

Are You Nervous?

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by going to the source of the trouble and building up the bodily strength.

TAKE The CARDUI Woman's Tonic

Mrs. Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women. Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.

Whistles and His Dear Opera.

There is in London a man who surely must combine the two characteristics of madness and invention to a remarkable degree. It is his custom to have his breakfast in bed, and, burdened with the trouble of getting out of bed for the purpose of unlocking his bedroom door, he has invented a door which opens to his whistle. He has accomplished this somewhat remarkable feat by means of a simple electromagnet which draws the bolt when a current passes through it, a platform point, and a piano wire attuned to a certain note. When this note, or one of its octaves, is sounded the wire vibrates in response, and this vibration brings it in contact with the platform point. The circuit is thus completed and a sensitive relay is brought into operation.

Worked Hard for High Place.

Dr. Luther H. Guilek, director of the department of hygiene of the Sage Foundation, came up from the ranks. At Oberlin college he cut lawns, cared for house furnaces and worked as a book agent. In preparing for college at the high school at Hanover, N. H., he paid his living expenses by sawing wood and waiting on table at a summer hotel. He studied at the medical college of the University of New York, taught physical training, had a milk route, and got up before daybreak to milk the cows, after which he made delivery to his customers. Dr. Guilek was born in Honolulu, spent his childhood in Japan, and learned the Japanese language thoroughly. In his younger life, he intended to follow his father's footsteps and become a medical missionary.

Virginia's Anti-Treating Bill.

Virginia will depart from one of her old customs, and if an anti-treating bill offered by Delegate W. B. Fitzhugh of Northampton becomes a law the Old Dominion, the home of hospitality, will take a back seat. Delegate Fitzhugh is an enemy of the demon rum, and he has come forward with a bill which will make obsolete the old-time and familiar "Let's have one." More than that, whenever a gentleman shall see a thirsty wayfarer along the highway, and shall invite him to partake of the Virginia julep, and the friend shall say, "I don't care if I do," the gentleman extending the invitation will make himself liable to a fine of \$25. And no dispensary of exhilarating beverages is to allow any treating to be done.

Changing Famous Street.

The Strand, London's Broadway, will be more modern in appearance within a short time. To widen this narrow main artery of traffic many buildings and a parallel street were sacrificed, and while the traffic situation was improved the general aspect of things from the artistic viewpoint was not. Since that improvement was made a great area on the north side of the Strand, surrounded partly by a fence and having erected on it tall advertising signboards rented by the thrifty London County Council, has been an eyesore to most persons. Now the way has been paved for the erection of handsome buildings on this valuable piece of property.—The Argonaut.

Pioneer Tobacco Growers.

The original planters of fine tobacco in Honduras were Cubans, who brought their seed and methods of curing, and with favorable soil, climate, and labor conditions were successful, the tobacco taking first prize in several international exhibitions; quantities were exported to Cuba and sold as Havana tobacco. These planters became well to do and retired.

Mr. W. S. Gunshus, a farmer living near Fleming, Pa., says he has used Chamberlain's Colic, Cholera and Diarrhoea Remedy in his family for fourteen years, and that he has found it to be an excellent remedy, and takes pleasure in recommending it. For sale by all dealers.

Inspired Famous Hymn.

"Jesus, Lover of My Soul," is a hymn around which many traditions and good resolutions cling. The story connected with its origin may be legendary, but it is no less beautiful. Its author, Charles Wesley, was sitting at his desk by an open window when a bird pursued by a hawk flew in. The bird was saved, for the hawk feared to follow it. The incident inspired Wesley to write his famous lines.

Are Ever At War.

There are two things everlastingly at war, for years past. But Bucklen's Arnica Salve will banish piles in any form. It soon subsides the itching, irritation, inflammation, or swelling. It gives comfort, invites joy. Greatest healer of burns, boils, ulcers, cuts, bruises, eczema, scalds, pimples, skin eruptions. Only 25c at E. T. Whitehead Co.

There Are Others.

In our adolescent inexperience we cherished the notion that hotel clerks and book store attendants were the most conspicuous of the unintelligents. Yesterday, however, a telegraph operator objected to our using "juxtapose" in a night letter. "We don't show code words," said he. "And for the life of us we couldn't think of a snappy comeback."

Indian Killed On Track.

Near Rochelle, Ill., an Indian went to sleep on a railroad track and was killed by the fast express. He paid for his carelessness with his life. Often it is that way when people neglect coughs and colds. Don't risk your life when prompt use of Dr. King's New Discovery will cure them and so prevent a dangerous throat or lung trouble. "It completely cured me, in a short time, of a terrible cough that followed a severe attack of Grip," writes J. R. Watts, Floydada, Tex., "and I regained 15 pounds in weight that I had lost." Quick, safe, reliable and guaranteed. 50c and \$1.00. Trial bottle free at E. T. Whitehead Co.

WHY WOMEN SUFFER.

Many Scotland Neck Women are Learning the Cure.

Women often suffer, not knowing the cause. Backache, headache, dizziness, nervousness, irregular urinary passages, weakness, languor—Each a seeming torture of itself. Together tell of weakened kidneys. Strike at the root—get to the cause. Quickly give the help the kidneys need. No remedy endorsed like Doan's Kidney Pills. Recommended by thousands—Endorsed at home.

Here's convincing proof from a Scotland Neck citizen. Mrs. E. N. Nelson, Eighth and Roanoke Sts., Scotland Neck, N. C., says: "I have no hesitation in recommending Doan's Kidney Pills as I know them to be a remedy of merit in case of kidney trouble. I got my supply at E. T. Whitehead Co.'s drug store and their use relieved me of backache and lameness in my joints."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Small Boy as Conservationist.

A lecturer before a suburban woman's club raised his voice with emphatic cadence. "I venture to assert," he said, "that there isn't one in this audience who realizes the importance of the conserving of our forests, not one who has ever done anything to prevent the destruction of our forests." A small boy who had accompanied his mother to the lecture interrupted in a high, childish voice, "I once shot a woodpecker," he said.

Regulates the Bowels, promotes easy natural movements, cures constipation—Doan's Reguloids. Ask your druggist. 25c a box.

Eye Water Before or After.
"I thought that in the fifteen years of my practice of medicine," said a physician, "I had answered almost every possible 'fool' question; but a new one was sprung on me recently. A young man came in with an inflamed eye, for which I prescribed medicine—to be dropped into the eye three times a day. He left the office, but returned in a few minutes, poked his head in the doorway, and asked 'Shall I drop this in the eye before meals or after?'—Everybody's Magazine.

Baby wont suffer five minutes with croup if you apply Dr. Thomas' Eucalypti Oil at once. It acts like magic.

Apia.
It is difficult to believe what early writers tell us of the divine honors lavished upon Apia, the sacred bull of Memphis, and upon Minevis, the sacred ox of Heliopolis. Yet perhaps some of our customs of deeds of today, as handed down by the uninitiated, may seem just as incongruously absurd when heard and understood from an equally proportionate future time.

"Doan's Ointment cured me of eczema that had annoyed me a long time. The cure was permanent."

Hon. S. W. Matthews, Commissioner Labor Statistics, Augusta, Me.

Mountain Stops Wireless Message.

It has been observed repeatedly on board vessels stationed west of Cape Otway (at the southern tip of Australia) that it was impossible to communicate with vessels situated in the port of Melbourne. This has been attributed to the fact that the mountain which forms the cape contains large quantities of metallic minerals which absorb electric waves.

Impure blood runs you down—makes you an easy victim for organic diseases. Burdock Blood Bitters purifies the blood—cures the cause—builds you up.

Stork Partial to Miner's Domicile.

There seems to be an especial affinity between the stork and the family of Frank Lantofski, a miner at Jackson City, Pa. In ten years the bird has brought 12 babies, including three pairs of twins, and one set of triplets. Ten of the children are living.

"Were all medicines as meritorious as Chamberlain's Colic, Cholera and Diarrhoea Remedy the world would be much better off and the percentage of suffering greatly decreased," writes Lindsay Scott, of Temple, Ind. For sale by all dealers.

Beauty Hint.

Red elbows, says the Evening News, are happily those which may be removed. Saw off the red elbows, soak them in a bleaching mixture of unslaked lime, steep them in carbolic acid, and they will never trouble you again. Cold feet may be treated similarly.

Flying Men Fall

victims to stomach, liver and kidney troubles just like other people, with like results in loss of appetite, backache, nervousness, headache, and tired, listless, run-down feeling. But there's no need to feel like that as T. D. Peebles, Henry Tenn., proved. "Six bottles of Electric Bitters," he writes, "did more to give me new strength and good appetite than all other stomach remedies I used." So they help everybody. It's folly to suffer when this great remedy will help you from the first dose. Try it. Only 50 cents at E. T. Whitehead Co.

In Nigeria.

With Moroa people, on the death of a chief, his son (or heir if he has no son) must provide a mare which is led around the assembled guests by a laughing woman, who is dressed up for the occasion. It is absolutely necessary that a mare should be obtained for the funeral—should the heir neglect to do so, the ghost of the deceased will never give him any peace—and she must be sold afterward; if not, she will die. Why the woman should have to be laughing is past comprehension, but that is the Moroa custom, and after all it is quite a mistake to suppose that people must necessarily look grim on those occasions.

Moving-Picture Education.

The moving picture as an educator has had many successful trials, says the Politische Korrespondent (Berlin), and in proof of the assertion refers to the pictures on sanitation, natural history, botany, anatomy, etc. The latest step in that direction was made recently by Dr. Ludwig Munch, of Darmstadt, who employed the motion picture to demonstrate mathematical problems, "and by this means enabled those students who were unable to grasp the questions and methods of solution in their original form to thoroughly understand the work."

Street Cries to Be Preserved.

Armed with a recording gramophone, M. Ponge, a schoolmaster in Paris, spends his leisure hours lying in wait for street cries in populous quarters. He is preparing a museum of speech, which he will leave behind him for the instruction of future ages. When he hears the Parisian equivalent of "Milk" or "Muffin man," he pounces on them and compels them to ring or ring bells into his receiver. He has already collected most of the well-known street cries.

Out of the Question.

William H. Crane was twitted because his lines in "The Senator Keeps House" his new play, are not witty. "I had the matter up with the authors," retorted Crane, "and after I had aired my views at length she blandly replied: 'You can't expect a senator to be witty in his own house!'"

One of the most common ailments that hard working people are afflicted with is lame back. Apply Chamberlain's Liniment twice a day and massage the parts thoroughly at each application, and you will get quick relief. For sale by all dealers.
