CHAUTAUQUA WEEK BEGINS MONDAY NEXT

FIVE DAYS OF ENTERTAINMENT AND INSTRUCTIVE LECTURES WITH MUSIC THAT IS SURE TO INTEREST EVERYONE

PREPARE TO ATTEND PERFORMANCES

By Associated Press
Scotland Neck will have on her gala attire all next week in anticipation of welcoming out of town guests who come to attend the annual festival—the Scotland Neck Chautauqua.

Monday afternoon the exercises open with the Del Mar Laddes' Quartette and the same night a popular concert by the same company, followed by a lecture by Harwood Spicer, of London, England, entitled "The Growing German Revolution."

Tuesday afternoon a dramatic recital by Miss Maude Willis will be given and Tuesday night will be known as Children's night when the little ones will help entertain and the evening performance finished off with "Brush" with magic, mirth and mystery.

Wednesday afternoon the Misses Keller will give a recital, followed by a lecture and demonstration by Louise McIntyre. At night the Misses Keller will give a concert and this will be followed by Montville Flowers, of California, who will give a lecture entitled, "Our National Highway of Happiness."

Thursday is band day, this year with an Indian orchestral band which gives a concert in the afternoon and at night a grand double concert, wherein vocal, instrumental music and dancing will be rendered in native costumes.

Friday, the last day, the afternoon performance will start off with a "Victory Pageant" by the Junior Chautauqua, followed by an overseas concert by the Doughboys Quartette, and at the night performance the same quartette will give a Victory Concert after which Strickland Gillilan, the famous humorist will give his lecture "Just among ourselves."

There is nothing in the entire five days program that can offend the most critical mind, but there is much that will interest and instruct.

Scotland Neck Chautauqua week is the one time in the entire year when everyone meets at the same place and enjoys to the full a freedom from worry and work. Let us make the very most of it this year. Get as much pleasure as possible from the offerings and may the recreation be valuable to all as it is intended to be.

Mr. Sam Moore, who returned from overseas on May 31 and has been in Camp Lee since his return, received his discharge yesterday afternoon and got back home last night, being met at Enfield by his father, Mr. J. G. Moore.

No cotton report today owing to the Western Union Strike.

VICKERS FLIGHT IS POSTPONED

(By The Associated Press)
ST. JOHNS, Newfoundland, June 13.—The start of the Vickers airplane, scheduled for this afternoon, was postponed until tomorrow on account of the wheels of the machine having to be replaced on account of bad grounding this morning. The ocean flight is timed to start tomorrow morning.

OFFICER TARRED HOME-BREAKER

LONDON, June 13.—Lieutenant Francis Wright, M. C., who, assisted by his younger brother, tarred and feathered Sub-Lieutenant Desmonds Kinahan in a Cambridge garage on Saturday night, and subsequently chained and padlocked him to a tree on the Cambridge road, has been formally arrested by the military authorities.

This might not be worth cabling if it didn't refer to circumstances, wider than that of the mere assault on "this rabbit Kinahan," as Lieutenant Wright called his victim when arrested.

The measure of the significance lies exactly in the measure of the distance between Texas and England. In similar circumstances a Texas coroner's jury would now be sitting, but in England they are not so direct, but nevertheless equally resentful when an absent soldier's home is wrecked—for that is the alleged deed for which the wrath of the Wright brothers was visited upon Kinahan.

In short, Elinor Glyn's "three weeks" threatens to become the valid medium of a certain class of dancing, care-free young matrons. Now the Wright brothers have cut the gordian knot with tar, instead of bullets. They are widely applauded for their act, which, however, raises the interesting question: "Is it better than killing or the divorce court?"

The Evening News publishes the photograph of the "woman in the case" which is described "To Dinkie, with sweet memories."

DOUBLE MURDER AT MEMPHIS

(By Associated Press)
MEMPHIS, Tenn., June 13.—John G. Brinkley, a police sergeant, and another white man, were killed today by negroes, the murderer and two others being arrested. One negro was killed. The affray was nicknamed stealing.

BANK ROBBER BEEN CAUGHT

(By The Associated Press)
NEW YORK, June 13.—The sequel of the double murder and robbery of the East Brooklyn Savings Bank last November was brought out in the arrest and delivery in Tacoma, Wisconsin of a man giving his name as Gordon Fawcett, who also gave aliases of Handy J. Allen and Browning Byrd.

It is said that none of these names are his true name.

The captured man said that he had been a bank and train robber for the past seven or eight years during which time he had netted between \$450,000 and \$500,000.

FRENCH ARREST U. S. NEWS MAN

PARIS, June 13.—The mysterious arrest by the French police Saturday night of Robert Miner, an American newspaper man recently returned from Russia, is being investigated by the American Embassy. Nothing authoritative is known as to Miner's present whereabouts.

Miner is reputed to be a radical, but no Bolshevik. His friends are unable to learn from the French authorities what disposition has been, or will be, made of him.

Gendarmes arrested him in his hotel, following a visit by him to a striker's meeting. A number of papers were taken from his trunk.

Other newspaper men just returned from Russia are worrying about Miner's arrest.

MAKING THEMSELVES AT HOME.

The doughboys are having the time of their young lives on occupied German soil, according to all reports. The picture shows a couple of them engaged in a game of billiards in the castle of Count von Walderdorff at Molsberg. Incidentally this is the farthest point of German territory reached by the American army of Occupation.

PEACE TREATY BE ENTIRELY RE-WITTEN

TERMS OF REPLY TO GERMAN COUNTER PROPOSALS, NOW READY, TO BE INCORPORATED IN THE NEW DOCUMENT

BRITISH RE-OPEN REPARATION CLAUSES

W. F. SHULL BACK IN AMERICA

A postal card received yesterday evening from Mr. W. Frank Shull, of the 156 headquarters regiment of the 81st division, stated that he was nearing the American shore on the transport Finestere when the postal card was written and expected to land at Hoboken, N. J., Wednesday last. He says:

"It has been a long trip. Hard to realize that I am nearing the grand old U. S. A. Am going to Camp Jackson for demobilization, I think."

WAR INSURANCE BE REVISED

Washington, June 13.—The new contract for converted Government insurance held by men of the United States military forces is now being scrutinized by Attorney-General Palmer for decision as to the legality of the many new features approved by Secretary Glass, it was learned here.

The most vital change in the new policy, according to those who have seen the draft, is that making optional the payment of premiums over a term of years or in a lump sum. The permitted class of beneficiaries also will be extended to include virtually everybody, with the exception of creditors. Heretofore the insurance was payable only to members of the immediate family.

PARIS, June 13.—The Peace Treaty with the Germans will be entirely re-written and reprinted from the original.

The text will contain the allies reply to the German counter proposals.

While the treaty will practically be unchanged in principle virtually a new document will be sent to the Germans.

It is understood that the new treaty will be ready on Thursday and will be ready for delivery the day after.

It is said the treaty will be published in the United States.

PARIS, June 13.—The reply of the allies to the German counter proposals to the Peace treaty is likely to be made public today, which has not yet been given out or made public.

PARIS, June 13.—The British have made an eleventh hour attempt to reopen the question of reparation.

The subject of these new proposals is that peace will not be concluded without the reparation clauses being adhered to.

C. T. U. STRIKE SETTLED SOON

(By Associated Press)

CHICAGO, Ill., June 13.—The first move looking to the settlement of the strike took place this morning when the C. T. U. officials were requested to submit plans under which the strike would be recalled.

The terms of the C. T. U. given by President Kohenkamp were in effect that the postal company should grant the wage settlement upon the return of the company to private control.

Washington, June 13.—Postmaster-General Burleson made a brusque entry in the strike of telegraph operators when he used a statement declaring that "the present strike of wire employees is wholly without justification" and in which he belittles its extent.

This constitutes Mr. Burleson's sole activity since the beginning of the strike.

With exception of investigation of conditions at Atlanta, where the controversy between the telegraphers and the Western Union led to the present trouble, he made no effort to conciliate the men and the companies. His statement, moreover, indicates that he is against the action of the members of the Commercial Telegraphers' Union in stopping work.
