High School Debating Union.

Chapel Hill, Nov. 11.—A movement of State-wide significance had its rise at the State University last week in the form of an organization of a "North Carolina High School Debating Union." The two debating societies of the University evolved the plan, and expressed its purpose the stimulation of greater interest in debating and encouragement of inter-school debating among the secondary schools in the State. Towards the accomplishment of this end more than 375 letters have been sent to the high and graded schools of the State urging their cooperation. The plan provides for a triangular debate between schools of the same standing and convenience of location. The two societies of the University will suggest the query and provide, from the University Library in pamphlet form, material covering both sides of the question, free of cost. Each school will send out a team to debate the negative side of the query and keep a team at home to debate the affirmative side. The schools winning both sides of the debate will be entitled to send both teams to Chapel Hill where a contest will be held to determine the two teams that shall contest in the final debate for the State championship. The school winning the debate in the finals will be awarded the "Aycock Memorial Cup," with the name of the school and the members of the teams engraved on it. If a school should win the cup for two successive years it becomes that school's property.

The new educational building, a gift of the Peabody Fund in nearing completion and will be ready for occupancy the first of 1913. The Peabody Fund contributed \$10,000 towards its erection. It is a handsome structure and will be credited to the educational department of the University as well as to North Carolina.

The preliminaries for Carolina's first inter-collegiate debate for the college year will be held November 19. The debate is with Washington and Lee, of Lexington, Va., about the middle of December. The contest will be held either at Lexington or Lynchburg, Va.

What is considered to be the first definite step towards the restoration of athletic relations between all the colleges of North Carolina was taken in Raleigh recently in the organization of an inter-collegiate basketball league. All the leading colleges of the State formed the league with the agreement of playing a series of two games with each college. This evident sign of restoring athletic peace among the colleges of the State has been received everywhere with commendation, and as a sign of good omen for all interested.

CLAIBORNE T. SMITH.

Popular Citizen of Bath Passes Away.

Mr. L. E. DeBerry, of Scotland Neck, N. C., was in the city yesterday en route to his home from Bath, N. C., where he was called to attend the funeral of his father, Mr. L. J. DeBerry. Mr. DeBerry passed away Monday last in his 78th year and was buried at the old Draper burying ground Tuesday afternoon at three o'clock. Although Mr. DeBerry was a resident of the Bath section for the past eighteen years he has proven to be a citizen held in the very highest esteem. His son is the proud possessor of many curios held by his father—among them being a dagger that his father and grandfather owned for at least 125 years. Tradition says that this dagger has cut the throats of more than 150 deer. Mr. DeBerry also showed a Daily News man some jewelry that is unique held in his family for many decades. —Washington Daily News.

A Gift With a Thought in It.

There's one very simple way out of the Christmas shopping problem; don't shop, but sit quietly at home and subscribe for The Youth's Companion. The chances are, too, that no present you could buy for the young friend or the family you delight to honor could confer so much pleasure as this gift of The Youth's Companion for a whole round year—fifty-two weeks' issues, and the fifty-second as keenly anticipated and enjoyed as the very first.

There will be stories for readers of every age; sound advice as to athletics; suggestions for the girl at college or making her way in the world; good things for every member of the family—all for \$2.00 less than for cents a week.

The one to whom you give the subscription will receive free all the remaining issues of 1912, as well as The Companion Window Transparency and Calendar for 1913, in rich, translucent colors. It is to be hung in the window or over the lampshade. You, too, as the giver of the present will receive a copy of it. The Youth's Companion, 144 Berkeley Street, Boston, Mass.

New subscriptions received at this office.

Nearly 9,000,000 Bales Cotton Ginned

Washington, Nov. 8.—With Texas showing 3,690,121 bales, a greater quantity than ever before ginned to November 1 in any year, the census bureau's report issued today, announced 8,947,828 bales had been ginned in the United States prior to that date. Oklahoma's ginnings 533,355 bales also exceeded any previous year's report for that date.

In the period from October 18 to November 1, there was ginned 1,975,622 bales compared with 2,638,052 bales last year.

In all states east of the Mississippi the ginnings were below last year's totals.

Ginnings by states:

Alabama 809,731; Arkansas 439,012; Florida 31,852; Georgia 1,110,915; Louisiana 291,035; Mississippi 511,253; North Carolina 305,791; Oklahoma 533,355; South Carolina 732,406; Tennessee 118,429; Texas 3,690,121; other states 42,271.

Ginnings of sea island cotton by states:

Florida 11,055; Georgia 16,216; South Carolina 1,344.

Torturing demon spreads its burning area every day. Don's Ointment quickly stops its spreading. Instantly relieves the itching, cures it permanently. At any drug store.

Water Element.

The water element is a newly discovered mineral found in central Asia.

There's nothing so good for a sore throat as Dr. Thomas' Electric Oil. Cures it in a few hours. Relieves any pain in any part.

The Inland Waterways.

With election over, the people of the United States will turn to the consideration of questions affecting the well of the nation and one of the liveliest at this time is the speedy improvement of the inland waterways of the country, to the end that the threatened congestion in freight movement, warning of which has been given by the railroads, may be completely eliminated.

It is expected that this subject will be given commanding attention at the coming annual convention of the National Rivers and Harbors Congress which meets in Washington simultaneously with the convening of the Federal Congress, the dates of the convention being December 4th, 5th and 6th. A number of most distinguished men in public life will deliver addresses before the Congress, which is second in importance to the Congress of the United States, including President Taft, Governor Woodrow Wilson, Secretary of War Stimson, and others equally prominent. Senator-elect Joseph E. Ransdell, of Louisiana, President of the National Rivers and Harbors Congress, expects the forthcoming convention to be the greatest in the history of the organization.—Washington Correspondence.

Simonson and the People.

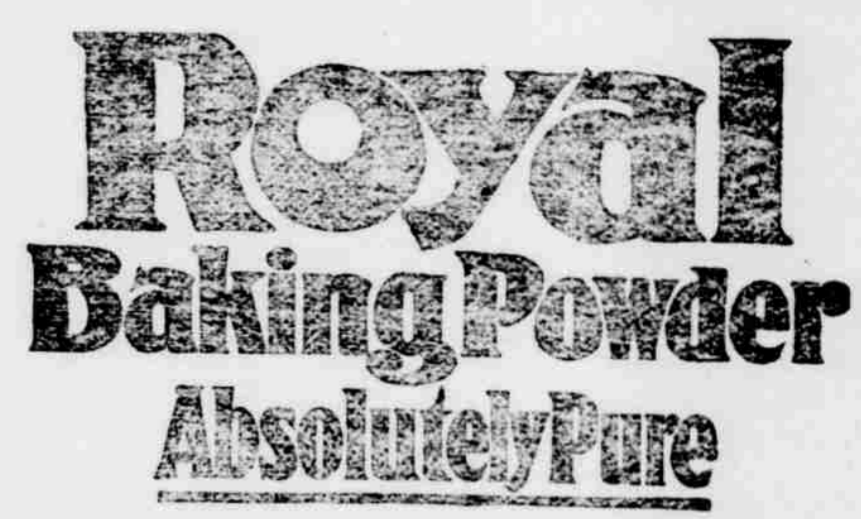

Hon. F. M. Simonson has reason to be proud of his great victory at the polls yesterday throughout North Carolina, in his primary race for reelection to the United States Senate to succeed himself.

Never was there a more vigorous campaign waged in this State than that against him by his two distinguished opponents, Governor W. W. Kitchin and Chief Justice Walter Clark, and that he has won over both of them by the overwhelming majority of 25,000, puts beyond question that he is the unmistakable choice of the people of the State over all others and under the rule of Democracy which when the battle is over makes all opposing forces in the party unite for the victor, it only remains to make his election unanimous.

The people of North Carolina did not forget his great service to the party in the past when he faced the personal crucible of the triangular campaign that was waged to unseat him, and that they have returned him by so handsome a majority will be both an assurance to him that the people of North Carolina are neither ungrateful nor ungrateful, and an incentive to others in the public service.—Goldsboro Argus.

Sleeping in Doses.

Doctors are now studying the idea of sleeping for a shorter time and oftener. By division of the hours of sleep new stimulus for work is gained and new energy—both physical and mental—must result.—Harper's Weekly.

The Woman Makes the Home

She makes it best who, looking after the culinary department, turns her back resolutely upon unhealthful, or even suspicious, food accessories. She is economical; she knows that true economy does not consist in the use of inferior meat, flour, or baking powder. She is an earnest advocate of home made, home baked food, and has proved the truth of the statements of the experts that the best cooking in the world today is done with Royal Baking Powder.

A Timely Word of Caution.

With power comes responsibility, and therefore the Democrats should fully appreciate this fact in view of their great victory Tuesday, not only in this State but in the Nation. Again is entrusted to them the government of our good old State and they must be careful to prove themselves worthy of this great trust by making every effort to give a continuance of good government.

Senator Simonson to Take Rest.

Raleigh, Nov. 9.—Senator Simonson who has been in the city since Tuesday, left yesterday to enter a sanitarium for a few weeks of perfect rest and relaxation from the continuous strain that he has undergone for many months, and to regain his strength for the arduous labor he is to take up again in December.

Woman loves a clear, rosy complexion.

Burdock Blood Bitters purifies the blood, clears the skin, restores ruddy, sound health.

Made Commissioner.

Raleigh, N. C., Nov. 9.—Governor Kitchin issued a commission today to R. H. Salisbury, of Martin county, as a member of the board of directors of the Central Hospital for the Insane, here. He succeeds John D. Biggs, of Williamston, resigned.

WOMEN TAKE NOTICE!

A man cannot understand the tortures and sufferings many women endure uncomplainingly. If the majority of men suffered as much pain and endured with patience the weakening sicknesses that most women do, they would ask for immediate sympathy and look for a quick cure.

Many women have been saved from a life of misery and suffering by turning to the right remedy—Dr. Pierce's Favorite Prescription—a remedy which is safe to take because containing no narcotics, alcohol or injurious ingredients. It is an alterative extract of roots, made with pure glycerin, and that gives to the public by that famous specialist in the diseases of women—Dr. R. V. Pierce, of the Invalids' Hotel and Surgical Institute of Buffalo, N. Y.

Mrs. Lizzie M. Henshaw, of Lincoln, Neb., 529 "C" St., says: "I used a botanical wash with much pleasure so that some suffering women may find the true worth of your remedy. I was a great sufferer from female troubles, but after taking one bottle of Dr. Pierce's Favorite Prescription, which a friend advised me to take, I found myself very much improved. After taking three more bottles, and using two more of Dr. Pierce's Golden Tablets, I found myself on the road to recovery. I was in poor health for five years but now I am cured."

I have all women suffering from female weakness will give Dr. Pierce's Favorite Prescription a fair trial.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

EVERYBODY TAKE NOTICE!
