ANARCHIST PLOT TO DESTROY ORGANIZED GOVERNMENT OF U. S.

EIGHT CITIES BOMBED DURING LAST NIGHT

ANARCHIST PLACING BOMB AT DOOR OF ATTORNEY GENERAL PALMER STUBBED HIS TOE ON COPPING AND WAS BLOWN TO PIECES

POLICE SAY THEY CAN TRACE OTHERS

(By Associated Press)
WASHINGTON, June 3.—The police today believe they have identified the man blown to pieces last night in the attempt to kill Attorney General Palmer with a bomb as a Philadelphia anarchist. They also said they were confident that a nationwide plot against the lives of government officials and prominent business men was laid in that city.

A blood stained conductors unidentified check, found in the front of Palmer's residence today, showed that the anarchist arrived in Washington at 10:30 last night from Philadelphia, and that he went direct from the station to Palmer's house. Only a few minutes before the explosion he was seen alighting from a street car a few blocks away by C. S. Briggs, of Marion, S. C.

The police would not reveal the man's name but they felt confident the facts they had gathered since midnight would lead quickly to the apprehension of his associates who they believed were responsible for the May Day plotting in which several infernal machines were sent through the mails.

The police further say that the plan to take Palmer's life would not have miscarried if the anarchist had not stubbed his toe on the low coping. Six feet from the front door the coping tripped the man and when he fell the concussion apparently set off the bomb.

WASHINGTON, June 3.—The wide spread bomb explosions last night are apparently a sequel to the unsuccessful May Day outrage when infernal machines were mailed to government officials and public men. It is the belief of officials here that it is another move in an anarchist movement for the overthrow of organized government in the United States.

Evidence of a plot, carefully planned, was contained in a pamphlet found at the home of Attorney General Palmer, whose residence in the fashionable section of Washington was partly wrecked by bombs.

The pamphlet was one of the large number scattered about after a bomb had prematurely exploded and blew to bits the author of the crime, was signed "The Anarchists' Fighter" and was undoubtedly intended as a sign to show a reign of terror was on.

U. OF N. C. COMMENCEMENT

Robert W. Madry
CHAPEL HILL, N. C., June 3.—The 124th Commencement of the University of North Carolina will begin Sunday June 15, with the Baccalaureate Sermon, and will close on Wednesday, June 18, with the Commencement day address by Secretary of the Interior, Franklin Lane, and the awarding of diplomas. Rev. John Ellington White, pastor of the First Baptist Church, of Anderson, S. C., will preach the Baccalaureate Sermon. Mr. White was formerly a pastor of this State.

The visit of Secretary Lane to North Carolina, especially at this time, promises to make the occasion one of momentous importance to the State. In this connection it is worthy of note that his visit to the State University will mark the presence of the fourth cabinet member here for the finals within the past 4 years. Secretary McAdoo was here in 1916, while Secretaries Daniels and Baker were present for the 1917 Commencement.

More emphasis is being put on class reunions, which will be held on Alumni Day, Tuesday 17, of Commencement Week, than heretofore. The program for Alumni Day has been revised, with the view of giving the classes holding special reunions more time to themselves for renewing the bonds of friendship.

A feature of Alumni Day will be a "Victory Reunion" of Carolina men who have been in service, which will be held in the afternoon. It will be a "homecoming" affair and every alumnus who has been in the service who is now on this side of the "stream" is especially urged to be present.

The classes of 1859, 1869, 1879, 1889, 1894, 1898, 1904, 1909, 1914 and 1918, will hold special reunions, but every alumnus is urged to be present for the Commencement exercises and for the general gathering of the alumni which will be held on Tuesday morning, June 17.

Swat the fly. It is sufficient that he should be an individual. Don't let him be an ancestor too. Explosions occurred were New York, Washington, Cleveland, Pittsburg (two), Philadelphia 2, Boston, Paterson and Newtonville, Mass.

WORKERS BAIT BISHOP WELDON

(By Associated Press)
LONDON, June 3.—Bishop Weldon, Dean of Durham, had the unusual experience of being cross-examined by workers at a May labor demonstration.

The Bishop's gaiters and unusual style of hat attracted the notice of the workers and he was immediately surrounded & tackled on various questions.

One woman declared that while supporting conscription and sending boys of 18 into battle, the clergy were careful to take care of their own skins.

"Quite a large number of the clergy have lost their lives in the war," replied the Bishop.

"Why do you support conscription?" the woman said. "I don't support conscription, but we must keep it in force until peace is signed or you will have the Germans on you again" said the Bishop.

A man then took up the examination by saying, "I want to talk to you as a working man." "I also am a working man," retorted the Bishop.

"Yes, but get £1,500 a year." "Well, I earn it," said the Bishop. "I work longer hours than you do."

"I would work longer hours than I am doing if I got £1,500 a year for it," was the working man's rejoinder.

Local Market NOMINAL

Last night a goodly number of local business men gathered in the Mayor's Office for the purpose of discussing the need of a new hotel and many remarks were made by those present all tending to show the great need of an up-to-date hostelry.

An architect had made a preliminary survey of the old hotel building and interior and stated that the outside walls and much of the heavy timbers were good enough to use and that a new building could be put up on the old site at less cost than an entirely new building and be more substantial.

By resolution a committee was appointed to see Mr. J. E. Bowers to find out what price he asked for the old building and site. Upon returning the committee stated that Mr. Bowers set a price of \$12,000 for the present property and \$2,000 extra for the two lots adjoining on Main Street, part of the Woods property, which could go with the hotel, if desired the size of lot 150 feet square. A resolution passed unanimously it was determined to accept this proposition for the sum of \$14,000.

It was further stated that the financing of the deal could be done through the Home Building and Loan Association so that it would take no capital sum from anyone, merely the monthly dues to the building loan.

The total sum necessary to purchase the present property, rebuild and refurnish will be approximately \$42,000 which a general committee was appointed to divide among the citizenship and attached to this committee is a subscription committee of ten local men whose names will be selected by the chairman and announced later.

It was made evident that no time is to be lost in completing the matter so that the town shall not be left long without a suitable hotel.
