### The Bible as an Educator.

In his address to the British Educational Conference Viscount Bryce deplored the increasing unfamiliarity of school children with the Bible. Undoubtedly in this age of religious relaxation and education in non-sectarian schools and colleges boys and girls are grounded in the Bible to only a very moderate extent. The old contact with it in the family circle is gone, and the Sunday school is about the only agency left through which the younger generation gets its knowledge of the Bible, either as doctrine or as literature.

It would not be extravagant to say that the loss of such knowledge would be a great misfortune, looking at it only from the educational point of view. The English language as employed in the King James version rises to a dignity and harmony in prose and to an exquisite balance between vigor and beauty which it attains nowhere else. To cut off a pupil in the formative years from access to that masterpiece of expression is to deprive him of an almost indispensable standard by which to measure the power and purity of the English language. Dapper is the old-fashioned boy or girl who went unwillingly to family worship or struggled half-heartedly with the prayer book or the Westminster catechism. In educational value alone the brand thus cast in travel of spirit upon the waters has returned to feed him or her abundantly in later years.—New York Tribune.

Consulting Analytical Industrial and Sanitary Chemist. Office and Laboratory 308 No. 9th St. WILMINGTON, N. C.

Analysis of anything, particular attention to Fertilizers and Fertilizer materials. Cottonseed and Cottonseed products. Tanning materials for Tanners. Iron Ore and Steel. Chemicals and Dye Colors for Textile Mills, Dairy products, canned goods, Earth, Water and Wine.

Mr. Farmer, please read the following carefully: Whenever you buy Fertilizers and Fertilizer materials for you to do your own mining are you sure you are getting your money's worth. Of course you think you do, but you are not sure about that. ONLY AN ANALYSIS WILL TELL. The cost of the inside knowledge you will gain by, and may save you hundreds of dollars.

When you sell your Cottonseed you should sell it according to its contents of oil, and not by the bushel measure as you now do. If your seed are rich with oil, nitrogen and protein, you ought to be paid for it. An analysis will tell you so, and will cost you only \$3.50 for a complete analysis of your cottonseed. You then insist to be paid according to the real value of your seed. Your local cottonseed buyer will not be likely object to that, as it is as fair for him as it is for you. He wants his money's worth, so you want your seed money's worth.

# Makes Healthy Bowels

THIS simple rule of health is daily called attention to by every doctor in the land, whose first question to the patient almost invariably is, "Are your bowels regular?" Yet there's not one person in fifty who takes proper care of the bowels. And the result of this foolish neglect is nine-tenths of all ill-health, pains and discomfort, don't let that condition occur again tomorrow. Unless your bowels can carry away the waste materials left after food is digested, decay sets in, the poisons of which, taken up by the blood, increase in treating constipation, there is a right way and a wrong way. The wrong way is to take harsh purgatives which even though they do clear the bowels, cause griping and nausea, injure the delicate tissues, and so disturb the normal functions as to cause the return of constipation. The right way is to help Nature to produce natural movement, without pain or discomfort, by using

## Rexall Orderlies

More Than One Hundred Million Were Sold Last Year  
This enormous quantity was used with good results by busy men who suffered from constipation, due to lack of exercise, or indigestion caused by overwork—by children whose parents realize the harmful effect of common purgatives—by old people whose systems cannot stand anything harsh—by women during pregnancy, and after childbirth, when any medicine with a violent action would be particularly dangerous. Many of these people are your neighbors and friends. Ask anyone who has ever used them—they'll tell you Rexall Orderlies satisfied and helped them.

—a gentle laxative in the form of a chocolate-tasting tablet. One of these tablets eaten just before going to bed will help to restore your bowels to normal activity at a time when your body being at rest, the medicine can do its best work. As a result of taking that tablet (or say two, if your case is obstinate), your bowels will move easily and naturally in the morning. The use of Rexall Orderlies for a few days afterward will restore normal regularity. Even chronic constipation is benefited by them, and it is not necessary to continue the treatment for a long time, because, instead of driving Nature, they simply help her to help herself.  
Sold only at the more than 7,000 Rexall Stores and in this town only by us. Invest pocket tin boxes, 10c, 25c, 50c.

This Is Our Guarantee—You Risk No Money  
If Rexall Orderlies do not make your bowels act right, tell us so and we'll give back your money without asking a single question. There is no red tape to this guarantee. It means just what it says. You sign nothing. We won't hesitate, or ask you any questions. Your word is enough. If Rexall Orderlies do not do all you expect them to—if you don't feel better after using them and find that they are the pleasantest-acting and best laxative you have ever used, we want you to tell us and get your money back.
