HALIFAX COUNTY COTTON ASSO. FORMALLY ORGANIZED YESTERDAY

Vital to Every Man, Woman and Child the Law of Supply and Demand for Cotton be Maintained.

MEMBERSHIP CAMPAIGN IN OCT.

The Halifax County Branch of the American Cotton Association was formally organized yesterday at Halifax with the following officers:

F. P. Shields, chairman; T. B. Wheeler, treasurer; F. G. Tarbox, secretary.

W. E. Smith was selected as state executive committeeman.

The executive committee comprises: F. P. Shields, R. J. Shields, L. J. Baker, G. Hoffman, J. H. Alexander, Jr., S. G. Whitfield, N. L. Stedman, H. T. Bonney, M. J. Grant, A. B. Schlichter, W. A. Pierce, George Green, W. A. Johnson, W. E. Smith, Cleveland Stallings, and T. B. Wheeler.

All farmers and business men are urged to rally to the support of this organization.

There will be an intensive campaign conducted on the plans of the Red Cross and Y. M. C. A. some time in October at which time there will be a house to house canvass made.

It is to the interest of every man, woman and child in the south that this campaign be a complete success and everyone is urged to join. The details and workings of the drive will be announced later.

The main object of the American Cotton Association is to foster the intelligent marketing of the cotton crop. It will co-operate with the state warehouse system and it is hoped by this means to market the crop in such a manner that the trade will be able to absorb it as fast as it is offered.

We all realize thoroughly the law of supply and demand has not worked for the past several years, but we cannot hope longer for this situation to maintain, and with the carrying over of 5,000,000 bales of cotton, the exchange of the money markets of the world, with the exception of the United States, in a very serious condition, the present crop of cotton offered as heretofore, the price of cotton is obliged to break very materially.

Everyone is therefore urged to lend their support to this movement.

"Skiting" in the Austrian vernacular is boasting, perhaps the nearest approach to its meaning, in American slang, being "four-flushing."

Colonel E. M. House and Lord Robert Cecil and other members of the Organization Committee of the League have been taking part in the preliminary organization work.

The Organization Committee already has adopted a resolution contemplating that member states may assign some of their own officials for service under the League and has recommended that "the governments of states members of the League shall take into consideration the services of their officials in the International Secretariat."

In preparatory work for the foundation for the International Court of Justice, the committee is understood to have arrived at the opinion that it would be desirable to invite a number of eminent international jurists to give their opinions on the constitution of such a court, and has voted to take up the question in detail at some subsequent meetings. The action of the committee is said to indicate that the work of organizing such a court will be carried forward from the point where it was started by the United States at The Hague 12 years ago, when Elihu Root, then Secretary of State, in his instructions to the American delegates charged them to work for the creation of an international court about twice the size in membership of the Supreme Court of the United States.

The members of the Organization Committee are, Stephen Pinchon, France, chairman; Edward M. House, United States; Lord Robert Cecil, British Empire; Marquis Imperiali, Italy; Viscount Chinda, Japan; M. Belin Joenquomys, Belgium; M. Venizelos, Greece; Guionnes de Leon, Spain, and Antonio O. de Magalhaes, Brazil.
