NEW ORLEANS, Nov. 15. The latest advices from Brownsville say the liberals, under General Escobedo, Cortina, Canales and Mendes, were vigorously continuing the siege of Matamoros. They captured on the 5th the steamer Rio Grande, and brought her to Clarksville to transform her into a gunboat. The liberals held the river below the town, which had been evacuated by the women and children, who sought refuge on the American side. It is thought that the republicans will capture the place. The federal forces enthusiastically cheer the progress of the liberal besiegers. On Thursday last the imperial steamer Pessano fired four shots upon them. The casualties by this strange proceeding are unknown.
