A farmer came into our office the other day who is raising nothing but hay and hogs this year. He has 100 acres in hay from which he will get from 200 to 250 tons an average of from 2 to 2½ tons to the acre, and he is already selling part of the crop at \$30 a ton. In other words, he is getting as much off his land as he would get for cotton, and his labor expense, he declares, is only one-fourth as much. Two college boys who are with him are all the help he has—except, of course, improved implements and machinery. "I will put either one of the college boys against any two negroes in the country in getting work done," he declares. —The Progressive Farmer.

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is prone to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them. Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases. It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

LOCAL NEWS.

Items Gathered From the Town and Country.

The price of cotton stays around 8½ to 9 cents.

English Opera Singers at the school auditorium the 28th.

Daniel Boone is coming to Madry's opera house Wednesday night, 22nd.

Let us do that job printing for you right away. Prices the lowest.

How about that Thanksgiving turkey? Nobody has promised us one yet.

You will miss a rare treat if you fail to hear the English Opera Singers, the 28th.

Don't forget "The Thief" at Madry's opera house to-night (Wednesday.)

The rain for the past ten days has been damaging to the cotton that is in the field and has hindered peanut threshing.

It is mud or dust, one or the other, all the time on our streets. The past few days it has been MUD, and how awful.

Be sure to hear the English Opera Singers at the school auditorium the 28th. This dramatic company is said to be the best in the lyceum course.

The Atlantic Coast Line good roads train will leave Richmond, Va., about the 24th of this month. Look out for the date that this train will visit Scotland Neck later.

Mr. W. B. Bulluck, of Battleboro, gives out the statement that he has gathered from 11 acres, ginned and packed, 22 bales of cotton, averaging 437 pounds per bale, and has a good picking yet on the land. This is pretty good farming.

We invite the attention especially of our saw mill men to what L. B. Walker & Company, wholesale lumber dealers, of Norfolk, Va., have to say in their advertisement, appearing for the first time in this issue of The Commonwealth. Look it up right now.

Mr. R. J. Mauney has completed the job of putting down the pavement on the sidewalk leading from the drug store of E. T. Whitehead Company to the Josey Hardware Company's. The improvement is noticed and complimented by everybody who walks this side of the street.

Mr. Justus Everett, of Palmyra, advertised fifty bushels of wheat for sale in these columns last week and sold out his supply in less than twenty-four hours after the paper was published. Advertising surely pays when you use the right medium (The Commonwealth) to let the people know what you have for sale.

There is a movement being put forth by the local Merchants Association to secure better accommodations at the Atlantic Coast Line depot. The agent's office and waiting rooms are entirely too small. The town has simply outgrown the depot. We are anxious to see these improvements and believe if the matter is properly presented to the railroad officials they will give them to the town.

Mr. R. J. Madry, owner and manager of the Madry opera house, requests us to say that beginning with tonight, (Wednesday) the curtain will rise promptly at 8:30 o'clock at all plays given at his house. This notice is final and will be strictly observed. Let everybody be on time and take in the play from the rise of the curtain.

Nothing has created the excitement in a long time as will the arrival of "Daniel Boone on the Trail" with its tribe of Sioux Indians, cages of Siberian wolves and trailing dogs.

Manager Robt. H. Harris has spared no expense in framing this big production. The story of the play follows closely the history of Daniel Boone when he invaded Kentucky, then a wilderness infested with Indians and wild beasts.

When Boone's cabin is burned it is done by real Indians, who give their bloodthirsty yells and war dance in the reflection of the flames.

When Boone had to fight for his life with wolves, it is the real beasts that have been trained to attack him. This is one of the most daring scenes ever attempted on any stage.

Not a single detail has been overlooked. A noted scenic artist spent several weeks at Boone's old home in Kentucky in order to reproduce the exact atmosphere.

A strong cast has been selected and those who witness the performance of this play will see a real live exciting melo-drama, as true to life as it is possible to produce. "Daniel Boone on the Trail" will be seen at the Madry opera house one night Wednesday November 22.

Mrs. Purrington Entertains.

On Saturday afternoon, Nov. 11th, "The Round Table Club" was delightfully entertained by Mrs. A. L. Purrington. The subject under discussion was, Scotland, on which were read most interesting and instructive papers.

Mrs. W. H. Josey being absent, the presidents chair was filled by Mrs. Chas. Albertson, who called the meeting to order promptly at 4 o'clock, after which an excellent program was rendered. "Edinburgh and Edinburgh Castle" by Mrs. Chas. Albertson was well worth hearing, then Miss Sallie Baker gave a very interesting talk on "Gretna Green" followed by a reading "The University and other places of interest" by Miss Margaret Bowers. Mrs. J. S. Bowers next gave a very interesting reading on the "Incidents in connection with the Scottish castles." Mrs. G. Hoffman was on program for "Current Events" but being absent was read by different members of the club, War, Politics and Woman Rights being discussed. After being thoroughly convinced of "Womans Rights" the guests were ushered into the beautifully decorated dining room where refreshments were served by Mrs. Purrington assisted by Miss Cornelia Josey. Those present were, Mesdames J. B. Aiken, Anderson, C. W. Albertson, J. S. Bowers, Dickerson, Robert Coleman, C. H. Herring, A. C. Livermon, O. L. Powers, G. S. White, E. T. Whitehead, and Misses Sallie Baker, Margaret Bowers Cornelia Josey, Bessie Hancock and Mary M. Smith.

Each one left declaring Mrs. Purrington a charming hostess, and hoping her turn would come again soon.

At the State Farm.

The public sale of horses and mules at the State farm near Tillery Tuesday drew quite a crowd. The stock sold at fair prices and especially was this true of the young mountain horses offered by Congressman R. L. Doughton, of Alleghany county.

Our visit was made quite pleasant and interesting by a look through the camps. We found everything clean and well arranged and the health of the convicts good, and those we talked with expressed themselves in the highest terms of the management.

Camp No. 1 is looked after by Supt. Christian and No. 2 by Supt. C. J. Rhem. These are men of experience and thoroughly understand their business. Dr. F. M. Register looks well after the health of the camps, and Capt. J. J. Laughinhouse has a watchful eye over the entire premises.

The work of gathering the crops, which is the best, possibly, in the history of the farm, is well underway, yet there is lots of work to be done.

The day at the farm was very pleasantly spent and all visitors spent the time well.

The Rev. Irl R. Hicks 1912 Almanac.

Before the great drouth of 1901, the Hicks Almanac gave timely warning. For over two years prior to 1911, the Hicks Almanac again sounded a warning of drouth danger. And so for forty years this same friend of all the people has steadfastly refused the offers of speculators and continued to warn the public of the coming dangers of storm and weather. As they should have done, the people have nobly stood by Professor Hicks, their faithful public servant, who has grown old in their service. Send only one dollar to Word and Works Publishing Company, 2401 Franklin Avenue, St. Louis, Missouri, and get his Magazine and Almanac both for one year. The Almanac, alone, a fine book of 150 pages, is only 25c. by mail. Let everybody respond and receive the warnings of our National Seer for the coming year.

Bogus Cloth.

What is paint? Some people think anything labelled "paint" is paint, but there's a difference, just as much as between one kind of cloth and another. Cloth nine-tenths cotton and one-tenth wool, is bogus cloth. Cloth all wool wears to the limit. Paint at a price between 75 cents and \$1.50 is like bogus cloth. Mhe L. & M. Paint is all wool and wears to the limit. There's a reason. Thirty-five years use in N. A. and S. A.

Our sales agents are Hardy Hardware Company. Write postal for "Money Saver List No. 60," Longman & Martinez, P. O. Box 1379, New York.
