

## WEEKLY EXAMS. FILL POSITIONS

(By United Press)

Washington, April 12.—So urgent is the Government's need for bookkeepers that civil service examinations to fill positions of this character will be held throughout the United States each Tuesday until further notice. Women as well as men are eligible.

Two classes of examinations are announced. A grammar-school education or its equivalent is required of applicants for either class, with the further stipulation that those who wish to take the bookkeeper-typewriter examination must have had at least six months' experience in bookkeeping, and those who would undertake the clerk-bookkeeper examination, one year's experience in clerical work, six months of which must have been in bookkeeping. The vacancies to be filled from the register obtained from these examinations are in the departmental service at Washington and offer entrance salaries of \$1,000 a year.

These examinations are open not only to citizens of the United States but also to subjects of allied nations who are otherwise qualified for the positions offered.

Mr. C. Edgar Thomas has written that he has been appointed an ensign in the American navy. He was apprised of his appointment last Thursday at the naval officers training camp at Hampton, Va.

# Avery Motor Cultivator

Will do the work of two to four mules. Wouldn't it be worth a great deal if, during the months of April, May, June and July you had an extra man and an extra pair of mules on your farm, which would cost you nothing for maintenance the other eight months?

List your land, two rows at the time, plant on these lists, which will give you parallel rows, cultivate two rows at the time. This is a labor saver, and the price is less than a pair of mules, \$595.00 and freight.

“Adjustable for width rows 40 to 48 inches.”  
“Avery makes the smallest to the largest tractor. Don't you need one?”
