WASHINGTON June 10. -The National Woman's Party ealled on the governors of twenty-eight States where women now have full or partial suffrage to summon special session of the legislatures to take action toward ratification of the Constitutional amendment permitting nation wide suffrage. "This struggle has already taken forty-one years of sacrifice on the part of the nation. Believing that you earnestly desire its speedy termination, and inasmuch as the legislatures of thirty-seven States will not meet in regular session before 1921, we appeal to you to call a special session of the Legislature at the earliest possible date for the purpose of ratification.
