Owing to a misunderstanding of the time of Mr. Collier Cobb's lecture only a few attended. Those who did attend thoroughly enjoyed it. Mr. Cobb is a member of the faculty of our university and is a charming speaker. We are sorry "the others" missed it.

On last Thursday evening, Mr. Hubert Jenkins entertained quite a number of friends at his home. A good time was enjoyed by all present.

A piano has been placed in the school house and we hope that it will remain and it will, if the good people of Hobgood will get busy and we hope they will.

The Martha Washington Sewing Circle will meet with Miss Helene White Wednesday evening.

Next Friday evening, March 16, a box party will be given for the benefit of the piano. The public is cordially invited to attend. There will be a program rendered just before the boxes are sold, composed of vocal and instrumental selections. Come and help us out.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

CALOMEL DYNAMITES A SLUG-GISH LIVER

Crashes into sour bile, making you sick and you lose a day's work and Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious and all knocked out just go to your druggist and get a 50 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money. If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasing and safe to give to children; they like it.

THE PNEUMONIA SEASON

The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to value of this preparation, ask anyone who has used it.
