Ex-Gov. Wise's Address, &c.

RICHMOND, Va., Aug. 22.—Ex-Gov. Wise delivered an address to-day at the Washington and Henry Academy. He said we all now owe natural allegiance to our country; and any oath to support its constitution, or oath of registration, was no violation of that constitution. There is now being made an effort to make white freemen South subject to the domination of black freedmen; against this, we must appeal to the white masses of the North, who will not permit the sacrifice of nature's laws to political prejudice.

The whites of the New England middle States and Europe, must not be kept out of the South by black rule. This is the white man's land, and must be kept open for the white man. He said that to avoid the national dishonor of repudiation, interest on national bonds must be reduced to 4 1/2 per cent. That interest taxed, and the whole debt consolidated, then the rich would stop hoarding bonds. He urged his audience to renew their allegiance to their country, and never desert the constitution, to preserve the purity of their race and blood, and labor unceasingly to live in peace and plenty.

Stirring speeches were made by A. H. GALLOWAY and others in favor of the Republican Party, and the following Resolutions were adopted:

WHEREAS it has pleased the great Republican party of the Nation, to establish laws whereby the fundamental principles of the Constitution of the United States, and the Declaration of Independence are no longer a libel upon the American people:

AND WHEREAS the assertion made by our forefathers that all men are created free and equal is now one of the fixed facts of the Nation, therefore be it

Resolved, That we, the citizen voters of New Hanover County, heartily endorse the recent acts of Congress and the ratification of the same by the Richmond Convention, and join hands with them in the adoption of impartial suffrage, and manhood as the groundwork of our party.

The meeting then gave three cheers for Gen. PHIL. SHERIDAN and adjourned.

DARING ATTEMPT AT ROBBERY.—An assault, with intent to rob, was made upon the person of Mr. GEORGE S. COPE, of this city, on Wednesday night last, by a party of two persons, apparently soldiers. Mr. COPE resisted manfully, but was seriously wounded in the end. His left arm was broken, and he received a knife wound in the right side. The attack was finally desisted from, and two policemen with whom Mr. COPE met shortly afterwards, started in pursuit, but were unable to effect anything. The robbers have not yet been identified, but we hope to chronicle the fact in a few days.

PERSONAL.—The Rev. H. L. SINGLETON, pastor of the First Presbyterian Church in this city left here last night for Baltimore, where his family now are, for the purpose of endeavoring to recuperate his health. Mr. SINGLETON'S absence is intended for a short one, only of a few weeks' duration. At the end of that time he will return and resume his labors here.

S. T.—1860—X.

The language of nature and experience demonstrates, that whoever would enjoy the pleasure of food—the beauties of landscapes—the joys of companionship—the richness of literature—the honors of station and renown—must preserve their health.

The stomach is the receptacle of all nourishment, and the fountain from which all parts of the body derive sustenance. The effect of food injurious to the stomach, is to derange the digestive organs and produce headache, loss of appetite, unrefreshed sleep, fetid breath, low spirits, feverish burnings, constipation, incapacity to perform any mental or physical duty, &c., and are the symptoms of that horrid disease

DYSPEPSIA.

which assumes a thousand shapes, and points towards a miserable life and premature decay. The Medical Faculty has labored for generations to discover reliable appetizers and the proper means of overcoming stomach derangements. Certain ingredients have been known as partially effective. Among these were

CALISAYA BARK & ST. CROIX RUM.

An invalid physician, sojourning in the tropical island of St. Croix, observing the habits of the natives, gathered the recipe for the final accomplishment of this most important end. The article was first used as a private medicine, when its salutary effects becoming known, it was brought out under the name of

DRAKE'S PLANTATION BITTERS.

They act with unerring power, and are taken with the pleasure of a beverage. They perform most wonderful cures in stubborn cases of Dyspepsia, Liver Complaint, Nervous Affections, Loss of Appetite, Intermittent Fevers, Diarrhoea, Sour Stomach, Headache, Fever and Ague, Weakness, Mental Despondency, &c. As a morning appetizer and after dinner tonic, they should be in every family. They are a delightful exhilarating stimulant, without any subsequent stupefying reaction.

IMPORTANT CERTIFICATE.

ROCHESTER, December 28th, 1861. Messrs. P. H. DRAKE & Co.—I have suffered terribly with Dyspepsia for three or four years, and tried many remedies without effect. I had abandoned my profession, and suffered greatly from everything I ate. I have now tried the Plantation Bitters—they helped me—I continued their use, and am now nearly a well man. I know of several similar cases. Respectfully yours, REV. J. S. CATRON.

CASCARILLA BARK

Was known and used in Germany for Dyspepsia, Chronic Diarrhoea, Cholera, Dysentery, and Discharges of the Stomach and Bowels, as early as 1600

DANDELION.

For Indications of the Lungs and Spleen in Dropsical Affections and Biliary Secretions, or Obstructions of the Abdominal Viscera.

CALISAYA, OR KING'S BARK,

Was unknown to civilization until the middle of the 17th century. Humboldt makes favorable mention of the febrifuge qualities of this article as an Antidote Fever and Ague, Intermittent, Bilious, and other fevers, in his extensive South American travels. The Countess, wife of the Viceroy of Peru, having experienced the beneficial effects of the Bark, sent it to Europe in 1640. It was sold by the Jesuits for the enormous sum of 1000 dollars, and was thus called "Jesuit's Powder." In 1658, Sir John Talbot employed it with great success in France, in the treatment of Fever and Ague, Dyspepsia, Nervous Affections, Loss of Appetite, Weakness and Delirium, Fatigue of the Heart, Diarrhoea, &c., under the name of English Powder; and in 1679, he sold the secret of its origin to Louis XIV, by whom it was divulged. It is now a standard remedy in all cases of biliousness, and is employed in preparing the Plantation Bitters.

Chanonville Flowers, for scorbuted Digestions; Wintergreen, valuable for Scorbula, Rheumatism, and Neuralgic Affections; Lavender Flowers, travel, and is a native of Brazil, and as yet unknown to the commerce of the world. A Spanish writer says

"... administered with St. Croix Rum, never fails to relieve nervous tremor, wakefulness, disturbed sleep, &c., and that it is used with great effect by the Brazilians, Spanish and Peruvian ladies to lighten their color and beauty. It imparts cheerfulness to the disposition, vigor to the appetite, and brilliancy to the complexion."

We withhold its name from the public for the present. To the above are added Clove Buds, Orange, Caraway, Coriander, Snake Root, &c., all prepared in perfectly pure
