**LOCAL NEWS.**

**Items Gathered From the Town and Country.**

Spring time at its best. Are we going to have a clean up day? We had April showers Sunday and Monday.

Sand us the news from your neighborhood. Some few sand and rocks are being brought out from the river and creeks.

The infant child of Mr. and Mrs. T. F. Whitely died Saturday night and was buried in the Baptist cemetery Sunday afternoon.

We go to press too early to give a report of the races. The weather is good and indications point to a large crowd. About 20 horses will enter the races.

How about the merchant that doesn't advertise? Well, he simply is not interested enough in your trade to ask for it. He may think you are bound to visit his store any how, but you show him differently by visiting the store that asks for your trade.

**How to Make Paint.**

Take 10 gallons of L. & M. made of pure Lead, Zinc and Linseed Oil at \$2.10 per gallon. Add 7 gallons of Linseed Oil at \$1.00 per gallon, and make 17 gallons of pure Paint at a cost of only \$1.65 per gallon.

It's the best paint that can be made. It's 37.7% less cost than same quantity of any other high grade pure Paint.

**Will Deliver Memorial Address.**

Mr. Ashby Dunn has accepted an invitation to deliver the memorial address in Scotland Neck on May 10. This is quite a compliment to our young friend and townsman that he should be selected to deliver the address on this occasion. And the Buck Kitchen Camp, Confederate Veterans, are to be congratulated for the selection.

**Prof. Noble Lectures.**

Under the auspices of the Round Table Club of the town, Prof. M. C. S. Noble, of the State University delivered a very interesting and instructive lecture in the graded school auditorium Friday night.

After the singing of several songs by select voices, Dr. H. I. Clark, in an appropriate manner, introduced the speaker of the evening. Prof. Noble held the very closest attention of his audience for an hour. He talked on his first trip to the schools of the foreign countries, especially of his visit to Scotland.

Prof. Noble speaks in a very pleasing and interesting manner and those who failed to hear him missed a real treat.

**A Test of Merit.**

A number of ladies of the town were pleased and delighted to see the merits of the famous "Wear Ever" Aluminum Cooking Utensils thoroughly demonstrated at the store of the Hardy Hardware Company last week. Tomatoes were burned to a perfect char, then the uninjured utensil was cleaned perfectly in five minutes. An empty tea kettle was heated very hot then cold water was dashed into it without injury.

Aluminum utensils are certainly a boon to housekeepers, being made of pure thick sheet aluminum are absolutely rust-proof and unaffected by any fruits or foods.

Mr. Culler, who gave the demonstration, will call on the ladies during the next few days to explain these unique utensils.

For more than a quarter of a century Campbell's Varnish Stains have been used by housekeepers everywhere for refinishing Furniture, Floors and Woodwork. Nothing else will give as good satisfaction as the original. Insist upon getting Campbell's. Josey Hardware Company carries a line of all colors.

**THE TEACHERS MEET.**

**Very Interesting Session of the County Association Friday.**

The Halifax County Teachers' Association met in the graded school auditorium Friday morning. The exercises were opened by a song and Rev. N. C. Yearby, pastor of the Methodist church, offered prayer. County Superintendent A. S. Harrison called the association to order and made a few appropriate remarks. He said that this had been a very successful school year for the county, taking all things in consideration; that the teachers had done a better grade of work. He spoke very complimentary of our handsome school building.

The teachers have been engaged in studying "The Teacher and the School," by Colgrove, this year, and after the opening exercises this study was resumed as follows:

Superintendent C. L. Whitaker, of Enfield, talked on "The Work of the School." He dwelt at length on hearing, recitations and keeping order, showing also the difference between hearing lessons and teaching.

Miss Eunice Crews, of the Heathsville school, read a very interesting paper on "Primary Reading or Work" and gave illustrations of how she teaches the primary grades. What Miss Crews said was good from beginning to end. The people of Heathsville are fortunate in having her as their teacher.

The next subject taken up was "The Teacher's Preparation of the Lesson." Two interesting papers were read by Misses Webb and King, of the Weldon graded school. The morning session was closed after a few remarks by Prof. J. D. Everett.

It was then announced that dinner had been prepared in the hall on the first floor for all the teachers and visitors. And such a dinner it was! There was a plenty and some to spare, and everybody was served in the very best style. Our ladies can not be surpassed when it comes to preparing and serving good meals.

The afternoon session was devoted to an address by Prof. Austin, of the East Carolina Teachers' Training School, of Greenville. Prof. Austin spoke on the subject of "Geography." He showed very clearly how to do effective teaching in the school room. His address was very able and instructive.

The subjects assigned to J. B. Aiken and A. E. Akers, on account of the lateness of the hour, were called off.

In making announcements Dr. Harrison said that there would be a teachers institute held at Weldon about the middle of June for two weeks. The law requires that all teachers of the county attend or show a certificate that they had attended a summer school for teachers.

Most of the teachers spent the night here and were entertained by our town people. This gave our people an opportunity of seeing more of the teachers and gave them a chance of hearing Prof. Noble lecture. It was a pleasure to have the teachers here and we hope to see them come this way again soon.

**State Prison vs. M. Hoffman & Bro.**

Messrs. G. Hoffman, A. P. Kitchin, J. A. Kitchin, Sam and M. Hoffman attended court in Raleigh Monday to attend the hearing of the case entitled State Prison vs. M. Hoffman & Bro.

The Raleigh Daily Times of Monday afternoon says:

"The first case called for trial today was that of the State Prison vs. M. Hoffman & Bro., a suit to collect \$504.16. It seems that the state prison had contracted with this firm to deliver several thousand bushels of Spanish peanuts at \$1.25 a bushel. The deliveries were made, but in one delivery, amounting to over 400 bushels, the peanuts were ruined by rain. Captain Laughinghouse, superintendent of the prison, stated that the peanuts were ordered delivered at the landing at Roanoke river before 12 o'clock on a certain day, that the gockers were placed there on time, and that the rain came late in the afternoon. The defendants claim that the peanuts were not delivered in good condition. Ex-Judge R. W. Winston and Assistant Attorney General T. H. Calvert are appearing for the State prison, and Hon. E. L. Travis, Mr. A. P. Kitchin, and Mr. John W. Hinsdale, Jr., for the defendants.

**House-Hyman.**

Mr. K. L. House and Mrs. Geneva Hyman took their friends by surprise when they were united in marriage at Weldon on Wednesday morning, April 17th. Rev. J. A. Hornaday, pastor of the Methodist church of that place officiating. We extend congratulations and best wishes.

**An Object Lesson!**

While plowing in a field some distance from his home, Will Watson, a young white farmer, who lives near Kinston, perceived that his home was on fire, and by the time he could arrive the entire building was enveloped in flames. Watson lost everything he had, including MONEY which was in the HOUSE, leaving himself and wife and several small children, one of whom was only a few months old, homeless and penniless. [Taken from Raleigh News and Observer, dated March 26, 1912.]

This happened at Kinston, N. C., and fully demonstrates what we have always advised our friends to do: Let us keep your money for you, that in a time like this you can turn to us for your balance to your credit, and assistance also if you should need it.
