Mr. Hoover has come back to this country to tell us how many hundred million bushels of wheat and pounds of beef we must supply for the use of the allies next year. All right, Mr Hoover, what we have done once we can do again. And it has been an interesting bit of work too.

THE ULTIMATE CONSUMER

Ever notice that it is the ultimate consumer who always gets the "hot end of the poker?"

The remark is promoted from watching the ice man. See him start out with a 100-pound block of ice under a blazing sun. That block is estimated to cut ten lbs. each—and ten blocks it does cut but as to whether of 10 pounds or not depends on the time and distance the ice man must travel And the ultimate consumer foots the bill.

See the grocer order a barrel of apples. Going through them he discovers a certain per cent have rotted. His per cent of profit must cover these—and again the ultimate consumer gets the hot end of the poker.

Poor Mr. Ultimate Consumer must not only pay store rent and clerk hire insurance etc. but he must make good all losses from decay deterioration and waste and as if all these were not enough, he must pay the bad debts of the fellow who is on the beat.

The remedy?
Be a producer or a middleman.

**LIVER DIDN'T ACT
DIGESTION WAS BAD**

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadorsville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

A DAILY DUTY

Each day every American soldier in France is confronted by a great duty. Our army there has a great task to perform for our country, for the world, for civilization, and for humanity. Our soldiers are doing their duty with a courage and fidelity and efficiency that thrill every heart.

Each day every American citizen at home is confronted by a great duty, a duty as imperative upon him or her as the duty of our soldiers is upon them. The American people have a great task to perform. It is to support to the limit of their ability our Army our Navy, our country at war.

To work with increased energy and efficiency so that our national production may be increased; to economize in consumption so that more material and labor and transportation may be left free for the uses of the Government and with the resultant savings to support the Government financially is the daily duty of every American. It is a duty that will be met by every American whose heart is with our soldiers in France, who glories in their courage and fighting ability and their success.

Good For Biliousness

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness. Seeing Chamberlain's Tablets advertised I concluded to try them. I improved rapidly."—Miss Emma Verbryke, Lima, Ohio.

WOODMAN SUPPER TUESDAY

Hickory Camp No 505, Woodman of the World, will have an ice cream supper next Tuesday night September 10, at the residence of Mr. Newsome, East Scotland Neck, for the benefit of the Woodman band.

The band is making excellent progress and will be a great asset to the town, but they owe some money in their instruments and other equipment, and they take this means of clearing off the debt. It is hoped that a large crowd will be present on Tuesday night as every means will be found to make the evening enjoyable.
