LOCAL NEWS.

Items Gathered From the Town and Country.

The town of Enfield will soon have electric lights.

The cotton fields are still white with the fleecy staple and the laborers are scarce.

We would like to have that little amount you are due us on subscription. Send or hand it to us in passing.

The graded school building is about completed now and we understand school will commence Monday.

The Kehukee Union will meet at Kehukee Church just out of town Friday and continue through Sunday.

The next session of the Roanoke Baptist Association will meet with the Baptist church at Weldon next year.

We hear it talked that the county commissioners will call off the good roads election that has been advertised for the 14th of November. Why?

One hundred dollars in gold and merchandise to be given away. See what Burroughs-Pittman-Wheeler Company say about it in another column.

We hear a lot of complaint from people unable to rent houses for another year. It is a wonder somebody would not build some comfortable houses for rent.

Under the auspices of the Lyceum committee the Caveny's appeared at the graded school auditorium Monday night. The entertainment was good and pleased the audience present.

Mrs. Albertson Entertains.

Mrs. Chas. W. Albertson delightfully entertained the "Lucky Thirteen" Club at her hospitable country home Tuesday afternoon. There were three tables of interested bridge players, and after several spirited games of bridge, Mrs. R. J. Coleman made the highest score 354. A delicious lunch was served by Misses Bertha Albertson and Mary Lamb.

Those present were Mesdames. A. L. Purrington, R. J. Coleman, Jarl Bowers, Dickenson, G. Hoffman, C. H. Herring, Misses Lizzie and Eleanor Smith, Maud Leggett, Mary H. Smith.

The Best Play Yet.

The entertainment at Madry's opera house Tuesday night was "Beverly of Graustark." The entire company was good and the play was entertaining and pleasing from the time the curtain went up until it went down on the last act.

Miss Dorothy Redding, as "Beverly of Calhoun," Miss Eva Benton, as "Ann Fanny," and Robert Lawrence, as "Prince Danton," were frequently applauded and deserve special mention for the roles they played. "Beverly" is truly a strong play and one that can not fail to please an audience every time.

The crowd was a record breaker and every body went away well pleased with the performance. One man was heard to say that he would not have missed it for five dollars.

Mr. R. J. Madry deserves special thanks for booking "Beverly."

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgment.

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrapper. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They must know of many cases made by it during past 40 years, right in your own neighborhood.

GRADED SCHOOL OPENS MONDAY.

Patrons Are Urged to Send Children Promptly The First Day.

As announced in The Commonwealth last week, school will begin next Monday, the 30th. Rather than wait for the heating plant to be completed, which would delay us about two weeks longer, we have decided to use oil heaters in the class rooms for a week or two and we have arranged to use these heaters. It is thought that these heaters will keep the rooms comfortable with the weather no colder than we usually have in November and if any unusually cold spell should come upon us during this time we will adjourn school until it is over or until the heating plant is completed. The heating plant will be completed about November 15th. We make the announcement about using the oil heaters so that any parents who are not satisfied that the above plan will be safe will know it before sending their children.

Let all patrons and pupils rally to the support of the school and as far as possible let us have regular attendance and strict attention to school duties. School has been necessarily delayed longer than any of us expected and we will have to make up the lost time as best we can. As was announced some time ago, the hours will be a little longer than here-to-fore and in order to make up some of the additional lost time we have decided to teach until 12:30 on Saturday for a while.

We trust that all who are interested in these changes or affected by them will recognize the importance of making up the time and of making this a successful school year. Failure to make up any of the lost time would make it necessary to lower the standard of the school for several years.

Let us all make the best of the inconveniences that have been occasioned by the delay in getting into our new building.

J. B. AIKEN, Supt.

We want you to try Rexall Orderlies on our guarantee. They are eaten like candy, and are particularly good for children. They seem to act directly on the nerves and muscles of the bowels. They apparently have a neutral action on the other organs. They do not purge or cause other inconvenience. We will refund your money if they do not overcome chronic or habitual constipation and thus aid to relieve the myriads of associate or dependent chronic ailments. Try Rexall Orderlies at our risk. Three sizes, 10c., 25c. and 50c. Sold only at our store—The Rexall Store. E. T. Whitehead Company.

On The Same Level.

One hundred thousand dollars paid for a dinner service in New York.

The user of L. & M. Paint is on the same level as the purchaser—he can't get better paint, because none better can be made; and its cost is the least because 4 gallons of L. & M. and three gallons of Oil added thereto by the user at a cost of about \$1.60 per gallon, will paint a cottage.

Delightful Social Affair.

No more delightful social affair was ever attended than the reception given by Mr. and Mrs. G. S. White, Friday evening, the occasion being their 15th anniversary of their wedding.

It was not a formal affair, but a real "at home" to their many friends. Mr. and Mrs. White met their friends at the door giving them a cordial welcome. Mrs. White wore an elegant gown of white marquisette over white messaline. Punch was served in the hall by Miss Louise Josey and Mr. Henry Clark.

In the parlor the guest were greeted by Mrs. Herbert Johnson, a bride of a week, and together with Mr. Johnson they received the congratulations of their many friends. From the parlor the guest were invited into the dining room to view the handsome display of presents which Mr. and Mrs. White had received from friends at home and elsewhere as tokens of love and friendship. Presiding in the dining room were Mesdames W. H. Josey, and Chas. Speed and Miss Lizzie Leggett, an elegant salad course was served.

Many friends called during the evening and many were the good wishes the bride and groom of fifteen years received, all wishing for them that they might live to celebrate all of their anniversaries.
