S. T.—1608—X.

The language of nature and experience demonstrates that whoever would enjoy the pleasure of food—the beauty of landscapes—the joys of companionship—the richness of literature—the honors of station and renown—must preserve their health.

The stomach is the receptacle of all nourishment, and the fountain from which the body, derive sustenance. The effect of foul injurious food entering the stomach, is to debase the digestive organs and produce headache, loss of appetite, nervous debility, low spirits, feverish burnings, constipation, incapacity to perform any mental or physical duty, &c., and are the symptoms of that horrid disease

DYSPEPSIA, which assumes a thousand shapes, and points towards a miserable life and premature decay. The Medical Faculty has labored for generations to discover reliable appetizers and the proper means of overcoming stomach derangements. Certain ingredients have been long known as partially effective. Among these were

CALISAYA BARK & ST. CROIX RUM. An inveterate physician, observing the habits of the natives, gathered the recipe for the final accomplishment of this most important end. The article was first used as a private medicine, when its salutary effects becoming known, it was brought out under the name of

DRAKE'S PLANTATION BITTERS. They act with unerring power, and are taken with the pleasure of a beverage. They perform most wonderful cures in stubborn cases of Dyspepsia, Liver Complaint, Nervous Affections, Loss of Appetite, Intermittent Fevers, Diarrhoea, Stomach, Headache, Fever and Ague, Weakness, Mental Despondency, &c. As a morning appetizer and after dinner tonic, they should be in every family. They are a delightful exhilarating stimulant, without any subsequent stupefying reaction.

IMPORTANT CERTIFICATE.
ROCHESTER, December 28th, 1861.
Messrs. P. H. Drake—Gentlemen:—I have suffered terribly with Dyspepsia for three or four years, and tried many remedies without effect. I had to abandon my profession, and suffered great pain from everything I ate. I have now tried the Plantation Bitters—they helped me—I continued their use, and am now nearly a well man. I know of several similar cases. Respectfully yours,
REV. J. S. CATTON.

CASCARILLA BARK Was known and used in Germany for Dyspepsia, Chronic Diarrhoea, Cholera, Dysentery, and Disturbances of the Stomach and Bowels, as early as 1620.

DANDELION. For Inflammations of the Lungs and Spleen in Rheumatic Affections and Biliary Secretions, or Obstructions of the Abdominal Viscera.

CALISAYA, OR KING'S BARK, Was unknown to civilization until the middle of the 17th century. Humboldt makes favorable mention of the febrifuge qualities of this article as an Antidote Fever and Ague, Intermittent and Malarious Fevers, in his extensive South American Voyages. The Countess, wife of the Viceroy of Peru, was cured of the most obstinate effects of the Bark, sent it to Europe, and it was sold by the Jesuits for the enormous sum of its weight in silver, and was thus called Jesuits' Powder. In 1658, Sir John Talbot employed it with great success in France, in the treatment of Fever and Ague, Dyspepsia, Nervous Affections, Chronic Diarrhoea, Cholera, Dysentery, and Disturbances of the Stomach and Bowels, as early as 1620.

WILMINGTON, N. C., S. T.—1860—X.
Intelligent persons and physicians can judge on the efficacy of the Plantation Bitters from the following partial formula:

Having been notified by the Secretary of the Treasury that a contract has been made by him with GEO. Z. FRENCH and ROBERT STEVENSON, for saving property from wrecks of all vessels belonging to the Government, on and adjacent to this coast, and having been appointed by him as agent to superintend their operations, I hereby warn all persons from interfering with said wrecks or any other Government property on the coast.

Wilmington, Aug. 5, 1867.
Journal copy.

NOTICE. Having contracted with the Secretary of the Treasury for the salvage of all "Blockade runner" and other wrecks, and property belonging to the United States on and adjacent to this coast, contracts will be made with parties desiring to engage in wrecking, saving iron, &c.
GEO. Z. FRENCH, ROBERT STEVENSON, 10 So. Front St., Wilmington, N. C. Aug. 5, 1867. Journal copy.
