Methodist Festival-Suicide in Jail.

GREENSBORO, N. C., April 21.-The ladies of the M. E. church, gave a festival and a "Mother Goose" party, at Benton Hall, last Thursday and Friday nights. Altogether it was a very enjoyable affair. and was exceedingly well patronized by all denominations of the city. Something over two hundred dollars was realized which will be expended in repairing the church, painting the steeple, &c.

A man by the name of James Duncan committed suicide in the jail on Sunday morning last by hanging himself with a blanket torn into strips and fastened to the grating of the window overhead. It is thought he stood on a water pail while he adjusted the noose, and then by kicking the pail from under him managed to strangle himself. The coroner held an inquest early on Sunday morning and rendered a verdict as above. Deceased had long been suffering with spells of insanity and was put in the county jail for safe keeping and not for any offense committed. He had made several unsuccessful attempts before to destroy his life.

The nursery-men, of whom there are some eight or ten in this county, are greatly exercised over the tax levied on their business by the last Legislature. They are taxed one hundred dollars on every agent sent out, and as that business is carried on almost entirely through agents, they claim
