

### Blood Was Wrong

All women, who suffer from the aches and pains, due to female ailments, are urged to try Cardui, the reliable, scientific, tonic remedy, for women. Cardui acts promptly, yet gently, and without bad effects, on the womanly system, relieving pain, building up strength, regulating the system, and toning up the nerves. During the past half century, thousands of ladies have written to tell of the quick curative results they obtained, from the use of this well-known medicine.

## TAKE THE CARDUI Women's Tonic

Mrs. Jane Callahan suffered from womanly trouble for nearly ten years. In a letter from Whiteville, N. C., she says: "I was not able to do my own housework. My stomach was weak, and my blood was wrong. I had backache, and was very weak. I tried several doctors, but they did me no good. I used Cardui for 3 or 4 months, and now I am in the best health I have ever been. I can never praise Cardui enough." It is the best tonic, for women.

Whether seriously sick, or simply weak, try Cardui.

### Brown Sugar.

In the course of a recent statement before a house committee, Dr. H. W. Wiley, the government's food expert, declared that people would enjoy better health if they ate more yellow sugar and less of the refined variety. This remark appears to support the belief that sugar loses something in the process of refining which it would be well to retain. Certainly the beautiful white sugar now in use lacks the sugary taste of the old-fashioned golden brown sugar of other days. And those who remember the soft, clean brown sugar of their early years will probably agree that it was quite as attractive to the eye as the granulated white variety commonly used today. And who that remembers the try made with the old-fashioned sugar will admit that it is equalled by just made with the bleached and insipid commodity of the present time?

### Mountain of Cans.

The results from an appropriate prize of a goat, plus harness and wagon, offered by "The Sentinel" to the boy who collected the greatest number of tin cans, surprised Knoxville. The winner, a six-year-old lad, gathered in yards, alleys and streets almost a thousand cans for every year of his age. Other competitors had scores only a little less amazing, so that the total effect upon the aspect of Knoxville must have been great. The president of the City Beautiful league supplemented the offer of "The Sentinel" with consolation prizes for the boys who brought in the second, third and fourth best number. Although Knoxville has reasonable access to fresh goods from farms and market gardens, a miniature mountain of cans rose beside "The Sentinel" building.—The Survey.

### Conchas for Window Glass.

Perhaps in no other country in the world except the Philippines are conchas used as a substitute for window glass. These shells are flat, nearly round, and edges are trimmed off, so as to leave panes about three inches square, and these are set in narrow strips of wood. The shells are, of course, translucent rather than transparent, and the result is a soft, opalescent light, very agreeable in a country where the glare of the sky would be intolerable if ordinary glass were used. To obtain the maximum window openings the shells are made to slide horizontally on wide sills of hard wood in a manner similar to that adopted by the Japanese. By this means openings as wide as twelve feet are obtained.—The Century.

### Canal Centuries in Digging.

Canals are not a new thing in the world today. Nero in his younger days dreamed of digging one, and he even started the work on the Corinth canal, but the project was not completed until the last century. It is cut through the isthmus of Corinth and enables ships to go to Athens and then on through the Aegean sea to Constantinople without having to sail around the rocky coast of Morea, in the south of Greece. It is 3 1/2 miles long, a hundred feet wide and 26 feet deep, though in some places it was necessary to dig through cliffs 300 feet to reach the sea level.

### Pioneer Tobacco Growers.

The original planters of fine tobacco in Honduras were Cubans, who brought their seed and methods of curing, and with favorable soil, climate, and labor conditions were successful, their tobacco taking first prize in several international exhibitions; quantities were exported to Cuba and sold as Havana tobacco. These planters became well to do and retired.

One of the most common ailments that hard working people are afflicted with is lame back. Apply Chamberlain's Liniment twice a day and massage the parts thoroughly at each application, and you will get quick relief. For sale by all dealers.

### Inspired Famous Hymn.

"Jesus, Lover of My Soul," is a hymn around which many traditions and sacred associations cling. The story connected with its origin may be legendary, but it is no less beautiful. Its author, Charles Wesley, was sitting at his desk by an open window when a bird perched by a nest flew in. The bird was saved, for the hawk feared to follow it. The incident inspired Wesley to write his famous hymn.

### Are Ever At War.

There are two things everlastingly at war, joy and piles. But Bucklen's Arnica Salve will banish piles in any form. It soon subdues the itching, irritation, inflammation or swelling. It gives comfort, invites joy. Greatest healer of burns, boils, ulcers, cuts, bruises, eczema, scalds, pimples, skin eruption. Only 25 cts at E. T. Whitehead Co.

### There Are Others.

In our adolescent inexperience we cherished the notion that hotel clerks and book store attaches were the most conspicuous of the unintelligents. Yesterday, however, a telegraph operator objected to our using "juxtopose" in a night letter. "We don't allow code words," said he. And for the life of us we couldn't think of a snappy comeback.

### Indian Killed On Track.

Near Rochelle, Ill., an Indian went to sleep on a railroad track and was killed by the fast express. He paid for his carelessness with his life. Often it is that way when people neglect coughs and colds. Don't risk your life when prompt use of Dr. King's New Discovery will cure them and so prevent a dangerous throat or lung trouble. "It completely cured me, in a short time, of a terrible cough that followed a severe attack of Grip," writes J. R. Watts, Floydada, Tex., "and I regained 15 pounds in weight that I had lost." Quick, safe, reliable and guaranteed. 50c and \$1.00. Trial bottle free at E. T. Whitehead Co.

### HEARD IN SCOTLAND NECK.

#### Bad Backs Made Strong—Kidney Ills Corrected.

All over Scotland Neck you hear it. Doan's Kidney Pills are keeping up the good work, curing weak kidneys, driving away backache, correcting urinary ills. Scotland Neck people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passages are painful, scanty and off color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors. Follow this Scotland Neck citizen's advice and give Doan's a chance to do the same for you.

L. Wilkinson, Eighth and Church Sts., Scotland Neck, N. C., says: "I have used Doan's Kidney Pills which were obtained from E. T. Whitehead Co.'s drug store and have received splendid results. This remedy relieved me of a lame and aching back and also regulated the passages of the kidney secretions. I recommend Doan's Kidney Pills whenever I have an opportunity."

For sale by all dealers. Price 50 cents. Foster-Millburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### Live Australian Freaks.

A calf, somewhat of a freak of nature, was born on T. G. Ware's farm at Little Akron, Australia, recently. It has five legs, the extra one working in a socket in the breastbone. The calf is thriving, and is strong and healthy. Another freak, a lamb, is reported to have been born at Plat Point Station. It has three ears and eight legs. It did not live.

Regulates the bowels, promotes easy natural movements, cures constipation—Doan's Regulates. Ask your druggist. 25c a box.

### Eye Water Before or After.

"I thought that in the fifteen years of my practice of medicine," said a physician, "I had answered almost every possible 'fool' question; but a new one was sprung on me recently. A young man came in with an inflamed eye, for which I prescribed medicine—to be dropped into the eye three times a day. He left the office, but returned in a few minutes, poked his head in the doorway, and asked 'Shall I drop this in the eye before meals or after?'—Everybody's Magazine.

Baby won't suffer five minutes with colic if you apply Dr. Thomas' Eucalyptic Oil at once. It acts like magic.

### Apie.

It is difficult to believe what early writers tell us of the divine honors lavished upon Apis, the sacred bull of Memphis, and upon Menevis, the sacred ox of Heliopolis. Yet perhaps some of our customs of deeds of today, as handed down by the uninitiated, may seem just as incongruously absurd when heard and understood from an equally proportionate future time.

"Doan's Ointment cured me of eczema that had annoyed me a long time. The cure was permanent."—Hon. S. W. Matthews, Commissioner Labor Statistics, Augusta, Me.

### Mountain Stops Wireless Message.

It has been observed repeatedly on board vessels stationed west of Cape Otway (at the southern tip of Australia) that it was impossible to communicate with vessels situated in the port of Melbourne. This has been attributed to the fact that the mountain which forms the cape contains large quantities of metallic minerals which absorb electric waves.

Impure blood runs you down—makes you an easy victim for organic diseases. Burdock Blood Bitters purifies the blood—cures the cause—builds you up.

### Stork Partial to Miner's Domicile.

There seems to be an especial affinity between the stork and the family of Frank Bartoski, a miner at Jackson City, Pa. In ten years the bird has brought 12 babies, including three pairs of twins, and one set of triplets. Ten of the children are living.

"Were all medicines as meritorious as Chamberlain's Colic, Cholera and Diarrhea Remedy the world would be much better off and the percentage of suffering greatly decreased." writes Lindsay Scott, of Temple, Ind. For sale by all dealers.

### Beauty Hint.

Red elbows, says the Evening News, are happily a thorn which may be removed. Saw off the red elbows, soak them in a bleaching mixture of unslaked lime, steep them in carbolic acid, and they will never trouble you again. Cold feet may be treated similarly.

### Flying Men Fall.

victims to stomach, liver and kidney troubles just like other people, with like results in loss of appetite, backache, nervousness, headache, and tired, listless, run-down feeling. But there's no need to feel like that as T. D. Peebles, Henry Tenn., proved. "Six bottles of Electric Bitters," he writes, "did more to give me new strength and good appetite than all other stomach remedies I used." So they help everybody. It's folly to suffer when this great remedy will help you from the first dose. Try it. Only 50 cents at E. T. Whitehead Co.

### Lumber Carried Burro Back.

The forests of Mexico are situated chiefly in the mountains at altitudes of 8,000 to 12,000 feet. In the lowlands of the tropics there are scattered mahogany trees and a variety of other hardwood timber. Owing to the inaccessibility of many of the tracts of timber in the mountains, comparatively few railroads have penetrated them. The chief means of getting out the roughly hewed timber and bringing it down from the higher altitudes is by burros. These little beasts of burden have powerful strength and endurance. They follow the narrowest and most dangerous mountain trails even when their bodies are loaded with the weight of enormous timbers. It is upon the backs of these burros that thousands of railroad cross-ties were brought down from the mountains, thus enabling the construction of the more modern lines of transportation.

### Finest Coat in the World.

Anna Held, famous French comedienne and cantatrice, is the proud possessor of a wonderful garment created from skins of Russian sables which cost \$25,000. The coat was made in Paris and required 110 skins, perfect in every detail. Their coloring is most uniform, and the pelts are of the same even texture. This valuable coat is made up on the kimono pattern. At the neck, instead of a collar, there is a scarf composed of four choice sable skins, all lined with ermine. There are four ermine tails on one end of the collar, and a head and three tails on the other. The scarf is fastened about the shoulders and neck by a hook. The coat when finished was said by experts on furs and their wearing to be the finest coat in the world owned by a single individual.

### Her Little Knowledge.

The lady was reading a nautical novel. She struggled along bravely for a few minutes, but finally had to appeal to her husband. "Gerald," she said, "the author says that the boat was sailing 'wing and wing.' What does that mean? I've been on a yacht, but I never heard that before." "That means," answered Gerald, rejoicing in the fact that he, too, had spent several hours on a sailing vessel, "that means that the schooner had her mains' out to port and her fores' out to starboard—or vice versa." "Oh, I see!" cried the lady. "It's just like a chicken—a wing on each side. And now I understand why they call those little sails in the middle 'jibs.' It's short for 'jiblets' of course. Isn't sailing interesting?"

### Determined to Visit Birthplace.

"It was the only way I could visit my old home before I die." This is Henry Sack's excuse for disappearing from his farm near Oak Mills, about three weeks ago, and sailing to Europe. His son, John Sacks, received a letter from him recently. This was the first word his family received from him, although they learned that he sailed from New York on a transatlantic liner. Mr. Sack is now at Uehline, Prussia, his birthplace. He is staying with relatives, he wrote, but he expects to return in a month. He often expressed a wish to visit Germany, but his relatives objected on account of his age. He is eighty-two years old.—Kansas City Journal.

### Knew Whose Room It Was.

A Chicago business woman has recently returned from a trip through Pennsylvania. At a small town there is a hotel where it is said George Washington used to stay when he was in that part of the country. The Chicago woman arrived at the little hotel after a theatrical company had been assigned rooms. She was assigned to a poor room on the top floor. At the breakfast table an actress who had a comfortable room said: "They gave me the room they used to give George Washington when he came here." "Well," said the Chicago woman, "the one they gave me must be the one they gave Benedict Arnold when he came."

### Sleeping in Doses.

Doctors are now studying the idea of sleeping for a shorter time and oftener. By division of the hours of sleep new stimulus for work is gained and new energy—both physical and mental—must result.—Harper's Weekly.

A vast amount of ill health is due to impaired digestion. When the stomach fails to perform its functions properly the whole system becomes deranged. A few doses of Chamberlain's Tablets is all you need. They will strengthen your digestion, invigorate your liver, and regulate your bowels, entirely doing away with that miserable feeling due to faulty digestion. Try it. Many others have been permanently cured—why not you? For sale by all dealers.

### Stained Boards.

Boards that are stained are apt to become lighter after a little wear; but if rubbed with paraffin oil they will again become darker. They may then be rubbed with beeswax and turpentine, when they will look as well as ever.

"I was cured of diarrhoea by one dose of Chamberlain's Colic, Cholera and Diarrhea Remedy," writes M. E. Gebhart, Oriole, Pa. There is nothing better. For sale by all dealers.
