Give your Child

Dr. King's New Discovery
for Coughs and Colds.

Dr. King's New Discovery is a Doctor's Prescription used for over 45 years. It is pleasant and children like it.

You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, just enough to expel the poisons from the system. Dr. King's New Discovery is antiseptic—kills the cold germs—raises the phlegm—loosens the cough and soothes the irritation.

"I have used Dr. King's New Discovery for the past three years and use it continually in my family. My children are very fond of it for it keeps them free from cold. I can't say too much for it, and take pleasure in recommending it to my friends." Mrs. A. S. Haines, *Francisco, N. H.*
Don't put off treatment. Coughs and colds often lead to a chronic cough, pneumonia and other serious lung troubles. It is also good for adults and the aged. Get a bottle to-day. All druggists.

A Quiet Home Wedding.

On last Tuesday at high noon, at the home of Mr. and Mrs. J. S. Wright, parents of the bride, a very pretty and simple home wedding was solemnized in the presence of a few intimate friends of the contracting parties, when Miss Lena Estella Wright, of this place, became the bride of Mr. Francis R. Williams of Berkeley, Va.

The home was tastefully decorated in white, pink and green and a profusion of nut flowers, chrysanthemums and ferns added greatly to the charm of the occasion.

The beautiful and impressive ring service of the Methodist Church was used, Rev. L. Singleton officiating. The bride was attractive in a handsome going away suit of midnight blue, and carried white roses. The attendants were Miss Irene Wright, sister of the bride, with Mr. Geo. Rogister. Miss Wright wore blue and carried pink roses. Little Miss Alma Marks was dainty in a white frock with pink ribbons and carried the ring in the center of a lovely pink rose.

Immediately after the ceremony Mr. and Mrs. Williams motored to Palmyra, where they boarded the train for Berkeley, Va., their future home. These popular young people take with them the best wishes of a host of friends for a long and happy and useful life.

Willie Thurman Edmonds.

Monday afternoon, November 1, 1915, the death angel entered the home of Mr. and Mrs. Willie Edmonds and despite the prayers, tears, and anxious hearts, took from them their loved one, Willie Thurman Edmonds, aged 2 years, 11 months and 7 days.

During his illness he was tenderly nursed by loved ones and attended by an experienced physician, who did all that was possible. He was a bright child and we all were loathe to give him up, but we have a sweet promise that we shall see him again. He was a flower of the home and leaves a heart-broken mother and father, sister and brother, and a host of relatives to mourn their loss, but we know that our loss is his eternal gain, and we know he is in glory waiting with beckoning hands for loved ones he left behind.

Dear little one thou has left us,
Gone to sleep from all thy pain;
Any thy soul is sweetly resting
In the blessed heavenly home.

He is sleeping, softly sleeping,
In a new-made grave today;
We are weeping, sadly weeping,
For our loved one, gone away.

In the graveyard softly sleeping,
Where the flowers gently wave;
Angels are our loved one keeping,
'Neath the cold but silent grave.
—Aunt Addie.

Jung Ki Has Departed

Having heard that Jung Ki, the Chinese Republic's senior Representative to Scotland Neck, had departed from our midst, the Commonwealth man forced an audience on Sing Ki, the former's son Tuesday afternoon to ascertain the facts. The reporter was received with all the ceremony necessary for such a mission and soon had the facts on note paper.

According to Sing Ki, his father has gone back to China to pass away the rest of his natural life with people of his own tongue. The senior Ki was born in Hong Kong 64 years ago, and has made three separate and distinct trips to America. He first came here when only 15 years old. After a short career at his favorite trade he returned to claim a bride. After the wedding he returned here and thence back to the land of the rising sun. Here it was that Sing Ki, first saw the light of day. He came to this country only a few years ago, more recently coming to Scotland Neck to join his father, who has established a fairly profitable laundry business.

"What is the title of the firm now since your father has gone away," queried the reporter.

"Sing Ki first-class laundry," was the curt reply.

And you think you will succeed at the business, do you?"

"Velly fine people, velly fine business here."

Jung Ki made many friends while here by his honesty and scores of local people wish him safe passage across the big pond on his way back China.

Peanut Factory Ready For Business

The National Spanish Peanut Co., of Scotland Neck, has finished putting down its machinery and other equipment here, and the big factory is now ready for business. The lights were turned on in the building Tuesday night, which at a distance looked like a big building of the city. The Commonwealth will carry a more descriptive article about this concern and its plant here in the next issue.

Jail Delivery at Halifax

The Commonwealth learns that two prisoners at the county jail in Halifax succeeded in making their escape Tuesday. The instrument used in affecting the escape is said to be an iron railing used on the beds in the cells. With this they pried the bars of the steel cages apart and got into the main corridors, from whence they ran as the jailor was serving the mid-day meal to the other prisoners. The names of the fugitives are Loftin and Halthoch, awaiting trial for larceny and violating the whiskey law, respectively.

Resigns After Eleven years Service

Mr. W. L. Mizell, rural route carrier from Palmyra station has resigned after 11 years uninterrupted service. He expects to go into the mercantile business about January 1st.

Mr. Mizell has missed only one day from his long employment as a government carrier, that being on account of extremely bad weather. On one occasion he walked and carried his mail for five days when the ground was covered with ice. He has driven the same horse for ten and one half consecutive years. His route is quite a long one, being 25 miles or more.

Mr. Mizell is one of the most prominent and upright citizens of his community and his many friends wish him much success in the new business venture. The vacated position will be filled by a civil service examination.

"Within The Law" Pleased

Beyard Veiller's melodrama, "Within the Law" which was presented at Madry's Opera House Tuesday night, was pleasing in every particular. Henrietta Valli, who played the most important role, deserved all the applause she received. Mr. Madry is giving his patrons a good line of attractions and the local public is showing its appreciation by crowding the little opera house at every performance.

Lost \$34 at Palmyra

While boarding the train at Palmyra station a few nights ago, Mrs. G. Hoffman of this place lost \$34 in cash. As she was preparing to enter the coach her hand-bag came open and several articles dropped to the ground. These were hurriedly picked up, but the loss was not discovered until after she arrived at Hobbart. The party who found this money would do the right thing by returning to Mrs. Hoffman, who in turn would probably reward them.

New Advertiser

We re-introduce to our friends and subscribers this week, the old established firm of Burroughs-Pittman-Wheeler Co., dealers in dry goods, clothing, shoes, notions, hardware, and in fact everything for everybody. They are just now showing a big fall and winter display, and invite you to come to the store and see for yourself. The men who compose the firm are well-known citizens and business men of ability and you cannot go wrong in making purchases at the big store on the corner. Don't fail to read the ad. After reading it, tell your friends about the firm and the line they carry. They appreciate business in large or small quantities.

Mens Forward Movement

The Rev. A. C. Lawrence of St. Matthew's Church Hillsboro, and the Rev. Milton A. Barber, of Christ Church Raleigh, will be at Trinity Church, Scotland Neck in the interest of the Men's Forward Movement, on Wednesday and Thursday of this week. The services will be 7:30 Wednesday night, and 3:30 and 7:30 on Thursday.

The Men's Forward Movement is a Diocesan movement and every parish in the Diocese will be visited by members of the Committee. The primary object is to get the men more interested in the activities of the church, especially in regard to Church Missions. A unique feature of the work in Scotland Neck will be an "every member canvass" of the congregation to take place on a day to be appointed when a committee will, within two hours, make a personal presentation of the work to each member of the congregation.

The service at the church will be full of interest to all, as the speakers will treat of missions in all parts of the world and there are many curious facts that they will bring out which will be new and instructive. All are invited to attend.
