Senator Simmons has recommended Josiah William Bailey, of Raleigh, to be revenue collector for Eastern that W. T. Dortch will be appointed of which have been spent holding marshall and Frank D. Winston district attorney.

We find a lot of people who prohear a howl go up from this same good roads advocate. Land is inas it is under ordinary conditions. It is frequently valued at from two to three hundred dollars per acre when the county has to do the pay- Adv. ing. Why do men do this?

It would be a good idea in the making of a map of the County to have all the different points, cross roads and places marked with sign boards, telling the distance from place to place, the direction, etc. This could be done at very little cost and it surely would be of benefit to the travelling public, and especially to the stranger passing through our county. Many counties that are improving the public roads are putting up sign boards. What say our road authorities to placing these sign boards throughout the county?

When a reader gets mad with the editor he naturally wants to ruin him at the first blow and he thinks the most effective way to do this is to rush in or send a message to the editor to discontinue "his" paper at once. Poor little fellows. The discontinuing of a name under such circumstances leaves no larger hole than the dipping of a finger in the ocean and suddenly pulling it out. We never have any regrets at the loss of the name of such a man. All we ask is that such a person be man enough to settle their subscription to date before asking that "his" paper be discontinued.

Our recent trip across the State to Asheville and return impressed us more than ever with our three separate and distinct sections. First we have the Eastern section where everything for man and beast to eat is grown and on the coast section fish and game abound in abundance. Next is the great Piedmont section where the manufacturing enterprises are the pride of the whole State; and then our great mountain section en on Monday the 25th day of Auwhere can be seen some of the grand- gust. To the Voters of Halifax County:

Sometime later, and at the proper time. I shall ask for your support for Treasurer of Halifax county in the primary for 1914. I shall not claim any superior qualities or fitness over our present Treasurer of the office. I shall not claim to be a better Democrat than I know him to be, or better than any other good Democrat. I do claim, however, to have voted more Democratic tickets in my life than he, for I have been voting the Democratic ticket for thirty years. I have made no sacrifices, however, in voting the Democratic ticket for these thirty years mal, compared with 81.8 per cent on and in loyally supporting my friends June 26th.
