. So, in all probability the jury will not have the case until late Wednesday. The case has excited right much comment, and war is being waged with much zeal by the attorneys on both sides. While the jurors are exercising as much patience as could be expected under the circumstances.

Rev. A. G. Willcox, who for a number of years has been coming here regularly once each month, and has perhaps missed fewer appointments in the meantime than any pastor in Halifax county in consideration of his age, filled the pulpit of the Baptist church Sunday to the delight of many friends. Mr. Willcox has many friends here, as well as elsewhere, and it is a pleasure always to come in contact with this man of God, who has a good word for everybody, a cordial handshake, and a "Gob bless you, my brother!" His messages at both the morning and evening hour were calculated to inspire courage in the Christ followers.

Mr. W. B. Drewry has added recently a ten-foot annex to his brick store occupied by S. A. Richards, and now has a very desirable building.

Gregory & Stedman have decided to put in a modern cotton gin in the new future and otherwise fix up the old Enfyre gin property. Lumber is already being placed for the new house.

In all probability Halifax will have the free ferry in operation in a short time, as there has been a movement on foot for some weeks to that end, which just recently has assumed definite shape.

Many favorable comments have been made here and there during this term of court with reference to our new court house, of which the county should be proud.

Miss Alice Fleming has been spending several days with relatives at Tarboro.

Miss Mary Lou King returned to her home in Rocky Mount Sunday, after spending some days with Mrs. Coppedge.

Work Brought Exhaustion.

Adel, Ga.—"For three years," writes Mrs. C. J. Rentz, "I suffered with female troubles. When I would lie down I could hardly breathe. I could not do any work without being exhausted. I took Cardui according to directions, and now I can do all my work, and do not suffer at all." Cardui has brought health and happiness to thousands of weak women. It acts on the cause of women's backaches, headaches, nervousness, dragging sensations, weakness and misery. It relieves. It cures. Try it.
