TOWN PRINTER.

WILMINGTON, N. C., APRIL 25.

The mails are so irregular that a failure on the part of subscribers to receive their newspapers must be very common. We think we can say for both the Herald and Journal that they are regularly mailed and any failure will not be attributable to the neglect of their respective

The ladies of Wilmington are working like men in behalf of our gallant soldiers, and, though neither asking nor expecting any thing, they deserve the thanks of the community for their patriotic labors.

The Howard Fire Company paraded our streets yesterday afternoon, with full ranks, bearing a handsome Confederate flag and accompanied by the Band attached to Bailey's Varieties-which, by the way, has acted most patriotically in tendering its services to our troops. We learn from the Journal that Captain

Thomas T. Hunter, of the U. S. Navy who has been stationed here as Light House Inspector has resigned his position in the service. He is a native of Virginia, and had been in the service over thirty three years. The news from Delaware is rather a sur- plans and purposes.

pers of the 20th giving a full description of the scenes in the latter city. The officers Elected in the Lower Division Wilmington Militia are as follows. Jos. J. Sintas, Capt; H. M. Mason 1st Lieut; J. F. Williams 2nd

Lieut; R. M. Lane, 3d Lieut. We received a letter this morning from a desire to take the Herald, provided we were a Union man, and stating that he could get a good man, you need not send it as I will not take any other." The writer has lost a prize; likewise

"a good many subscribers." Resignation of Major Winder.

Brevet Lt: Col: John H. Winder, of Maryland, an old and distinguished artillery officer, has resigned his position in the service. Major Winder is well known throughout this part of North Carolina and his friends will rejoice to hear of his resignation. If Maryland secedes, of which there seems now to be no doubt, his services will be required and will, we are sure, be cheerfully given. The South certainly has the advantage of the North in possessing the flower of the late U. S. Army, and she feels strengthened by every such acquisition as the one we now have the pleasure to record,

Cape Fear.

The U. S. Arsenal at Fayetteville, with the property therein, has been transferred to the State authorities, happily without bloodshed, upon the demand of Governor Ellis, backed by a sufficient force. The following are among the terms of capitalation entered into between Brevet Major Anderson, commanding the troops who were stationed there as a guard, at the request of the citizens of the Town and Hon. Warren Winslow, aid-de-camp of the Governor,

1st. The U. S. troops now composing the guard at the U. S. arsenal, shall be permitted to march out with their arms and all their personal and company property of every description what-

therefor the good faith and honor of the State of North Carolina, ) to the United States troops now evacuating the U. S. arsenal, through the State of North Carolina, to the coast; nor shall they be molested in their projecty or persons while within the limits of the State, or the wa-

ment of this object.

The honor of the State demands the strict execution on her part of these terms, and all persons are required to see that her good faith is sacredly kept. It is believed that the simple announcement of these conditions will secure to Major Anderson's command kind and respectful W. H. C. WHITING,

Then the opposition counsel in summing up, paints your moral photograph to the jury as a character fit to be banded down to all time as the type of infamy : as a man who has conspired against innocence and virtue and stood convicted of the attempt, The judge in his charge, tells the jury if they believe your testimony, &c., &c., indicating that there is a judicial doubt of your veracity, and you go home to your wife, family, neighbors and acquaintances, a suspected man, all because of your accidental presence on an unfortunate occasion. Who would be a witness?

THE LETTERS OF MARQUE.-A Montgomery correspondent says : The Attorney-General, Mr. Benjamin, authorizes me to say that the commissions for privateers are being prepared, and will be issued as soon as Congress shall declare war, which it will undoubtedly do. Those intending to apply for them had better be preparing their bonds, &c. The instructions will contain a prohibition on the seizure of Cotton from Southern ports, whether in British or American bottoms. The application for letters of marque are numerous solm, does not include Cotton vessels.

enjoying a ride on horseback in the Central

wholly unmanageable. The horse ran from the

Park to the Bloomingdale road, and thence down

Broadway at a furious rate, Mr, De Nastreck

neck of the animal. At 49th st. Mr. De Nattreck

WASHINGTON, April 23d .- Capt. Elzey, of the Army, has resigned. It will be recollected that he commanded at Augusta [Ga.] Arsenal at the time of its surrender. On his arrival in this ciwent. He is a native of Maryland. The current rumor is, and seems to be true that Col. May, of the same State, resigned yesterday. Our neighbor, Alexandria, is in commotion to-day. In fact, precautionary movements are visible A number of Washingtonians, who earnestly empathize with the secessionists, have left the the laws of civilized warfare and the whole usage city for Virginia. One of the river boats, the of the United States are to be disregarded, by George Page, was employed by the Virginians last night on a secret service-some say for the transportation of troops and munitions of war. Several prominent secessionists from Virginia yesterday paid a hurried visit to Washington. The Government has received a message from the Governor of Tennessee, in reply to a quota of troops from that State. He emphatically says

he will not comply, but would rather furnish fifty thousand men against the North. Troops from the North were all day expected to arrive here. Much solicitude is expressed concerning them. But it is generally believed that they will be successful in their journey hither. Whatever truth there may be in the report of the concentration of troops about twelve miles from Washington, or six from Alexandria, it is certain that the secessionists are earnestly at work, but there is no public knowledge of their

ANOTHER BRUTAL MURDER .- We learned yesterday from a reliable source that the notorious Ben Soon, a negro belonging to a gentleman of Pitt county, who has been advertised in this and other newspapers and posted at every cross road in the county, for the last 10 or 12 months for shooting and killing young Chapman of this of the 19th this morning, and also Baltimore pacounty, on the 9th inst., shot and killed Mr. Boen Edwards of Beaufort County.

The particulars as we get them from our informant are the following: Mr. Edwardslearned y some means that the lurking place of said negro was in a swamp on the plantation of Gencral Blount, and taking three other men with him, he penetrated the swamp in search of him, and on hearing a noise in the bushes he and one other man stepped upon a log to listen and try to discover from whence it proceeded, and while a gentleman in Sussex Co: Delaware expressing standing there the negro shot Mr. Edwards in the breast with a heavy charge killing him instantly, and made his escape.

Mr. Edwards is said to have been a very worthy citizen about 42 years old.

There has been a standing reward of some two or three thousand dollars offered for the arrest of this boy ever since he so brutally killed Mr. Chapman, and we understand another thousand has been offered since the last occurrence. It seems a little strange that some one don't get a pack of dogs and take him. It can easily be done at a cost of from one to two hundred dollars .- Progress.

> Cowardly Conduct of the Massachusetts Troops.

A gentleman who was in Baltimore on Friday informs us that that portion of the Massachusetts Regiment which was unarmed, was permitted to pass through the city merely with such expressions of public opinion as kicking them-a process which was performed all through the streets without their attempting to resist it!

Another gentleman, also present, says that nothing could have been more sneaking and important trial. If we knew that a murder was cowardly than the conduct of the retreating deabout to be committed across the way, we are tachment of the Massachusetts troops. QUESTION FOR MATHEMATI-CIANS AND ECONOMISTS. IF 1860 feet of gas is consumed through right burners, in 9 nights, at a cost of \$5 per thousand feet, how much is consumed by each burner per hour? at what cost, and what would be the cost of an equal amount of light obtained from. Kerosene Oil? Answer: There is consumed by each burner, 25 feet per night, or 6 feet per hour, at a cost of 6 cents per hour per burner Four Kerosene Lamps afford as much light as 8 gas burners; 4 gallons of Kerosene Oil will supply 4 lamps one month, which, at \$1,20 per gallon, is \$4,80 per month, or a cost of one cent per hour per lamp; therefore, by burning gas, the expense is etc., at only six hundred per centum greater than to burn Kerosene Oil, which, with Lamps, can be had at the RENDEZVOUS of the Inimitable

The disease, augmenting to such a degree as t lefy the skill of the physicians, and the hopes friends, I was induced, as a last resort, to make trial of your popular Balsam, without any con dence in its merits, as that had been destroyed numberless trials of advertised nostrums.
