WOMEN ARE CLIMBING

Tokio —More than twice as many women and girls climbed Mount Fuji this season as in 1917. To be exact, 5,984 this year and 2,873 last. This mountain, 70 miles from Tokio and clearly visible in that city on clear days, is sacred to all Japanese, the mecca of pilgrims and the most familiar figure in Japanese art. During the two-months season just closed 68,580 men climbed Fuji, a decrease of 1,628 from last year, official records state. The marked increase in female climbers principally is due to increased popularity of mountaineering among girl students.

About Croup

If your children are subject to croup, or if you have reason to fear their being attacked by that disease, you should procure a bot-

tle of Chamberlain's Cough Remedy and study the directions for use so that in case of an attack you will know exactly what course to

pursue. This is a favorite and very successful remedy for croup, and it is important that you observe the directions carefully.

WAIT FOR THE HART-PARR TRACTORS

FOR SEVERAL YEARS WE HAVE OWNED, OPERATED, AND STUDIED

We have investigated a dozen different makes, watched them operate under various conditions, and for power, sturdy construction, economy in operation and upkeep THE HART-PARR is two to three years ahead of any TRACTOR that has made its appearance in the South.

A TRACTOR is not a small investment, Brother Farmer (it is a paying one, however) and as you don't buy one every season, BE SURE you buy what you want.

The HART-PARR DEMONSTRATION WILL BE GIVEN SOON. INVESTIGATE IT.

Shields Commissary

HART-PARR made the FIRST Oil Burning Engine and have been making TRACTORS fifteen years.
