The Grand Army of Republic last night passed resolutions condemning the Washington Light Infantry for not carrying the United States flag while acting as an escort to the Norfolk City Guard, now on a visit to this city, and claiming that said company refused or neglected to bear the flag of our country, and believed it had been done indifferently to the wishes of the company from Virginia. The Washington Light Infantry is composed principally of Government Clerks, is commanded by Col. Wm. S. Moore, who was pay-master in the Union army and Private Secretary to President Johnson.
