## APPEAL

TO FORMER Members of the "Dialectic Society." University of North Carolina, Their Acquaintances, and Friends to the Late Confederate States Throughout the South :--

E ARE DIRECTED BY THE DIALECTIC Society, a well known and venerable literary body of this University, to extend to you the following appeal:-

In the recent struggle for Southern independence there wore swept away many, very many members of our Society; some of them were young, fresh from their collegiate duties. Others more ripe with years, which had made them a source of just pride, and reflected honor to this Society. She laments the death of every worthy member, but more intensely does she sorrow o'er the loss of her patriot sons. She venerates their memory, and is anxious to have a regord of each one of them. To this end, she begs all who would assist in the accomplishment of a work so natural, so praiseworthy, to furnish her with the name of every member of the Society who is known to have died in the Confederate army, front wounds or disease. It is our unhappiness to know that the sad list will be a long one, representing every Southern army and every Southern State; but mingled with unhappiness will be the consoling reflection that their very numbers is that of which we are with reason

The name should be accompanied with the time, place, and circumstances of the death, and addressed to "The Historian Dialectic Society," Chapel Hill, N. C.

Although the war for separation and self-government has terminated unsuccessfully, we value its history. We believe that you would, with us, be pleased to see established, on an important the late Confederate States, or incident to the respectfully invited to call, when we hope to of war for its establishment." Our Society has re- fer such inducements in prices and the character alized the fact that such a museum must be gotten of our stock as will prompt a renewal of our. up, if at all, by a literary association, which can in no way be reckoned political, and from material now in private hands. She has therefore determined to make the move, and looks to you for encouragement. The museum is designed to be a receptacle for whatever may be interesting to lovers of liberty, or admirers of patriotism and valor; whatever is dear to true Southerners, whether it be because of its intrinsic worth and beauty, or whether because of its association, You are therefore earnestly invited to assist us, by contributing whatever your taste may suggest as appropriate, and thereby encourage that which may become a valuable exhibition, grateful to the eyes of those who in time to come may appreciate the motives and achievements of the Southern people in the late war, and who have sympathized with them. Each article should be accompanied with a full descriptive label, carefully wrapped or packed, and sent to "Museum," Dialectic Society,

Chapel Hill, N. C. When possible, articles may be sent by hands of students; otherwise, friends will please forward them by express, at expense of Society. Articles, when received, will be carefully labelled with the name and residence of donor.

PROSPECTUS.

The Publication of the NORTH CAROLINA PRESBYTERIAN will be resumed in Fayetteville, on Wednesday, the 2d of January next. Confidently relying on the hearty support which we have heretofore received, we shall endeavor to render the paper more attractive both in appear ance and matter, than it has ever been, sparing neither pains nor expense, in the accomplishment

With the passing away of old things, a new spirit of activity, energy and enterprise, has been in-fused into every department of secular thought and business. Why should not the Church, also, partake of the progressive advancement? Why should she, of all the agencies, brought to bear with such tremendous force upon the civilization of the present time, be inefficient, laggard and consisting in part of almost hopeless in the working out of her own

To arouse the church to the importance and necessity of work; of unceasing, restless, tireless energy in the service of her Master and Head; this shall be our first and chiefest aim. In this we need assistance. We are not, alone, sufficient for these things. Our brethren must help us in every way; by contributions from their own stores of thought and study; by zealous co-operation in a common cause, for the benefit of all; by extend-ing our circulation throughout all our borders, and thus giving us the means and the opportunity of performing well the work to which we have consecrated all that we have, and all that we hope for on the earth.

last mentioned is capable of turning out, with four mules attached, forty bushels of meal per day. The Plantation is adapted to the growth of cotton, corn, peanuts, potatoes, field peas, wheat, &c. Two good landings are on the place, thereby affording fine facilities for shipment of produce; besides the river abounds in the finest oysters and fish in the world. Length of lease, five or six years.

Lease. THE subscriber offers for rent for one or five years, his plantation on Town Creek, ten miles below Wilmington. 500 acres are cleared and fenced, well adapted to the production of corn, cotton, wheat, potatoes, &c., and a part is excellent ground pea land. In addition to which there is a large orchard of fruit trees, bearing large quantities of fruit. On the place there are two frame dwelling houses, large barns and stables; also seventeen frame houses for laborers, now occupied by freedmen, most of whom may probably be hired to work on the place.

The proximity of this plantation to Wilmington, the easy approach of large flats at all times to its several landings, insuring shipments to any

point, offers inducements to enterprising men, especially those familiar with hired labor, that few places possess. Address Dr. JOHN D. BELLAMY, Wilmington, N. C., or call on him at his city residence.
