

### RUN-DOWN WOMEN

Find Health in a Simple Tonic.  
How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed—but they are run-down, thin, nervous, tired and demoralized.

Women are so active nowadays, and so much is expected of them, that they constantly overdo and suffer from headache, backache, nervousness and kindred ills.

Such women need Vinol, our delicious cod liver and iron tonic without oil which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. Walter Price, Biloxi, Miss., says: "I was in a run-down condition for months. I had taken several medicines but they seemed to do me no good. Finally Vinol was recommended, and from the first bottle I began to improve until I am strong and well as ever."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

P. S.—For pimples and blotches try our Saxo Salve. We guarantee it.

### CAMPING GROUNDS FOR THE BOY SCOUTS

Lake Creswell, Washington County, Has Been Selected.

#### AN IDEAL PLACE FOR THE BOYS

Lake Creswell, seven miles from Creswell, Washington county, N. C., has been selected as a camping place for the Boy Scouts this summer.

Rev. Jno. T. Johnson, a prominent minister of Creswell, has written the local Scout Masters and answered questions asked by them and given further information as follows:

1. Who owns the camping ground and from whom would permission have to be obtained to use it? A stock company, Mr. C. C. Adams in charge, Somerset Farm, Creswell, N. C.

2. Are there buildings of any nature near that might be used as a camp-house? Plenty of vacant buildings.

3. How are the mosquitoes? Could we sleep there without protection from them? Some mosquitoes but not malarial. Yes.

4. How is the bathing? Is there sandy bottom and good beach? Fine. Shallow water a good distance out. Sandy bottom.

5. How is the water supply? Wells near. Good water.

6. How far is the nearest physician? His name? Dr. W. Hardison, Creswell. Seven miles.

Somerset, one of the most beautiful old "before the war" places, seems such an ideal place for your purpose that I cannot help adding just a few words more. Would it excite your curiosity to know that the lake is on a hill and that the water flows from and not to the lake. It has no natural outlet and inflow, yet the water is pure and sweet, and in olden times the people had big cisterns which they filled with lake water every winter for summer use. On the lake shore there is an old water mill that used the lake water as a motive power, and here the boys may have a delicious shower bath every day.

There are "fishes" in the lake, many different kinds, large and small. The boys may catch all the small pan fish they want. They can see the large bass and may catch them if they know how, but it is a hard job. They may be shot with small bore rifles.

I could tell you of the most beautiful scenery in Eastern North Carolina, but—bring a camera.

**The A. & M. College.**

If a person desires to know what the Agricultural and Mechanical College is doing for the State, a trip through any section will reveal its work. On our farms, in our dairies, in our orchards in our chemical plants and dye-houses in our cotton mills and machine shops, in our light plants, in the surveying parties of our railways, everywhere that progressive industrial operations are under way, you will find men who were fitted at this busy, common-sense College. More and more each year ambitious young men are turning their steps to West Raleigh for life training. The fall announcement appears elsewhere in this paper.

### WHITAKERS STORM-SWEPT.

Several Houses Demolished and Much Damage Done.

Information was received here Tuesday morning of a terrific wind storm that visited Whitakers and surrounding section Monday evening about dark that did considerable damage to buildings and crops.

Several houses were blown down in Whitakers, among them being the wholesale house of O. J. Moore & Company. Mr. O. J. Moore, of this place, one of the members of the firm, was notified and he went to Whitakers Tuesday morning. At the time Mr. Moore went away it was impossible to ascertain the damages, but he told us from what information he had it was considerable.

Reports say that Mr. A. W. Outerbridge, formerly of Scotland Neck and a member of the firm of O. J. Moore & Company, had his leg broken during the storm. He had left the store building and was trying to make his way to safety. The wind was blowing at such a terrific rate that he stumbled and fell against a log, thus receiving the injury.

Among the other houses damaged were the residences of Elder A. J. Moore and Mr. J. R. Bradley, and a saw mill belonging to a Mr. Bulluck. An effort was made to get full particulars by telephone but the lines were out of commission and this could not be done.

#### The First Cotton Bloom

The first cotton bloom that we gave heard of so far this season was sent in to the News & Observer office from Johnston county near Clayton. The cotton blossom was from the farm of Mr. Charles W. Horne, and was grown by Mr. N. L. Horton. Johnston county was also the first to produce cotton blossoms last year, and the same gentleman sent them in both times.

#### Box Party at Roseneath

There will be a box party at Roseneath on Friday evening, July 3rd. Ice cream will be served on the lawn. The ladies are especially invited to come and bring a box, which will be very much appreciated. The public is cordially invited. Come and enjoy the evening with us.

#### Don't Use a Stick!

Most people use an ordinary stick when carpets and rugs have to be beaten at spring cleaning time. But a proper carpet beater is far more effective and not so likely to injure the carpet. The really correct method is to beat well on the wrong side, then brush on the right.

#### HAPPY MOTHERHOOD

The happiness of motherhood is too often checked because the mother's strength is not equal to her cares, while her selfish devotion neglects her own health.

It is a duty of husband or friend to see that she gets the pure medicinal nourishment in Scott's Emulsion, which is not a drug or stimulant but nature's concentrated oil-food tonic to enrich and enliven the blood, strengthen the nerves and aid the appetite. Physicians everywhere prescribe Scott's Emulsion for overworked, nervous, tired women; it builds up and holds up their strength.

Get Scott's at your nearest drug store.

### THE BAN PLACED UPON ALL TENTED SHOWS

The Town Commissioners Places High Tax Upon Them.

#### FIFTY DOLLARS FOR EACH DAY

Following the rumor that several more shows of the class "Z" variety were coming here to tote away some more of the sweat-earned money of the laboring people, the city fathers at a called meeting Thursday morning amended the city ordinance by passing the following law in regard to circuses, side shows and other cheap forms of amusement:

"That article viii of the ordinances of the town of Scotland Neck insofar as it applies to circuses, side shows or performances given under tent or tents shall be amended to read as follows:

"Circuses or any side shows or performance given under tent or tents, within the town, or within one mile thereof, the sum of fifty dollars for each day's performance as license fee.

"That it shall be unlawful for any carnival or street show to give any exhibition within the corporate limits of Scotland Neck.

"Any person violating this ordinance shall be fined one hundred dollars."

#### Huerta's Two Mistakes.

Huerta is the flower of Mexican Indian. Such Indians have appeared, on occasions, in the United States. Huerta is brave. Huerta is masterful. But even Huerta has never betrayed possession of high ideals nor wide social vision.

And Huerta has made mistakes. Two of these mistakes, to be mentioned in passing, but which are not opposite to the contention of this article, are: (1) his not killing Zapata when he had the chance; (2) his very grievous error in not killing Villa the time he had him backed up against a wall facing a firing squad. It was on this latter occasion that he compelled Villa, on his knees; arms clasped about Huerta's legs, to beg Huerta for his life. Villa has not forgotten that little episode. And it is fair to assume that sometimes the memory of these two mistakes flits regretfully though Huerta's mind as he sips a drink at the country club and contemplates Villa moving irresistibly down on him from the north; both his coast blockaded by American warships and all arms and war munition embargoed; Zapata at his back to the south and west like a hungry tiger; his credit exhausted, but a small portion of his own country left in his hands, and his own people in his capital city ripe to turn on him the instant he totters. I should not like to be Villa or Zapata if only for five minutes Huerta should get hold of me. Nor should I like to be Huerta if only for five minutes Zapata or Villa should get hold of me.—Jack London in Collier's Weekly.

When baby suffers with eczema or some itching skin trouble, use Doan's Ointment. A little of it goes a long way and it is safe for children. 50c. a box at all stores.

### PERSONAL MENTION.

Items Concerning Our People and Other Folks.

Mr. O. J. Moore went to Whitakers Tuesday.

Mr. Paul Saulsbury, of Hamilton, was here some days last week.

Miss Beth Moore, of Rocky Mount, is visiting Miss Charlotte Moore.

Miss Ellowee Webb, of Morehead City, is visiting Miss Lillian Harrell.

Mr. L. Mills Kitchen, of The Commonwealth, was in Greenville Friday.

Mr. H. McLarty, of the Crescent Pharmacy, is visiting relatives in Monroe.

Miss Louise Curry, of Richmond, Va., spent Sunday afternoon in Scotland Neck.

Miss Kate Boyette has returned from an extended tour in the Middle Atlantic States.

Mrs. W. M. Johnson, of Winston-Salem, is visiting her parents, Mr. and Mrs. J. P. Futrell.

Miss Bessie Cherry went to Bethel some days ago to be with her mother, who is quite ill there.

Mr. and Mrs. John W. House, of Roanoke Rapids, were in Scotland Neck Thursday and Friday.

Mrs. J. L. Gay and children, of Suffolk, Va., have been here the past few days visiting friends.

Messrs. J. E. Condrey, Jr., and Gavin Hyman attended the June german at Enfield Thursday evening.

Mr. O. F. Smith has returned from Lumberton where she has visited relatives for the past two weeks.

Editor L. Mills Kitchen of The Commonwealth left Tuesday for Wrightsville to attend the Press Convention.

Ex-Mayor J. A. Perry, formerly of Scotland Neck but now of Greenville, is visiting his daughter, Mrs. R. C. Josey.

Mr. Roy D. Hardy, has returned from Charleston where he has attended the Citadel Academy the past session.

Mrs. J. R. Bradley returned to her home in Whitakers Tuesday morning after visiting friends here for several days.

Messrs. A. W. Futrell, of Woodland, Harry Boyce, of Rich Square, and J. W. Britt, of Roxobel, spent Sunday here.

Mr. and Mrs. L. B. Thigpen and daughter, Miss Virginia, of Washington, D. C., were here last week the guests of Mrs. Thigpen's mother, Mrs. W. R. Cherry.

Children's Day exercises will be held at the Methodist church Sunday evening at the regular preaching hour. Every body is cordially invited to come.

Miss Gertrude Jackson, en route to her home in Dunn from her year's work at the Boston Conservatory, spent several days here the past week with Miss Annie Cherry.

Mr. Cecil Hassell, formerly of Scotland Neck, who successfully passed the medical board last week at Raleigh, was here Wednesday and Thursday, returning to his home in Greenville Friday morning.

### VACCINATE AGAINST THE TYPHOID FEVER

Free Dispensaries Established in Forsyth County.

#### SUCCESS OF TYPHOID VACCINE.

Just as we open the papers in the morning mail our eyes light on the following announcement in big type across two columns of a North Carolina county paper:

(Announcement by E. F. Stryckland, M. D., of anti-typhoid dispensaries in Forsyth county.)

Let us hope that this announcement is prophetic. Let us hope that just as we have had a South-wide crusade against hookworm disease, we shall now have a South-wide crusade against typhoid fever. Of course we must keep up the fight for better sanitation, for screening houses and killing flies, for proper safeguarding of the water supply, and for proper disposal of sewage. But no matter how vigilant may be our efforts in these particulars, everybody should take the anti-typhoid vaccine. And if there are any who doubt the efficacy of the treatment, let them read the following extracts from last year's official report of the Surgeon General of the United States Army. We quote:

"The army got through the year 1913 with only two cases of typhoid fever in the enlisted strength of more than 80,000 officers and men. One was that of a man who had not been immunized with the typhoid vaccine, and was believed to have contracted the fever before he enlisted; the other case was among the troops in China, and though the man was immunized in 1911, the history of the case is in doubt.

"The Navy, which adopted the vaccine later than the Army, and did not make its use at once compulsory, had among its 50,000 jackies only seven authentic cases of typhoid in the year ending last June. Four of those were treated at a remote tropical station, where the vaccine had deteriorated.

"Such is the wonderful record of the prophylactic treatment. . . . "Before the resort to immunization, typhoid cases in the Army averaged about three to a thousand enlisted strength, or in the neighborhood of 250 cases a year."

As typhoid fever every summer takes such fearful toll of human life and happiness all over the rural South, we earnestly urge every Progressive Farmer reader to see his physician at once and take the anti-typhoid vaccination. We urge this as an individual duty, and we also insist that it is the duty of States and counties to inaugurate systematic campaigns against typhoid fever just as Dr. Stryckland is doing in Forsyth county. We should have a South-wide campaign against typhoid fever carried on as vigorously and scientifically as has the campaign against hookworm disease.

And now that the Rockefeller Sanitary Commission is finding less to do in combatting hookworm, why should it not join with the State in just such a South-wide crusade? The Progressive Farmer.

### Thorough Work.

How Scotland Neck Citizens Can Find Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—Any curable disease of the kidneys, Use a tested kidney remedy. Doan's Kidney Pills have been tested by thousands.

Grateful people testify. Can you ask more convincing proof of merit?

G. W. Tye, Cedar St., Weldon, N. C., says: "My kidneys gave me a great deal of trouble and I had pains through my loins. After taking Doan's Kidney Pills, all these aches and pains left and the trouble with my kidneys became a thing of the past."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Tye had. Foster-Milburn Co., Props., Buffalo, N. Y.
