INFLUENZA EPIDEMIC.

The scourge now appears under control, but we have had a thorough seige of a mighty peril, and we, as a community, should be very thankful that we have escaped a greater catastrophe.

The people as a whole are to be congratulated that they came forward so generously with contributions that enabled the establishment of the temporary hospital, which probably saved the day for it took away from the homes the dangerous cases and gave to those who were left at their homes more air and ventilation that is so essential for the proper treatment and cure of the disease.

Too much cannot be said of the wonderful and self-sacrificing work of the women who volunteered to nurse the sick. They fought a battle as surely as do those on the firing front, and they accepted the work with enthusiasm and without regard for their own health.

The ladies of the several committees who made possible the quick and thorough organization of the hospital have also done a fine work which should not be soon forgotten, and those who have daily provided soup for the sick are entitled to the sincere thanks of the community.

We are compelled to ask the indulgence of our readers in the scanty paper that will be issued for a few days, due entirely to the fact that our force is but now recovering from the influenza and hardly strong enough to be at work. We shall have much to say about the wonderful work that has been accomplished during the past ten days, but that will have to wait until our boys can set it up.

Ordinary needles also are scarce and growing scarcer. The high school girls (who are all past mistresses in the art of pinning up rents) will find themselves welcomed in the family circles.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:
"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE
CARDUI
The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . . ."
"It has now been two years since I took Cardui, and I am still in good health. . . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."
If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for constipation.
