

LOCAL BRIEFS

Miss Mary White, Miss Ethel Clement, Miss Bessie Gray, Mrs. J. E. Lewis and Mrs. W. H. White motored to Enfield yesterday.

Mr. H. F. Rouse one of the community's hustling young business men motored to his father's home near Magnolia Sunday and returned.

Mr. J. D. Midyette of Washington, N. C. who is an expert hardware man, has accepted a position with the Hardy Hardware Co. He took up his duties in this popular hardware house Monday morning.

The Hon. Claud Kitchin and Mrs. Kitchin left for Washington City this morning after casting their ballots and Mrs. Claud Kitchin has the distinction of being the first lady of Scotland Neck to vote in an election. Mrs. Kitchin voted near seven o'clock and was the eighth one to cast her vote. After voting she and her distinguished husband left in an automobile for Palmyra where they boarded the train.

DILIOUS CHILDREN

Black-Draught, Long in Successful Use, Praised by an Arkansas Mother, "Soon Does Its Work."

Marmaduke, Ark.—Speaking of Theodor's Black-Draught, which from long use in her household has become regarded as "the family medicine" Mrs. Mary E. Hill, of Route 1, this place says:

"When the children get dilious, I give them a couple of good doses, and when we have our stomach, the dach, or any liver or stomach trouble, we use Black-Draught. It is an easy laxative, and soon does the work. I certainly think it is one of the best remedies made."

Black-Draught acts on the liver, but gently, but positively, and helps it in its important function of throwing out waste materials and poisons from the system.

In the absence of hospital care, Black-Draught is best remedy for immediate use in time of need. Prompt treatment often is half the battle, and will often prevent slight ill from developing into serious troubles.

Its well-established merit, during more than 70 years of successful use, should convince you of the helpful effects obtainable by taking Black-Draught for liver and stomach disorders. Get a package today, and keep it in your house. See that the package bears the words, "Theodor's Black-Draught." NC-141

"Felt Like Eating"

Man and Wife, All Run-Down from Farm Work, Were Greatly Helped by Ziron.

MY WIFE and I, after a hard spring on the farm, were tired and run-down," says Mr. E. B. Mulkey, of Route 1, Acworth, Ga. "We neither felt well. I knew my blood was bad, as I had little boils on the back of my neck.

"We felt we needed a builder. We had heard of Ziron and thought it must be what we needed. It certainly was. We took it faithfully, and after a week or such a matter we began to feel better. My wife felt like cooking,

MR. J. Y. SAVAGE DEAD

Mr. J. Y. Savage died this morning about eight o'clock. He had been sinking for several days and his family had given up hope of recovery. The funeral will be held tomorrow at 11 o'clock and the interment will take place in the Episcopal cemetery.

Mr. Savage was one of Scotland Neck's most respected citizens. He was a Confederate veteran and went off with the Cavalry company that had been in existence here before the war. He was about eighty four years old and was quite active to within a few weeks of his death. Mr. Savage was a fine orchardist and gardner. He also kept a weather bureau and kept the community posted as to rain fall temperature etc. More will be said of this noble man later.

TWINS IN "THE COPPER-HEAD"

Twins, aged three years, who look as much alike as two peas, unite to play the part of Elsie, the girl in the 1863 episode of the great photoplay, "The Copperhead," which will appear at the Dixie Theatre, Friday and Saturday Nov. 5th and 6th. They are Barbara and Adele Hastings. Director Charles Maigne had observed that children become easily fatigued when working in the movies. He took account of this by securing the twins, so that Barbara could relieve Adele, and vice versa, with the public none the wiser. "The Copperhead" stars Lionel Barrymore.

COAL

We have a few cars of "Winifredo Lump Coal" rolling, perhaps enough to give all some, but not a full supply yet, however, we feel sure more will follow quickly and if arrivals are distributed correctly we do not believe any one will have to suffer. Prices are high, but lower here than at any other place in this section or even in the state, investigated by us.

All should economize in every way possible until a sufficient amount is received for actual necessity. BOWERS & CO. "Winifredo Coal once used is demanded always."

The "Harmattan." The name "harmattan" has been given to a dry, hot wind which periodically blows from the interior of Africa toward the Atlantic during December, January and February. Often within an hour after the harmattan begins to blow, green grass in its course is dry enough to burn.
