Strengthen Weak Kidneys.
Diseases suffer longer with weak kidneys. You can get prompt relief by using Electric Blitters, that wonderfully remedy ailments by women everywhere. Start with a bottle today, you will soon feel like a new woman with ambition to work, without fear of pain. Mr. John Dowling of San Francisco, writes: "Gratitude for the wonderful effects of Electric Blitters prompts me to write. It does just what it claims to do. I feel better as well. Nothing better for indigestion or biliousness. Price 50c, and \$1.00 at E. T. Whitehead Co."

Misquotation.
It is very surprising to find in the Charlotte Observer this misquotation of an old phrase, "Everything was lovely and the goose was hanging high." This is the way the uninformed commonality have come to write it, but in the Tar Heel country they know better. The right rendering is "the goose honks high," as the wild goose does when the weather is fine, or, in other words, when "everything is lovely."—Nashville Banner.

To Cure a Cold in One Day
Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. E. T. W. GROVE'S signature on each box. E. T. Whitehead Co.

"It's funny what a difference a few clothes make."
"It is easier to earn \$1,000 a week when you wear a \$1,000 a week make-up!" says Elbert Hubbard, banker, business man, editor, publisher and Royal Tailored Man. And Hubbard ought to know—in his spare moments he's earning \$1,000 a week in vaudeville—wearing a Royal Tailored Suit.
The Royal Tailors have brought the Broadway Tailor Shop within walking distance of every man in the land. For please note that this is a service in made-to-order clothes.

The Kehukee Association meets with Spring Green church, in Martin county, on Friday, October 2nd, and continues through Sunday.

It is against the law to hunt for any kind of game, except deer and foxes, before the 15th of November. Those who are inclined to violate this law had better watch out.

Read the advertisement of Burroughs-Pittman-Wheeler Company on the first page this week. They are telling you about the closing of their piano and organ contest; also about their new fall goods.

The first bale of new cotton was brought to market last Friday, the 12th, by Mr. Jim Downing, and was sold to M. Hoffman & Brother for 12 1/2 cents. This is just a few days later than the first bale last year.

Mrs. A. M. Riddick has returned from the northern markets where she purchased a large and varied assortment of fall millinery, which she is now opening up in J. W. Madry's store, just opposite her old stand. By reference to our advertising columns you will find that she announces her first opening date for October 1st and 2nd. Remember this date and get ready to buy your new fall hat.

The series of meetings at the Methodist church came to a close Sunday night. Dr. Beaman did some of the best preaching any community ever had the opportunity of hearing. He has few equals as a preacher of the gospel. While there was not much outward effect of the sermons shown yet we are bound to think that they have greatly helped the people who heard them and inspired them to a higher living. Dr. Beaman preaches a gospel that is easily understood and practical at every point.

Jones Sent to The Pen.

The man Jones who some weeks ago shot and killed his mother-in-law, in Edgecombe county, was tried last week and convicted of second degree murder and sentenced to the penitentiary for 15 years. He escaped with a light sentence.

Left For College.

The following young ladies left Tuesday for college: Misses Laura Clark, Nannie Lamb and Ruby Darden for St. Mary's, Raleigh; Misses Eva and Willie Moore, Lucile Leggett and Hilda Hancock for the N. and L., Greensboro; Miss Lucile Kitchin for Greensboro College for Women; and Miss Bernadine Sumrell for Littleton Female College.

Mr. Bennett Here.

Mr. Geo. R. Bennett, of Enfield, paid our office a pleasant call Tuesday and showed us quite a number of bolls of cotton affected with anthracnose, the disease that we wrote about last week. Mr. Bennett is engaged in the farmers' co-operative demonstration work for this end of Halifax county and he is thoroughly alive to his work.

Mr. Bennett tells us that he finds a great deal of this anthracnose disease in the cotton fields in this section. He found one field that will be damaged at least ten per cent. He urges the farmers to get busy and purify their seed from this disease, for it is only through the seed that it can be entirely destroyed.

Caught a Bad Cold.

"Last winter my son caught a very bad cold and the way he coughed was something dreadful," writes Mrs. Sarah E. Duncan, of Tipton, Iowa. "We thought sure he was going into consumption. We bought just one bottle of Chamberlain's Cough Remedy and that one bottle stopped his cough and cured his cold completely." For sale by all dealers.

Paul Allsbrook.

On Monday morning, September 8th, a gloom was cast over the community of Rosemeath township when Mr. and Mrs. W. C. Allsbrook received the sad message that their son, Paul, was dead, age 18 years, 8 months and 7 days.

He was taken ill about three weeks ago with malarial fever, which soon settled in his head and face, causing him to suffer greatly until he was taken to St. Vincent hospital in Norfolk and underwent an operation. He stood the operation very well and seemed to be improving very rapidly. His father went to see him twice, and each time the physicians said his condition was favorable, but on Saturday afternoon a sudden change came for the worse. The physicians stated that the case had terminated in spinal meningitis. A telegram was sent at once to his people, but owing to the fact that the office at Scotland Neck was closed on Sunday the message was not received and he passed away before his people could get there.

The remains were brought to Hobbard Tuesday morning and taken to the family cemetery for burial, the funeral service being conducted by Rev. R. A. McFarland. The floral offerings were beautiful, which gave evidence of the high esteem for the deceased.

He was a very industrious boy, always labored diligently at home, also at school. He had an exceptionally bright mind.

It seems very sad to see one of such qualities, as his, cut down in the bloom of life; but God knoweth best and doeth all things well. His will be done, not ours. Those he left behind should not grieve for they have the fond hope that he has gained eternal rest.

One year ago he left home as he thought best, and went among strangers but had great success. So weep not bereaved ones for Jesus has called him to rest.

Paint

Every gallon costs a painter's day's work. Poor paint, more gallons; good paint, less gallons.

Every extra gallon adds to your job its price and the painter's day's work; not far from \$5 a gallon. There are a dozen good paints and hundreds of poor ones. Devote is one of the dozen. The chances are: there isn't another in this town. DEVOTE.

The Convention Will Meet

In Elizabeth City, N. C., Wednesday, October 15 to 19, 1913, in the Olive Branch Baptist Church Rev. C. M. Cartwright, D. D., Pastor.

The next annual session of the North Carolina National Baptist State Convention will meet in Elizabeth City, N. C., Wednesday, October, 1913, and continue in session until the following Sunday night.

The minutes of the former session are unavoidably late, but the secretary will send them out immediately after he gets them from the press.

This coming session, which is of great and vital interest, will be held in the spacious and commodious edifice of the Olive Branch Baptist church, whose pastor, Rev. Dr. C. M. Cartwright, is president of the Convention.

People in various parts of the State are making preparations to attend this session of the Convention. Those who go by rail should join in groups of ten or more, whenever possible, and purchase a block ticket. This will entitle each purchaser in such group of ten persons to a considerable reduction in the railroad fare.

For further particulars write to the secretary.

WINTER comfort at home lies in the method used in heating the house. Stove heat is conceded by authorities generally to be the most healthy, but if you haven't a good stove, you'll be almost willing to risk the health part of it, and adopt some other means.

THE STOVES WE SELL are scientifically made to consume less fuel and throw out more heat than any others on the market. They are smoke consuming base burners of the latest pattern and sell at prices to please all.
