WILSON LEAVES FOR HOME SUNDAY

PARIS, June 27.—No official announcement has been made as to the time when the treaty of peace will be signed with Germany, but this has unofficially been stated to be three o'clock Saturday afternoon.

The Council of Four met in session this morning to go over the final plans for the signing of the peace treaty.

If the signing occurs at the time designated tomorrow President Wilson will leave Paris tomorrow night for Brest from which port he will sail for America at noon Sunday with the expressed purpose of arriving in the United States by July fourth.

At the meeting of the Council of Four this morning the Chinese delegates agreed to sign the peace treaty without reservations but with the expressed assurance on the part of the council that a protocol would be added to the treaty in that the Shantung peninsula should be returned to China within a stipulated time.

AMERICA WANTS MEXICAN TRADE

MEXICO CITY, June 27.—(By The Associated Press)—American business organizations are taking steps to obtain a share of Mexican import and export trade. Competition for this business is keen because with the signing of the British, French, Japanese, Spanish, Scandinavian and German representatives became active.

The American Chamber of Commerce, representing numerous large concerns, has recently completed reorganization and W. F. Saunders, formerly secretary of the Young Men's Business League of St. Louis, Mo., has come to Mexico City to act as secretary. New quarters have been secured and an energetic campaign for more business has been mapped out.

ALLIED LABOR MAKE PROTEST

SOUTHPORT, England, June 27.—British, French and Italian labor representatives declared they would hold a general demonstration on July 20 or 21 for the purpose of expression indignation at the German domination in Russia.

Labor leader Henderson stated that he would call upon the Trades Union Congress to stop the German trading with Russia. He further stated that the demonstration would be held to prevent the government of Europe from assenting to the German manipulation in that country and for a demand for the abandonment of conscription.

GEN. HOFFMAN BEEN DISMISSED

BERLIN, June 27.—General Hoffman, who was the prime mover in the securing the German-Russian treaty of Litovsk during the war, has been dismissed from the army, on account of his revolutionary attitude that he would defend the district to the last man despite the orders of the government.

WOULD FORM SOVIET UNION

NEW YORK, June 27.—Police reserves were needed to quell a riot in Manhattan Lyceum, where a meeting of opposition forces of cloak and suit makers was in session to establish a separate union along the lines of the Russian Soviet, and in opposition to the American Federation of Labor. There were 800 persons in the hall when union members and revolutionists began to quarrel. Two men came to blows. A free-for-all fight ensued. Rose Pastor Stokes, James Larkin and others vainly tried to restore order.

Patrolmen battled their way in but the fighting continued, many of the men forcing their way to the street still at grips.

BATHERS MUST WEAR HOSIERY

ATLANTIC CITY, N. J., June 27.—Under new orders issued by Director Bossert, of the Beach Patrol, the police chased from the sands several bathing beauties who were enjoying a dip, minus their stockings. Bossert gave orders that hereafter bathing suits must be higher and every fair bather must wear hosiery.

SLAIN WOMAN FOUND IN HARBOR

BALTIMORE, June 27.—With her throat cut, the body of a woman was found in the harbor here today. The body was that of a woman about thirty years of age. It was fully clothed.

The police advance the theories that the woman was either first slain and then her lifeless body conveyed in an automobile to the waterfront and there cast into the harbor or that she was killed aboard some vessel and her body thrown overboard.

KAISER MAY RETURN HOME

BERLIN, June 27.—The former Emperor William is planning to speedily return to Germany before the entente can requisition Holland to deliver his person for trial, according to a message from Stuttgart to the Neue Berliner Zeitung.

The dispatch says that the Dutch government approve of the return of the former Kaiser as he is an unwelcome guest and is causing considerable concern in Dutch government circles.

NEW REVOLT IN HUNGARY

BERNE, June 27.—A counter revolutionary movement in Hungary was checked at Budapest after the rebels had seized a monitor in the Danube.

It was said that this movement did not gain the necessary impetus necessary to make it dangerous.

TAXI DRIVER BEST HATED MAN

LONDON, June 27.—(By The Associated Press)—The taxicab driver is the best hated man in London. All through the war he ruled the taxi-riding public with an iron hand and his sway, owing to the continued shortage of cabs, probably will have to be endured for many more months.

You may ride in a taxicab here only if the driver finds that your destination suits his own convenience. His decision will be influenced by his quick prognosis of the amount of the tip your appearance and manner indicate. If you look like a "close un" you will save time by joining a queue for a bus or throwing yourself into the maelstrom of a tube crowd, for it is certain you won't ride in a taxicab.

IMPORT WINE BLOCKS DOCKS

LONDON, June 27, (By The Associated Press)—"The London docks were literally running with port," says a reporter of a London paper. Thousands upon thousands of hogsheads lay all around. They blocked the roads and filled the sheds. There is more port in London today than there is beer in the whole of England. Some of the casks were warped and leaking. The quayside and streets around the sheds ran red with port. Birds, dogs and cats were having the time of their lives." The reporter saw at least a dozen drunk, lying on their sides or their backs beside rivulets of wine.

Skippers with ships in the outer docks loaded with wine complained that the quays were so crowded with port that they had no place to unload their cargoes. And other wine ships from Spain and Portugal were on the way.

CROWN PRINCE'S ESCAPE UNTRUE

THE HAGUE, June 27.—Fredrick William Hohenzollern, the former German Crown Prince, whose escape from Holland into Germany was reported in press dispatches yesterday is now officially said to be at his residence at Wieringen on the Zuder Zee at eight o'clock this morning, according to dispatches received at this place this afternoon.

HUN DELEGATES NOW ENROUTE

COBLENZ, June 27.—Dr. Hermann Mueller, German foreign minister, and Dr. Bell, minister of colonies, two of the German peace delegation, on their way to Versailles, passed through Cologne at eight o'clock this morning, according to a telegraph message received here.

JAP STUDENTS COMING TO U. S.

TOKIO, June 27.—(By The Associated Press)—The Department of Education is planning to send eight students to the United States and Europe this year to study trade and industry. No such large number of students has ever been sent abroad by the Japanese government and it indicates a determination to more closely observe conditions in foreign lands so that Japan may benefit by all forms of modern progress.

\$200,000 GEM THEFT FOILED

NEW YORK, June 27.—One of the boldest attempts at daylight robbery on upper Broadway when three unidentified men, after smashing the plate glass window in the jewelry store of Casperfield & Cleveland, in the Casino Building, at the southeast corner of Thirty-ninth street and Broadway, were foiled in making away with any of the \$200,000 display of diamonds and jewelry by the fact that the hole in the window was beyond their reach.

Hundreds of persons were passing in front of the establishment at the time, but the would-be robbers, realizing their attempt at robbery had been balked, disappeared down Broadway, finally losing themselves in the crush of pedestrians.

WENT HOME WITHOUT SHIRT

INDIANAPOLIS Indiana, June 27.—Charles Rogers missed the "owl" car and started to walk home. A couple of hold-up men delayed his journey and sent him home minus part of his clothing among which was a new \$10 silk shirt.

SKIDDING ALONG THE EDGE OF CHAOS, WITH STRIKES AND RIOTS AT SEVERAL IMPORTANT POINTS GERMANY FACES REVOLUTION

STARVING RICH BEG IN STREETS

LONDON, June 27. (By The Associated Press)—Physically normal persons so longer are to be found in Petrograd nor in all of Russia, says T. Hessen, a well-known Moscow journalist and a member of the second Duma who has arrived in Copenhagen after a long stay in Petrograd. The mental state produced by starvation, disease and nervous strain, he says, forces Russian to lose their mental balance.

Their mental condition so changes their appearance that often one cannot recognize one's nearest friend. I remember the impression I had when I met the well-known lawyer, Rajjefspi. At first I did not recognize him. Soon afterward I learned that he had hanged himself.

"Similar things happen daily. I think it is to be wondered that such suicides do not become general. In all the streets one meets still well dressed people, men and women, begging. There they stand some of them with their heads down, dumb as if turned to stone, other tonelessly repeating: 'I am dying. Give me something to eat.'"

If women make good elevator operators, railway conductors, munition workers and farmerettes, why shouldn't they make excellent voters? This view of the subject is commended to the United States Senate.

OLDEST CITY UNDER U. S. FLAG

SAN JUAN, June 27 (By The Associated Press)—The fourth of July marks the 400th anniversary of the founding of the city of San Juan, making it the oldest city under the American flag, and a committee is at work arranging for a celebration of that event and the signing of the Declaration of Independence.

Cuba, San Domingo and St. Thomas have been invited to send representatives to take part in the celebration.

That July 4, 1519, is the exact date of the foundation of the city of San Juan is the opinion expressed by Cayetano Colly Toste, historian, who has traced the history of the island since the first landing of the Spaniards in 1509.

According to Dr. Toste the first Spaniard to set foot in the island of "Borinquen" was Juan Ponce de Leon, who landed on the 12th of August 1509.

The next question to be answered is what will become of the whiskey glasses and the drinking songs.

PARIS, June 27.—Unless the German peace delegates who are to sign the treaty are heard from today the Allied and Associated Governments will send a sharp note to the German Government demanding a prompt explanation. Meanwhile Marshal Foch has been instructed to hold his troops in readiness for action.

If the German delegation arrives here today, as expected, the treaty is likely to be signed tomorrow.

In that case President Wilson will sail for home on Saturday. He will make an effort to reach America by July 4, if the George Washington can do it.

COPENHAGEN, June 27.—Germany is skidding along the edge of chaos. Already disturbances, strikes and in some cases actual riots, have broken out in some of the big cities. Hamburg always a hotbed of Spartaism and one of the starting points of the original revolution, is under martial law.

The fundamental rift threatening civil war appears to be between the troops and the officers of the reformed Imperial Army on the one hand and the Radicals on the other.

Angry at Ministers
Frim Weimar comes word of attempts by troops to arrest and hang Dr. Mathias Erzberger and Philip Scheidemann, the former for his sudden face-about on the question of signing peace, the latter for not holding his Ministry together instead of stepping out and making room for Gustav Bauer and the "signature Cabinet."

A detachment of chasseurs moved on the castle at Weimar and demanded the surrender of Erzberger, frankly saying they wanted to hang him. They found that the new Vice-Premier had fled to Erfurt.

Vorwärts, the organ of the Majority Socialist Party, openly predicts today a reactionary attempt to plunge Germany into self-annihilation.

WOMAN JAILED IN DRUG CASE

HACKENSACK, June 27.—Mrs Isabelle Haring, thirty years of age, attractive and wearing many jewels, was committed to the Hackensack jail on a charge of trafficking in narcotics and having quantities of drugs in her home at Cresskill.

Her husband, Warren Haring, is in the trucking business in New York and wealthy. His secretary Frank G. Gyer, who has been living at the Haring home the past two years, was arrested with Mrs. Haring and is also in jail. He is said to have procured the drugs
