Often The Kidneys Are Weakened by Over-Work.

Weakly Kidneys Make Impure Blood.

Unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when you are weak or out of order, find out how quickly your kidneys are affected and how every organ in your body is affected.

"I feel badly," begin with a course of kidney remedy, Dr. Williams' Pink Pills for Pale People. A trial will convince you of its great merit.

The immediate effect of this kidney remedy, the great kidney and blood purifier, is soon realized. It is the best because its remarkable purifying properties have been proved by thousands of the most distressed cases. If you need a medicine you can't get any better.

Send for a bottle of this kidney remedy. You may have a bottle of this kidney remedy. You may have a bottle of this kidney remedy. You may have a bottle of this kidney remedy.

SCOTLAND NECK GRADED SCHOOL BUILDING
SCOTLAND NECK, N. C.
JOHN C. STOUT, ARCHITECT, ROCKY MOUNT, N. C.

THE GRADED SCHOOL OPENED MONDAY IN THE HANDSOME NEW BUILDING

We present in the above view a very good picture of our handsome graded school building that has at last been completed (with the exception of the heating plant) and school opened Monday morning. We are not boasting when we say the building is one of the best arranged and prettiest in the State and will do credit to a town much larger than Scotland Neck. The building complete and furnished cost around \$24,000.

The plan for the building was drawn by Mr. John C. Stout, of Rocky Mount, who surely knew what he was doing. The class rooms are well arranged, with plenty of light, ventilation and convenient cloak rooms. There are wide halls leading from the four entrances, with good staircases to the second story class rooms and the auditorium. The building is furnished throughout with new desk and furniture. The heating plant is fitted up in the basement and this will be one of the

best when completed, which will be about two to three weeks. The school auditorium is truly one of the best in the State. It is seated with opera chairs on an elevated floor and this gives a good view of the stage from any position in the hall. The seating capacity is between 500 and 600.

Mr. J. J. Stroud, of Williamston, had the contract for the erection of the building and he has done his work well. It speaks for itself and shows that the building committee made no mistake when they awarded him the contract.

Owing to the delay in opening school there were no formal opening or dedication of the building Monday morning, but Superintendent Aiken tells us that plans are already on foot to hold proper exercises about the last of November at which time it is hoped to have State Superintendent J. Y. Joyner, as well as other speakers present and a very interesting program will be prepared and rendered on that occasion.

We give below a full and complete list of the teachers and the grades they will teach:

Prof. J. B. Aiken, Superintendent.
First Grade—Miss Mary Herbert Smith; Assistant, Miss Alberta Aiken.
Second Grade—Miss Eleanor Smith.
Third Grade—Miss Cornelia Josy.
Fourth Grade—Miss Anna Kitchin.
Fifth Grade—Miss Bessie Hancock.
Sixth and Seventh Grades—Miss Annie Dunn.
Eighth Grade—Miss Margaret Lewis.
Ninth and Tenth Grades—Miss Sallie Hyman.

The high school grades will be by courses. Miss Hyman teaches English grammar, English literature and history; Miss Lewis teaches Mathematics and Science; Prof. Aiken teaches the Latin.

The music is taught by Mrs. W. R. Bond and Miss Alberta Aiken. There were 244 pupils enrolled the first day.

Mule Kicks Negro on Head, Breaks Own Leg.

All stories about the hardness of negroes' skulls were put into the background by two happenings yesterday.

Following an altercation over a woman at a party given in the house of Henry Lewis, 36 years old, of 2402 North Alder street, Lewis, a negro, was shot four times in the head at a range of less than five feet. After penetrating the flesh, the bullets flattened out and dropped to the floor.

Lewis was taken to the Samaritan Hospital, but was soon permitted to go to his home. The man who shot him escaped.

While harnessing a mule in the stable at 418 East Rittenhouse street, William Piffen, a negro, 33 years old, of the same address, was kicked in the head and knocked down. Getting to his feet, Piffen discovered the mule lying on the ground. Examination showed that the animal's leg was broken.

Piffen was taken to the German-town Hospital, where six stitches were taken in his head. The mule was shot.—From North American.

It's Not a New Theory.

That prohibition is not a new theory but is as old as the use of liquor is verified by history. It is said that eleven hundred years before Christ a Chinese emperor decreed that all grape-vines be pulled up by the roots and burnt to ashes, and that China has been a sober nation ever since. It is also a fact that Lyeurgus did the same thing in Greece, that Draco in his laws made drunkenness a capital offence, and that the Carthaginians prohibited drinking in their army three hundred years before the Christian era. The testimony of history is that prohibition has made people more virtuous and nations more illustrious.—From Biblical Recorder.

The Anonymous Letter.

The man who writes to another an abusive letter and fails to sign his name to it is a contemptible coward. It has also in the elements of assassination. Language is too weak to fitly characterize the prowling hyenas who strike in the dark. There can be no circumstances justifying the anonymous letter. If one is afraid to own what he writes he should not write. It is amazing to us that men (and sometimes women) will resort to this lowly practice to gratify their spleen without exposing their bones. No person who has been well bred will write an anonymous letter. We make this statement without reservation. It is impossible for a gentleman to think of such a thing and of course no lady will do what a gentleman would shrink from with horror. If ever under any circumstances you have been tempted to give a "piece of your mind" to anybody without signing your name to it, let us implore you, good friend, to resist the devil, for it is a temptation that comes straight from the pit. A sober second thought will convince you of the infamy of such a proceeding, and if you have a spark of manhood, it will mantle your cheeks with shame that such a thought ever entered your mind. Take this advice from one who would rejoice to see every young person who reads this paper make a worthy and honorable record; never write a letter you are ashamed to sign.—Charity and Children.

Grand Prize Automobile Races, Savannah, Georgia.

A series of events which is attracting wide interest is the Grand Prize Automobile Races scheduled on the new automobile course, at Savannah, from November 27th to 30th.

The course has been shortened to 17 miles, and has been improved by the elimination of numerous curves, the widening and oiling of the track to insure freedom from dust, and in many other ways, so that the course has been pronounced one of the finest in the world, not only by expert road builders, but by the world's most famous drivers, nearly all of whom will enter for the various prizes. Grand Stand "A" has 98 private boxes and seats 11,000 people and Grand Stand "B" seats 16,750 people.

The programs for the races are filled with National and International events as the following schedules for the first and last days will indicate.

Many special and handsome gold and silver plaques and other prizes will be awarded.

On the afternoon of November 29th, at the grounds of the Savannah Athletic Association, the football teams from the University of Georgia and the Alabama Polytechnic Institute, Auburn, will again battle for the supremacy of the South. This game is an annual event, and one that has always proven interesting and exciting to those interested in athletic sports.

Norval Marshall Electrocuted.

Raleigh, Oct. 27.—Norval Marshall, a negro, today paid the death penalty for committing a criminal assault on Mrs. Joseph Choplin, in Warren county September 16. Before his capture Marshall wounded the sheriff and a posseman and his arrest was effected by means of strategy. He was convicted Wednesday, September 20, and sentenced to death October 20, but the execution was postponed a week.

Marshall entered the death room at 10:20 o'clock leaning on the arm of two guards. The appliances were quickly adjusted, the current was shot through him and his limp and lifeless body was removed ten minutes afterward. A number of newspaper men, officers and visitors saw the execution—for electrocutions in North Carolina have not yet become common.
