Mixing Cake.

Always beat the butter and sugar to cream with the hands, then add a little of the flour before you add the milk: then the milk, then the rest of the flour and baking powder, and last the beaten eggs. This rule applies to all cakes with butter in.

After putting cake in pans lift the pans up by the side and let drop down on the table. This causes the air to rise and prevents cake from falling.

Home-Made Maple Syrup. One cup of brown sugar, one and one-half cups of water. Let it simmer until the sugar is dissolved and it becomes a little thick. Take from the stove and when cool add one teaspoon of vanilla. Tastes like maple sirup.

Do you take The Commonealth.

TWO BOYS SLAIN BY RAITLESNAKE.
