AN IMPERATIVE NECESSITY

As The Commonwealth is hav-
ing a large run of advertising
and changes are made daily in
some of the ads it has become
necessary to ask that all changes
be sent in the day before the in-
sertion is needed. We ask this as
a favor, but we also reserve the
right to leave ads over until the
next day if they cannot be gotten
up in time for insertion.

**MR. GOOD URGES BUDGET
PLAN.**

Representative Good of Iowa,
Chairman of the House Select
Committee and the Budget, said
that, if the United States is to pay
off its big war debt within the
next fifty years, strict economy
will be necessary. He said further
that Government appropriations
should be kept down to not more
than \$4,000,000,000 per annum
and advocated the budget system
as an essential means of holding
down public expenses.

Mr. Good's speech was made
during a discussion of the pending
bill for the establishment of a
budget and independent audit of
Government accounts, and it is
significant and gratifying to note
the fact that there seems to be
little disposition on the part of
members of the House to oppose
the measure. In fact leaders of
both sides spoke in favor of the
legislation. The only part of the
bill which is expected to meet
with opposition is that which
provides for a Comptroller Gen-
eral of the United States to be ap-
pointed by the President and to
hold office for life, subject to re-
moval only by a concurrent reso-
lution of both Houses of Congress
for neglect of duty, inefficiency, or
malfeasance in office. To this ar-

angement many Republicans ob-
ject on the ground that, with
President Wilson in the White
House, it will give some Democrat
a lifetime job.

Bronchial Trouble

Mrs. A. E. Sidenberaci, Rockfield,
Iid., states: "For an attack of bron-
chial trouble which usually assails me
in the spring I find Chamberlain's
Cough Remedy the only thing that
gives me relief. After using it for a
few days all signs of bronchial trouble
disappeared."
