Woman's Power Over Man

Woman's most glorious endowment is the power to swindle and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and demoralization of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her credibility and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a powerful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

YOUNG MAN SUICIDES.

Takes His Life on Account of a Disappointment in a Love Affair.

Mr. E. L. Barnhill committed suicide Sunday night by taking an overdose of laudanum. Mr. Barnhill came to town early in the night and tried to buy some laudanum from the drug store, claiming that he had a very sick horse. He was informed by Mr. E. T. Whitehead, the druggist, that he could only sell it on a doctor's prescription. The young man then went in search of a doctor. Finding Dr. O. F. Smith he made the same plea about a sick horse. He was finally given the prescription, and as soon as he was in possession of the deadly drug he hurried to his room on the Hall farm, about six miles from town on Roanoke river. Getting home he took the drug and fell across the bed, where he was found early Monday morning in an unconscious condition. Medical aid was immediately summoned, but it was too late and the young man died about 10 o'clock.

Mr. Barnhill left a note addressed to his employer, Mr. F. P. Shields, in which he said that the rash act was committed because of a disappointment in a love affair.

The deceased was about 20 years of age and was said to be a very promising young man. He had been superintending the Hall farm for Mr. Shields this year and was well thought of by all on the farm.

The remains were prepared for burial and carried to the home of his parents near Dawson's for interment Tuesday morning.

We deeply sympathize with the bereaved family in their great grief and affliction. May God comfort their hearts.

The First Cotton Blossoms.

Mr. S. F. Dunn brought us a red cotton bloom on Tuesday, 27th. This bloom was found on his Ravin Neck farm, near Tillery. Mr. Dunn says that he has 400 acres in cotton that bids fair at this time to yield 400 bales of cotton. It is said to be very pretty cotton. Mr. W. H. Josey also brought us a red bloom and a boll as large as the end of the little finger. Mr. J. E. Hancock brought us a white bloom Wednesday morning.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by druggists, 75c.

Will Build Parsonage.

The board of deacons of the Scotland Neck Baptist church made a report to the church conference Sunday morning, recommending that the lot on the north side of the home of Mrs. M. A. Shields, on church street be selected as the site for the new parsonage. The report was adopted and we understand active steps will be taken at once for the erection of the building.

The deacons constitute the building committee, and they will have entire charge of all the work. This committee made a trip to Rocky Mount in automobiles yesterday to inspect the parsonage at that place.

We understand the church proposes to spend between six and seven thousand dollars for the purchase of the lot and for the building.

The lot is a very desirable one and the church is to be congratulated on the wise selection.
