A Family Newspaper: For the Promotion of the Political, Social, Agricultural and Commercial Interests of the People

VOLUME XXXIII.

TWICE-A-WEEK

SCOTLAND NECK, N. C., TUESDAY, SEPT. 26, 1916.

READ IT FIRST IN THIS PAPER

NUMBER 65.

WATERWORKS BONDS BRING GOOD PREMIUM

This afternoon word came to Mr. Henry T. Clark, one of the town commissioners, that the Gate City Trust Company of Greensboro, N. C., would buy the whole of the bond issue at the price of \$81,288.00 for the eighty thousand dollars of bonds, which means that they have offered \$1.288 premium, or one dollar and sixty two and one eighth cents over the par value.

Confirmation of the sale by the attorneys of the Trust Company is necessary to the completion of the sale, but this is merely a matter of form, and a protection to the trust company, that the town of Scotland Neck, through its commissioners, has conformed to the law regarding the issuance of bonds, that a legal and proper election was held, and that no bar stands in the way of the bonds being gilt edged security.

These bonds are issued in series all being of the denomination of \$1000, the first series of 30 bonds are payable ten years after date, or October 1st 1926; the second series of 25 bonds are payable twenty years after date, or Oct. 1st 1936, and the last series of 25 bonds are payable thirty years after date, or October first 1946. All of them draw interest at the rate of five per cent per annum upon the par value, and the proceeds are specifically stated to be used for the purpose outlined in the resolution of August 22nd, 1916, viz: for Waterworks, sewerage and storm drainage.

WILSON PROGRESSIVE

Ida Tarbell declares President fills "Moose" Bill

Miss Ida Tarbell, the noted author and editor declares: "President Wilson is the first real Progressive leader using the term in its modern sense—that America has produced," and in comparison she says that Mr. Roosevelt "does not and never has really understood what the Progressives were fussing about and there never has been one of them who could tell him so that he can get the idea."

RAILROAD EXECUTIVES ARE INVESTIGATING NEW LAW

"To Ascertain, First, Effect of Law as Practical Operating Problem, Second, Its Legal Status."

New York, Sept. 25.—A statement issued here Friday on behalf of the railway executives' advisory committee, representing the railroads affected by the Adamson eight-hour law, explained the purposes of its investigation put under way with a view to meeting the problems presented. The objects are "to ascertain, if possible, first the effect of the law as a practical operating problem, and, second, its legal status."

INFANTILE PARALYSIS HAS BEEN NEARLY STAMPED OUT

Public Schools, However, Will Bar all Children and Teachers Who Have Resided in Infected Houses.

New York, Sept. 25.—The epidemic of infantile paralysis in this city was declared tonight by the health department officials to be at an end, and as danger of a recurrence of the plague is believed to have passed, members of the department who have been detained here all the summer will start on their vacations today.

Instructions were given today to the 497 nurses, one of whom will be present in each school on opening day, to refuse admittance to any child or any teacher who may have lived in an infected house.

PRESIDENT WILSON CRITICIZED BY GERMANS

Amsterdam, Holland, Sept. 25, (via London).—The Berlin Tages Zeitung today ridicules Prince Alexander of Ooheho's recent article in the Neue Züricher Zeitung in which he reached the conclusion that Pope Benedict and President Wilson must bring about peace if general European bankruptcy is to be avoided, and also expressed the belief that a cessation of American supplies of munitions to the Allies would be followed mechanically by the cessation of the war.

The Tages Zeitung makes the article a basis for a new attack upon President Wilson and Ambassador Gerard, pointing to what it declares have been the repeated declaration of the President, Secretary of State Lansing and the ambassador that "the duty of the United States is to interfere as a mediator and participate in the peace negotiations, not as a mediator but actively just as one of the belligerents."

N. A. RIDDICK, OPENS BRANCH AT HENDERSON

Henderson Garage taken over, Mr. J. C. Riddick in charge

The business of the N. A. Riddick Motor Car Company in Vance county has grown to such proportions that Mr. N. A. Riddick for some time has been considering opening a branch in Henderson, so that when a favorable opportunity arrived, and he was able to negotiate a deal with the owners of the Henderson garage, he signed a contract last week for the occupation of that building, which is in the best business portion of the city, and most suitable for the salerooms and service station for Saxon and Buick cars.

Henderson is probably the best town of its size in North Carolina and people are prosperous there, so that during the past year a great number of the cars handled by the Riddick Motor Car Company have been sold there, and, as they guarantee service for the first year, it was essential to have a service station as well as distribute the cars from that point.

May of the best people have purchased Buick and Saxon cars, so that this company does not enter that field unknown, therefore it is a foregone conclusion that the business done at Henderson will equal, if not exceed, that done from the Scotland Neck headquarters.

SECRETARY DANIELS AT KALAMAZOO

Discusses Importance of Naval Preparedness

Kalamazoo, Mich., Sept. 25.—Importance of the provision in this year's great naval appropriation bill authorizing the President to call a world disarmament conference was emphasized in a speech here tonight by Secretary Daniels. "As long as other great powers rush into a disarmament conference, America cannot safely fail to speed up its program so as to be able to meet any possible foe," Mr. Daniels said, "but in the very terms that say to the world we have the money and we are ready to spend it to make a navy just as big as our extended coast line and national interests demand, we say also that we are ready to stop this program of construction if an international agreement among the big navy powers can be reached to end competitive construction."

DEMOCRATIC APPOINTMENTS.

Appointments just announced from Democratic State headquarters are the following:

Attorney-General Bickett—Smithfield, Sept. 26; Charlotte, Sept. 30.

Senator Overman—High Point, Sept. 26; Albemarle, Oct. 9.

Congressman Claude Kitchen—Shelby, Oct. 2; Morganton, Oct. 3; Nash County rally, Oct. 13.

Ex-Governor Glenn—Southport, Sept. 27; Whiteville, Sept. 28 (day); Chadbourne, Sept. 28 (at night); Statesburg, Wilson County, Sept. 29 (in the afternoon).

Hon. Cameron Morrison—Tarboro, Sept. 27; Wilson, Sept. 28; Greenville, Sept. 29; Kinston, Sept. 30.

Judge J. S. Manning—Dobson, Sept. 27; Reidsville, Sept. 28 (3:30 P. M.); Maydon, Sept. 28 (8:30 P. M.); Caswell County, Sept. 29; Roxboro, Sept. 30.

Congressman Page—Union County, Sept. 27; Chatham County, Sept. 28.

Hon. Walter Murphy—Statesville, Sept. 27; Mooresville, Sept. 28; Lexington, Sept. 29; Ashboro, Sept. 30.

Local speakers everywhere are getting warmed up to the situation and October promises interesting developments along political lines.

NORTH CAROLINA TROOPS OFF FOR TEXAS

Morehead City, N. C., Sept. 25.—Bridghead headquarters and the First North Carolina infantry left here yesterday for El Paso, Texas, on three special trains. The Second infantry will leave today and the Third infantry Wednesday.

Serious Rioting.

London, Sept. 25.—Serious rioting in which a number of lives were lost, took place at Chemnitz last week, according to a Central News despatch from the Hague.

"FLYING WHALE" BOAT IS GERMANY'S NEW OFFENSIVE

The Weapon is an Aeroplane, But Has Appearance of an Immense Fish.

With General Von Linsingen's Armies on the Russian Front, Aug. 20. (By Mail)—Germany has added flying whales to her other war wonders of the air.

A hundred yards away these new aeroplanes look like gigantic fish with double fins which have flopped out of the water and lie stranded on their bellies on the sand. They have four big eyes on each side.

High in the air they are the most startling creatures I have seen on any front. They look like the flying fish one sees on the ocean, many times magnified.

On close examination you discover an aeroplane standing about eight feet from the ground. The wings are those of an ordinary aeroplane, but the bodies are shaped like that of a fat fish. The motor is enclosed in the head and at the sides, where the eyes of the fish would be, are two windows. The operator or observer can look out from above the fish's back or from the sides through the eyes.

(The censors' scissors had detected a paragraph at this point, possibly carrying more details of the aeroplane's construction.)

These flying whales have greater speed, more bomb-carrying capacity and quicker action than any other biplanes in Europe, officers at the German aviation camp told us. The one I saw was not large. The Germans have other aeroplanes much larger, equipped with two motors and carrying three or four persons, but for purposes of combat the "flying whales" cannot be equalled, even by the famous French Nieuport machines.

NELSON PAGE AT FRONT

American Ambassador Visits King of Italy.

Rome, via Paris, Sept. 24.—Thomas Nelson Page, the American ambassador, who has just returned after spending two weeks at the front, was received by King Victor Emmanuel while there. In a statement for the Associated Press Ambassador Page said:

"I saw the front with which I was familiar in happier and more peaceful times. Though it is impossible to give details, my wildest imagination had never conceived before the difficulties."

"It is simply fantastic. Whatever may be the condition on other fronts, they cannot exceed the difficulties of those Tyrol Alps where both belligerents are struggling amid mountain tops covered with snow."

Killed in Action.

London, Sept. 25.—Lieut. Col. the Hon. Guy Victor Baring was recently killed in action. He was a Unionist member of Parliament for Winchester since 1906. He was the son of Lord Ashburnham and was born in 1873. He had traveled extensively in the U. S. and Canada.

EXPORTS LARGEST ON RECORD.

Washington, Sept. 26.—American exports finally have passed the half billion dollar month mark. Statistics issued today by the Department of Commerce show that goods sent abroad in August were valued at \$510,000,000, a record not only for this country but for the world.

FROM LOUISIANA BY MOTOR.

Mr. J. W. Alexander is Here for Few Days with Relatives.

Mr. J. W. Alexander, wife and son and Mr. W. H. Gray and wife, of Alexandria, La., drove into town in their eight cylinder Cadillac car, having motored from Louisiana and stopping off for the day as guests of Mr. and Mrs. Norfleet Smith.

Mr. Alexander is the son of the late Col. Alexander, who was well known in this section, has been a resident of Louisiana for the past thirty years, and is identified as a leading man of the state. In addition to his many other interests he cultivates a farm of 2900 acres and has a herd of about 2500 southern cattle. So great is his interest in cattle raising that he was greatly impressed with the visit he paid to Mr. Ed Smith's place to view his herd of Aberdeen Angus.

Speaking of his trip, Mr. Alexander said, "The roads in this vicinity are better than any part of my trip, for the farther south you go the worse the roads are."

"In Louisiana we have few good roads, and because of that I introduced a bill at the last legislature asking for a bond issue of twenty million dollars for Louisiana good roads. This bill was defeated by two votes it is true, but the legislature appointed me a commission to investigate the road question, and examine those of other states, which is the reason I am here in your town and state and to report the needs of the state at the next session of the legislature. I have determined to ask for a bond issue of \$25,000,000, now that I have seen what North Carolina and other states have done."

FOR WILSON and MARSHALL

FOR PEACE PREPAREDNESS and PROSPERITY

OCTOBER TWELFTH WILL BE UNIVERSITY DAY AT THE HILL

Occasion Will Be Observed at Chapel Hill More Completely Than Ever Before.

Chapel Hill, Sept. 25.—University day—October 12—will be observed this year in a more complete manner than for many years, according to the plans now being made for its observance here, throughout the State and outside the State. Alumni throughout the country will meet for speeches and reminiscences or perhaps—banquets. Speakers will be sent from the University to convey greetings to bands of alumni in as many places as possible, while the celebration at Chapel Hill will partake of the nature of similar celebrations in the past.

Dr. Edwin Mims, professor of English in Vanderbilt university, is to deliver the address here this year.

WILD ANIMALS FEAST ON BULGARIANS AND SERBIANS

Jackals and Hyenas Creep Down the Mountains to Devour Bodies of Slain Soldiers.

London, Sept. 25.—Jackals and hyenas creeping down the mountains along the Serbian frontier are feasting on bodies of Bulgars and Serbs, slain in the fierce fighting northeast of Lake Ostrovo. Three hundred corpses piled in a heap in one ravine have been found stripped of flesh by hyenas and thousands of vultures that hovered over the battlefield in daytime.

The Bulgars have been mowed down by machine guns. The advancing Serbians found only skeletons and bits of torn uniforms.

Colder weather is aiding Serbian operations on the Balkan front.

BELGIAN LEGATION FILES PROTEST AGAINST GERMANS

Alleged that Teutons are Trying to Force Loan from Banks of Midlet Country.

Washington, Sept. 25.—A protest alleging that German military authorities are attempting to force a loan of 1,000,000,000 francs (\$200,000,000) from the Belgian banks and that Mr. Carlier, director of the National Bank of Belgium has been imprisoned because of his refusal to consent to the proposal, was filed at the State Department today by the Belgian legation.

REPORTED THAT CURA HAS VAST QUANTITIES POTASH

American Consul General is Advised to Investigate by the Department of Commerce.

Washington, Sept. 25.—The report that great quantities of potash have been found in Cuba is interesting officials here and will interest cotton farmers of the South.

The Department of Commerce today cabled the American Consul General at Havana to investigate a published report that millions of tons of potash have been discovered near Motombo, on the Matanzas and Santa Clara border, with deposits averaging 25 per cent pure.

ENORMOUS QUANTITY OF LEAF TOBACCO SOLD LAST YEAR

North Carolina's 55 Markets Sold a Total of 224,231,832 Pounds of Golden Weed.

The 55 leaf tobacco markets in North Carolina reported to the State Department of Agriculture at Raleigh 224,231,832 pounds of leaf tobacco sold during the year, August, 1915 to August, 1916, compared with 238,344,444 pounds for the year previous. This is about 30,000 pounds more than is reported to have been sold in this State during the year by the United States Census Bureau.

The sales the past year were 194,193, 629 pounds first hand for the growers and the remainder resales for the warehouses and dealers.

Winston-Salem led the markets in the State with 24,404,062 pounds and Wilson was second with 22,996,008 pounds and the next highest was Rocky Mount with 18,951,149.

GOVERNMENT ISSUES OFFICIAL COTTON STANDARDS

County Agents in the Cotton Producing Areas Receiving Help from the Office of Markets.

Washington, Sept. 25.—To assist in bringing about more extensive use of the official cotton standards of the U. S., by growers in their sales, the office of markets and rural organization of the United States Department of Agriculture is co-operating in placing in the hands of county agents in the cotton producing sections sets of practical forms of the standard. The forms are finished only after the agents have given satisfactory assurances that they will be kept in a place accessible to cotton growers, in the care of a competent custodian who does not profit directly from trading in cotton.

More than 60 sets of the practical forms of standards have already been sent to county agents. It is expected that more than 100 will be placed in this way. Each set of the practical forms consist of the nine grades of white cotton. The sets remain the property of the United States government.

In arranging for the keeping of the standards in the counties the office of markets and rural organization has approved such agencies as banks, chambers of commerce, boards of trade, stores whose proprietors do not trade in cotton, etc.

The official cotton standards of the United States are used by practically every important spot market and exchange in the south, and it is the desire of the cotton specialists of the department that the sales and purchases of cotton from the time it leaves the farmer's hands until it reaches these larger markets shall be conducted on the basis of the standards. It is believed that the presence of a set of the practical forms in each county, where farmers may examine and become familiar with them, will be a valuable educational force in grading and will tend to bring about the substitution of methods of more exact classification in place of the approximations to grades now often employed in gin, street, and warehouse sales.

With the forms of the standards in easy reach for examination and comparison with the published reports of grade prices in the nearest important spot market available through daily papers, it should be possible for growers to arrive at a reasonably close valuation of a given grade of cotton. It is expected that some county agents will figure the local valuations daily for the different grades, taking into consideration the cost of handling cotton to the nearby spot market, and will bulletin the figures. The office of markets and rural organization will furnish such reports from time to time quotations on the various official grades from the nearby important spot markets, as well as from all the spot markets, designated under the cotton futures act.

GERMAN DEFEAT ON WESTERN FRONT.

London, Sept. 25.—Attacking simultaneously on an arc of 15 miles, running from Martiniquich to the Somme, the British and French forces have delivered another smashing blow on the German lines and pushed forward their positions for notable gains.

From Martiniquich to Comblès, a distance of six miles, the British have driven in this wedge to a depth of more than a mile, and captured in the attack the important strategic towns of Les Boeufs and Morval, the latter a scant mile north of Comblès.

To the French fell the town of Rancourt, two miles east, and the outskirts of Fregicourt, one mile northeast of Comblès. In addition, trenches near Fregicourt, in the vicinity of Bonehavesnes and to the south from the vicinity of the Canal Du Nord to the Somme were taken.

PRESIDENT WILSON AT BALTIMORE.

Baltimore, Md., Sept. 23.—President Wilson delivered a speech almost devoid of politics before the National Grain Dealers' Convention here today. Discussing ways in which American commerce can be expanded, he told an audience of 3,800 people that through the new tariff commission, the trade commission, the Federal Reserve Act, the shipping bill and similar measures he expected business men in this country to open up a new era for the nation.

"The purpose of legislation in the immediate future in this country," Mr. Wilson declared, "is going to be to remove all ingenious constructions and make it perfectly clear what the liberties as well as what the restrictions of trade are in this country."

San Antonio, Texas, Sept. 25.—Belief that Francisco Villa will soon cut the Carranza line of communication between Chihuahua City and Juarez, if he has not already done so, was suggested by Major General Funston today after he had read report on Villa's Chihuahua engagement received from Brig-Gen. Bell at El Paso.

GRECIAN STATESMAN MAY HEAD REVOLT, IS REPORT.

Former Premier Venizelos Reticent as to his plans.

Athens, via London, Sept. 25.—Eliptorio Venizelos, the former premier and Cretan statesman, was asked today as to the truth underlying the repeated reports that he is going to Saloniki to put himself at the head of a temporary revolutionary government, and in reply he declared to the Associated Press:

"I cannot answer you now. I must wait a brief time yet and see what the government proposes to do before deciding on the course it would be best to adopt in event Greece does not enter the war."

"As I said on August 27, if the king will not hear the voice of the people, we must ourselves devise what it is best to do. I do not know what that will be, but a long continuation of the present situation would be intolerable. Already we have suffered all the agonies of a disastrous war while remaining neutral. We even have more than an entire army corps of Greeks held prisoners of war in a foreign country, and already we have paid the Bulgarians an immense war indemnity, amounting in military equipment, property destroyed and loot of Greek cities occupied to more than \$10,000,000. And, finally, we are perhaps on the verge of making now, at last, that war which we have not fought, but have paid for in blood, tears and treasure."

"And if Greece does not enter the war?" he was asked.

"If the Germano-Bulgars are successful," replied M. Venizelos, "certainly all of Macedonia is lost to us."

"Or in the event of a complete allied conquest of Bulgaria, why should the Serbs, for example, return to us who have not kept our treaty alliance with them, those parts of Greek Macedonia they and their allies have not taken from us, who gave them up unresisting, but which would then have been reconquered at the point of the bayonet from the Bulgars, to whom we had surrendered them?"

ROSH HASHANAH JEWS' NEW YEAR

Thursday, September 28, will be a day of great celebration among the Jewish people the world over, for on this day falls Rosh Hashanah, or the Jewish New Year. The real celebration will commence, however, the previous evening, since from Bible usage the days are counted from sunset to sunset. The more orthodox members of this sect will also observe not only Thursday but Friday as well.

This custom of observing an additional holiday, in connection with all the more important Jewish holidays, grows out of complex conditions in the calculation of early rabbinical times, and the practice established then, has been continued to the present time, although the original reason no longer obtains. The reformed Jews, however, will celebrate on the day that is scripturally prescribed.

While the date of this festivity varies according to the modern calendar, it always falls upon the first day of the Jewish month of Tishri, and the New Year that is soon to be ushered in is, according to the traditional calculation of the Jews, the year 5677.

Unlike our New Year, this day has been made to resist secularization, and is in form and spirit, a holy day, and in no sense a holiday. It is a day that is celebrated by solemn services, both evening and morning. It is, in short, a day devoted to retrospection, introspection and plans for the future.

This is a day, that, according to ancient traditions, the souls of men, assembled before the divine tribunal, at the assizes on high. On this day the great Recording Book lies open, and the individual destinies are set down, but (and this is the significant element in the conception), the awards in each case must be sealed by the person himself, meaning that the varying issues of the New Year, though they proceed from God's Providence, no one's future is determined apart from what he is himself, and does. From this conception has grown the greeting that is now exchanged on this day, "Teshonah tovah ti-kasevu," meaning practically the same as our greeting of "Happy New Year."

One of the quaintest features of the celebration of Rosh Hashanah, is the blowing of the Shofar or Ram's Horn. As the notes of the Sofar are of a peculiar piercing sound, this may be described as a clarion call to the conscience to strive after the higher life in the New Year. The prominence given to the sounding of the Shofar, during this celebration has led the Rosh Hashanah to be known as the "Yom-ha-Teruh" or "the day of the sounding of the Shofar."

Greece Sends Ultimatum?

Athens, Tuesday, Sept. 19, via London Sept. 20.—(Delayed)—There is reason to believe that the Greek government has sent an ultimatum to Germany and Bulgaria, advising Wednesday night, demanding the immediate return of the soldiers taken prisoners at Kavala.

ADDITIONAL LOCAL ITEMS OF INTEREST

An important meeting of the Betterment Association is called for Friday afternoon at four o'clock at the school building, at which the association will be gotten into shape after the summer recess, and plans for the fall and winter work will be discussed. It is earnestly hoped that many others will take an interest in this work and be present at the first meeting.

Mrs. J. B. Slaughter, President.

Commencing the second week in Oct. Superintendent R. D. Jenkins has planned to have night school classes for all those, including men and women, who cannot attend the day school. The grades will be from the first to the seventh, and if necessary the eighth grade will be added. These classes will be held three evenings in the week, Monday, Wednesday and Friday of each week, and will commence at such an hour as will be found suitable for those who wish to take advantage of these classes. This is a great innovation and one that should be readily acceptable to all those who work and cannot go to the day school, and also to those grown up boys and girls, and such men and women who have not had the advantage of sufficient schooling, that they are deprived of the opportunity of advancement in the world.

"The two families" was the subject selected by Rev. G. V. Lamb for his address Sunday afternoon at the New Opera House. The theatre was full to overflowing, and the service, following a series of sacred song, under the direction of Prof. Scheffel, was closely followed, the speaker delivered a well rounded discourse depicting clearly the course between right and wrong.

The protracted meeting will continue throughout the week, at 10:30 in the morning and at 7:30 for the evening service, until Friday.

HOPKINS-HARBELL

Popular Young Couple Wed—Other Items of Interest.—Honor Roll for Graded Schools.

Oak City, Sept. 26.—A quiet home wedding was solemnized Tuesday morning at 8 o'clock, Sept. 26, 1916, at the home of Mr. and Mrs. S. E. Hines, when their sister, Miss Annie Mae Harrell, youngest daughter of the late Mr. H. K. Harrell, was married to Mr. James Hopkins of Holgood. Rev. Mr. Strickland of Holgood performed the ceremony. The parlor was prettily arranged with potted ferns and plants. After a wedding breakfast with the immediate family Mr. and Mrs. Hopkins motored to Palmyra, where they boarded a train for Norfolk on their way to Washington, D. C., and other cities north. They will make their home at Oak City where Mr. Hopkins intends to go into business.

Miss Lulu Jones returned to her home in Rocky Mt., last week.

Mrs. Pat Haskett returned to Port Norfolk Tuesday.

Miss Ada Tew is visiting in Parmale this week.

Miss Emily Hines spent Monday and Tuesday in Parmale.

Mr. and Mrs. S. E. Hines, Mr. Jim Hopkins and Miss Annie Mae Harrell were in Tarboro Monday evening.

Mr. N. Parker arrived Sunday to act as a C. L. agent for a few days.

Miss Kate Pitt has resigned her position here as stenographer to take one in Rocky Mount, her home, as book-keeper.

Miss Virginia Martin of Albemarle, N. C., has accepted a position with R. W. House & Bro., as stenographer.

A large number from Oak City attended yearly meeting at Spring Green Sunday.

Misses Dora and Beatrice Daniel spent Sunday in Robersonville.

Miss Clyde Jordan returned from Lewiston Thursday.

Mr. R. W. House went to Kinston Sunday afternoon.

Following is the honor roll for the Oak City high school:

First Grade—Nat Johnson, Edward House, Marion House, Willie Johnson, Ruby Hurst, Ernest Etheridge.

Second Grade—Gladys Everett, Margaret Hines, Sara Long Johnson, Leola Hines, Pauline Ross, Hazel P.iland, Eloise Ruff, Erma Johnson, Manie Lee Turner, Rupert Rawls, Ethel Brown and Mildred Earley.

Third Grade—Lucille Piland.

Fourth Grade—Christine Piland, Lil-ton Hurst, Paul Savage, Clifton Hyman.

Fifth Grade—Mary Lee Savage, Annie Hurst, Syble Ross, Virginia Hines, Howard Brown, Francis Brown, Rudolph Whitley.

Sixth Grade—Elizabeth Moore, Selma Johnson, Wheeler Daniel, Herman Daniel, Paul Turner.

Seventh Grade—Bertha Piland, Pauline Johnson, Alta Hines.

Eighth Grade—Marion Everett, Edgar Turner.
