

Cause of Many Sudden Deaths.

A disease prevailing in this section has been the cause of many sudden deaths. Many of these deaths are caused by it—heart disease, pneumonia, heart failure or heart attack are often the result of kidney disease. If kidney trouble is allowed to advance it will poison the blood with its waste matter, causing catarrh of the bladder or sediment in the bladder, back ache, lame back, sleeplessness, nervousness, the kidneys themselves break waste away cell by cell.

Kidneys almost always result in that they are often the cause of many sudden deaths. It is the great kidney remedy that cures kidney trouble and cures the blood. It is the great kidney remedy that cures kidney trouble and cures the blood. It is the great kidney remedy that cures kidney trouble and cures the blood.

By authority of rule 6 of above, the Democratic State Committee at its meeting on July 9, 1912, adopts the following additional rules for holding said primary election:

Seventh. The Democratic committees of all the counties of the State shall meet at the various counties

Seventeenth. That in either primary either of the pollholders, or any Democratic elector shall have the right to challenge the right of any elector to vote in said primary.

Eighteenth. It shall be the duty of the county chairman, in case of a second primary, to return to the precinct chairman in each precinct the pollbook of the said precinct.

Nineteenth. At the second primary, if pollholders do not appear, then the precinct chairman shall appoint pollholders in accordance with above provisions.

An Increased Endowment for Trinity.

Durham, N. C., July 15.—An effort is now being made to add one million dollars to the endowment of Trinity College. This endowment took definite shape when about a year and a half ago the General Education Board of New York offered to contribute one hundred and fifty thousand dollars of this amount if the college would raise the balance. Eight hundred and fifty thousand dollars have already been pledged on condition that the college obtain by December 31st of this year subscriptions for the remaining hundred and fifty thousand dollars. The subscriptions may be paid in five equal annual installments, the first to be made on or before January 31, 1913, and the last not later than January 31, 1917. The subscriptions may go to the general endowment fund of the college or they may be designated for special uses like the establishment of scholarships, special collections in the library, or the maintenance of the college in any of its departments. Whenever desired the donations will be kept as separate funds, thus preserving the identity of the gifts as well as perpetuating the names of the givers. District committees are being organized in the chief centers of population and the campaign is on throughout the State. It means so much for the cause of Southern education that it must of course succeed.

Good Roads Meet in Charlotte Aug. 2.

Chapel Hill, July 11.—We would like to call the attention of all North Carolinians who are interested in the State's progress and development to the Annual Convention of the North Carolina Good Roads Association which is to be held in Charlotte August 1 and 2. Already a large number of delegates have been appointed to this convention, and it is expected that a large number will attend. Automobile runs are being arranged from our larger cities. It is expected that the Governor will be present, and Senators Overman and Simmons, who will discuss the building of roads from Federal standpoint; Hon. John H. Small, and at least one thousand good road enthusiasts from all parts of North Carolina who are earnest in their efforts to get the State out of the rut of unprogressiveness, which has cost and is costing the citizens of the State such vast sums. Every citizen of the State interested in its progress and the achievement of the fundamental conditions to progress—good roads, is invited to attend as a delegate.

OLD HICKORY CHIPS. A General Mixture Designed for the Busy Readers.

Maybe the Colonel will be just paradoxical enough to make a losing fight.

Being in office as well as in the Republican party, Governor Hadley announced that he will stay where he is.

The President and the ex-President each wished the nomination; each has one. Everybody ought to be happy, and the Democrats are.

Doubtless the Republic of Columbia from which Teddy "took" the canal strip, would be interested in that platform plant, "Thou shalt not steal."

Colonel Roosevelt is quoted as saying, "If the people want a progressive party I'll be in it." Wasn't the word "in" inserted by a careless stenographer?

Mr. Roosevelt is now at work on a little steam roller of his own. Only the whistle has been gotten into working order so far.

Before the season is over doubtless it will be referred to as the Roosevelt party.

Unless the Colonel deliberately ignores the Socialists and Prohibitionists he'll have to be content with the fifth place.

What's the proper way to wear the red bandanna—as a sling?

The New York Evening Mail hears that Baltimore is slowly "getting over its headache." Anyway the New York delegation didn't have to give it to us.

The number of Democrats is now increasing as fast as the space on the band wagon will permit.

One Oklahoma man has a family of twenty children, and they are all for Wilson.

Wilson's nomination means that it is more than a prairie fire this year.

Taft stole Teddy's delegates and Teddy is trying to steal Taft's electors.

Teddy wants to run on a platform of "Thou shalt not steal." Why not put it, "Neither of us shall steal." "Thou" is rather limited.

The Woodrow Wilson smile is the latest production of the political camera.

If it grows it is the Tammany tiger. If it purrs it is from Princeton.

It seems to be the progressives who are hatching up a scheme for the recall of both Taft and Roosevelt.

The most ingenious theory that any Republican is trying to comfort himself with is that the Roosevelt movement will send conservative Democrats over to Taft. It's a desperate situation that inspires that delusive hope.

Self-made men must look to their laurels now that Uncle Sam manifests so strong a disposition to choose his Presidents from among the college bred.

According to a press dispatch President Taft is "enjoying his vacation." Perhaps it would be more precise to say that he is "having his vacation."

One advantage of having a third term party convention would be in avoiding the necessity for any other form of amusement this season.

Sea Girt, N. J., is the American centre of sanity and optimism.

The young man who aspires to be Governor of New York is commended to the people on the ground that he neither drinks nor smokes. A crank on economy.

A mutt is a man who always hogs it when he gets a chance to laugh.

Nothing goes faster than a vacation except vacation money.

It is now said that hobbler skirts were worn in Bible times. Lot's wife didn't wear one or she couldn't have turned around.

Uneasy lies the head that hopes to wear a crown.

Mr. Taft and Mr. Sherman may as well order tombstones for their political grave yard.

As for the Democrats, will they please do their best? They can carry 49 out of 48 States for Wilson by a strong pull.

The people rolled the "steam roller" this time.

New Jersey is now the mother of something else besides trusts.

Oyster Bay is getting so jealous of Sea Girt.

Woodrow Wilson is not only the old style schoolmaster, but he will whip somebody for all that.

NATURE'S ESSENCE...Extracted From Forest Plants.

Nature's laws are perfect, but disease follows if these laws are not obeyed. Go straight to nature for the cure, to the forest; there are mysteries here that we can fathom for you. Take the bark of the wild-cherry tree, the root of mandrake, stone, Oregon grape root, queen's root, bloodroot and golden seal, make a scientific, non-alcoholic extract of them with just the right proportions and you have

Doctor Pierce's Golden Medical Discovery.

It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this pure glyceric extract and alternative of the greatest efficiency and without the use of a particle of alcohol.

Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of Science, Accuracy, and has sold more largely in the past forty years than any other blood purifier and stomach tonic.

"Some time ago I got out of health by overeating and drinking too much. I commenced to doctor with all the doctors in town as well as with other remedies on stomach and digestive organs. None seemed to do any good. I was told of the medicine and I bought it. Finally, I wrote to Dr. Pierce, Buffalo, N. Y., and was replied, stating that I had liver complaint which indicated that I was overeating and drinking too much. I bought the Golden Medical Discovery and I feel better than I have for many years. It has put me on my feet again."—J. H. Wilson, Esq., Buffalo, N. Y.

Dr. Pierce's Golden Medical Discovery is for liver ills.

Webb Elected Chairman.

Raleigh, July 10.—The State democratic executive committee last night elected by acclamation Hon. Chas. A. Webb, of Asheville, as state chairman, and re-elected by acclamation W. E. Brock, of Wadesboro, as secretary of the committee. Mr. Webb is the personal friend of Hon. Locke Craig, nominee for governor, for the chairman to succeed Hon. A. H. Elder, who could not serve longer. The name of Mr. Webb was presented by John C. Mills, of Rutherfordton, as a man eminently fitted for the place by his past distinguished service as repeatedly district chairman and as state senator and other public service. There were numerous seconding tributes to Mr. Webb. When brought into the hall and introduced by the retiring chairman, Mr. Webb expressed his deep appreciation for the expression of confidence and the honor and expressed the hope that he realized fully the great responsibility declared that in the conduct of the impending campaign the state committee feels that it will have the hearty support of all loyal democrats. He declared there is a glorious prospect for a great victory. "Democratic candidates give universal satisfaction and the principles enunciated in the party platform, state and national, have the enthusiastic approval of all democrats. So that with a united harmonious democracy and a divided opposition we are sure to win," said the new chairman.

Endowment for Meredith College.

Raleigh, July 19.—The management of Meredith College, the splendid Baptist institution here for the education of girls announces the complete success of the campaign that has so stirred the Baptist of the state during the past eighteen months to raise an endowment fund of \$100,000 in order to procure from the general education board an additional \$50,000. The campaign has also resulted in raising an additional \$14,000 to pay off an indebtedness. Material extensions of the college capacity and equipment are being planned for immediate execution, these to include additional buildings and equipment. President E. T. Vann, of the college and Rev. Livingston Johnson, corresponding secretary of the Baptist State convention, have been especially directing the campaign and have had the assistance of a number of able Baptist in different sections of the state.

Dysentery is always serious and often a dangerous disease, but it can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has cured it even when malignant and epidemic. For sale by all dealers.

The bosses of the Roosevelt party are the worst kind of bosses. They are self-appointed.

During summer months mothers of young children should watch for any unnatural looseness of the bowels. When given prompt attention at this time serious trouble may be avoided. Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon. For sale by all dealers.

At last the Democratic party has given the country something to celebrate on the Fourth of July.

Mail Carriers Will Fly.

This is an age of great discoveries. Progress rides on the air. Soon we may see Uncle Sam's mail carriers flying in all directions, transporting mail. People take a wonderful interest in a discovery that benefits them. That's why Dr. Kim's New Discovery for Coughs, Colds and other throat and lung diseases is the most popular medicine in America. "It cured me of a dreadful cough," writes Mrs. F. P. Davis, Stickney Corner, Me., "after doctor's treatment and all other remedies had failed." What Makes a Woman.

One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. It's a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired, listless, worn out feeling. "Electric Bitters have done me a world of good," writes Eliza Pool, Depue, Okla., "and I thank you, with all my heart, for making such a good medicine." Only 50c. Guaranteed by E. T. Whitehead Co.
