ders, etc., should be made payable  
to The Commonwealth, Inc.

Friday, Sept. 29, 1916.

With the constant demand in the  
large cities for increased wages, the  
attack made on President Wilson by  
his presidential opponent, on the Adam-  
son law, that settled the railroad strike,  
that this law was unpopular, is not get-  
ting Mr. Hughes anywhere. The labor-  
ing man is with Wilson, believing that  
if he can settle so huge a thing as the  
railroad strike, which would have tied  
up the entire country, he can aid labor  
in other walks of life.

Charles E. Hughes, the Republican  
candidate, seems to be making little  
or no impression upon his audiences.  
His attack upon the tariff in his Pitts-  
burg speech on Wednesday night fell  
flat. The argument advanced that pros-  
perity was merely a fleeting shadow,  
and would not endure after Europe was  
at peace, did not have sufficient sub-  
stance to be convincing, and since all  
the mills in the Pittsburgh district are  
working full shifts, and at good wages,  
the Republican nominee created little  
enthusiasm.

There has been many rumors as to  
the German submarine Bremen, which  
for the past two months has been due  
to arrive in American waters, but to  
the present, no sign of her arrival at  
any of our ports has been given. The  
Berlin papers of Thursday issued en-  
thusiastic announcements that the Bre-  
men had arrived at New London, Conn.,  
which caused no little flutter among  
the daily papers of the North, until it  
was found that there was no truth to  
the story. The Bremen sailed early  
in August, and is said to have been  
sighted numerous times. A diamond  
merchant gave out the information that  
she had been captured with \$25,000,000  
worth of diamonds and other valuables  
and taken to an English port, but this  
report never received the confirmation  
of the English authorities so that theory

was dropped. The most likely thing  
is that the giant submersible has gone  
to the bottom.

One of the most important features  
of our community life, and of which  
little is heard, is the local building and  
loan association. Inaugurated for the  
benefit of the people just four years  
ago, it has proved its value to this com-  
munity, and in a quiet way is going  
ahead helping those who need to build  
homes. A man's home is his castle, it  
is said, and truly, for every Ameri-  
can likes to know that he at least owns  
the home he lives in. Probably few  
know that the building and loan asso-  
ciation of this town has loaned out  
between seventy and eighty thousand  
dollars—every dollar of which means  
improved conditions in the town.

It would probably be well if our citi-  
zens would acquaint themselves with the  
vast improvements that are going on  
in their midst, and what these im-  
provements will ultimately mean to the  
community. We know, of course, that  
sewerage, water and drainage is be-  
ing installed, for we see evidences on  
the streets of pipes, ditches and un-  
sightly mounds where the ditch has been  
hurriedly filled in and left in very un-  
satisfactory condition, but has the  
majority of our citizens been over on  
the East Side and noted the improve-  
ments going on in the mill district?  
These new buildings mean betterment  
to the town and people, and also mean

an increased population. It is certain  
that our mills are keeping in line with  
the progress that is being made else-  
where in the State and in the South.

## DON'T FORGET THE

# New York ...Cafe...

IS THE ONLY CAFE IN TOWN

After parties or dances you will

# HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging  
Conditions, Mrs. Bullock Gave  
Up in Despair. Husband  
Came to Rescue.

Catron, Ky.—In an interesting letter  
from this place, Mrs. Bettie Bullock  
writes as follows: "I suffered for four  
years, with womanly troubles, and during  
this time, I could only sit up for a little  
while, and could not walk anywhere at  
all. At times, I would have severe pains  
in my left side.

The doctor was called in, and his treat-  
ment relieved me for a while, but I was  
soon confined to my bed again. After  
that, nothing seemed to do me any good.

I had gotten so weak I could not stand,  
and I gave up in despair.

At last, my husband got me a bottle of  
Cardui, the woman's tonic, and I com-  
menced taking it. From the very first  
dose, I could tell it was helping me. I  
can now walk two miles without its  
tiring me, and am doing all my work."

If you are all run down from womanly  
troubles, don't give up in despair. Try  
Cardui, the woman's tonic. It has helped  
more than a million women, in its 50  
years of continuous success, and should  
surely help you, too. Your druggist has  
sold Cardui for years. He knows what  
it will do. Ask him. He will recom-  
mend it. Begin taking Cardui today.

# The Season is Open

Cotton is selling high, tobacco has been high, and all things  
point to a prosperous Fall and Winter. Our Mr. Burroughs has  
just returned from the northern markets, and while goods of all  
kinds are higher than ever before, he bought a large and up-to-  
date stock, and this store can supply your Fall and Winter needs  
at very moderate cost, all things considered. You should come here, at the big store, and make your selec-  
tion while the stocks are complete and in their fullness. Visit our mammoth store, inspect our goods, and
