MARINE INTELLIGENCE.

PORT OF WILMINGTON.

November 4.

There were no arrivals or clearances at this port to-day.

An intelligent friend at Norfolk writes us that the large vote in favor of the Convention in Virginia was not exclusively composed of those who are known as "Radicals" or followers of Hunnicutt; but that the moderate Republicans, meaning "Conservatives," contributed to swell the majority. So it will be in North Carolina; and the vote against the Convention will be, relatively, as small as it was in Virginia.—Raleigh Register.

The cholera on the receiving ship Potomac, at Philadelphia, is attributed to exhalations from rats killed by arsenic.

REVENUE DECISIONS.

ELECTION RETURNS FROM GEORGIA.

ITALIAN NEWS.

The Market Reports.

From Washington.

WASHINGTON, Oct. 4.—The President has again declined to interfere in certain orders of Pope and Schofield, the law giving him no power to annul or modify orders.

Internal Revenue receipts to-day \$2,067,000.

Gen. Pope writes Gen. Grant in regard to remonstrances against his district: The objection they make to the apportionment of the State is a pretext merely. The real object is to obstruct and if possible arrest reconstruction.

The debt statement will show a decrease of two million dollars.

Revenue decisions: The use of a still by chemists to produce alcoholic spirits, makes them liable as distillers. A negotiable promissory note made, signed, and issued abroad and payable abroad, may be negotiated by endorsement here, without stamps.

A guarantee endorsed upon an instrument, should be stamped as an agreement. An unsigned memorandum on an instrument, requires no stamp.

The announcement that the retrenchment reforms already inaugurated in the War Department by Gen. Grant, will amount to five million dollars per annum, has attracted enquiry respecting the payments at the Treasury on account of the service of the war office from the first of January last, to the 20th ultimo. They are as follows: Pay, \$25,555,000; Bounty, \$10,500,000; Quartermaster's Department, \$38,044,000; Subsistence Department, \$10,947,000; Miscellaneous, \$26,781,000; making a total of \$109,887,000.

Gen. Howard writes Forney that his former statement regarding the decrease of the negro population was founded on partial returns from several districts, without allowance for the immense numbers which flocked to cities.

The debt statement will show a little diminution of the aggregates: War payments during the latter part of October, were very heavy; receipts light; conversion of seven-thirtieths very heavy.

The World's special says: Alarming accounts reach Grant's headquarters from all parts of the South, relative to negro troubles. Grant has ordered the military commanders to preserve peace at all hazards.

Movements are on foot to secure Doctor Mudd's pardon, on account of his services during the fever.

The total registration in the City of New York is one hundred and twenty-eight thousand, last year one hundred and twenty-two thousand. Registered in Brooklyn, fifty-four thousand, an increase of six thousand over the vote last year.

Foreign News.

FLORENCE, Nov. 2.—Midnight.—Garibaldi is still at Monte Rolando, entrenched, and refuses to disarm unless the Italian Cabinet is changed. The King of Italy declines to accept Napoleon's proposition to allow the Roman question to be settled by a vote of the Romans.

BERLIN, Nov. 4.—Count Von Bismarck says officially to-day that the government of Prussia is at present neutral on the Roman question.

LONDON, Nov. 4.—Noon.—The proposition to settle the question by a popular will of the Romans, is not Napoleon's but is a spontaneous suggestion of Italy, Prussia and France.

The Paris Moniteur, says Mensier sent a note to the French legation at Florence, saying the Italian advance was a violation of law and treaty and Napoleon will not approve it by word or silence and asks explanation of Italy.

Only two French regiments in Rome; troops continually leaving Toulon. Papal forces will assume offensive immediately.

Election in Georgia.

AUGUSTA, GA., Nov. 3.—From returns received at headquarters it is estimated that 105,000 votes were cast on the question of a Convention, out of 186,000 registered. The official count shows a majority in favor of a Convention. Opposition candidates were only nominated in the Northern part of the State, where the whites are largely in the majority. In other portions of the State the Conservatives took no part in the contest. Candidates favoring a Convention are elected by large majorities.

OUR NEW YORK LETTER.

NEW YORK, Nov. 2d, 1867.

MESSRS. E. A. PAUL & CO.—The week end to-day—since ours of 26th ultimo—presents no new feature in trade beyond a general dullness, growing out of the near approach of the State elections in this and other States; this naturally keeps at home many who are interested in the results; we cannot therefore look for much activity in trade for some days to come, when we may expect more activity in the demands of trade, and consequently better prices for the leading articles of the produce of the country. Money has been in more active demand in some departments of trade the supply having somewhat increased good securities commanding it at 6 per cent., and in some instances below this on Government securities; strictly first class commercial paper, however, is taken at from 7 to 8 per cent. per annum discount. Gold has declined, ranging from 140 to 141, with an ample supply. Foreign Exchange is held firm, owing to a limited supply, ranging from 109 1/2 for 60 days, to 110 1/2 for short sight; but these are extreme rates. The stock market during the week was unsettled at the opening, but has shown some improvement since.

Foreign tonnage being scarce and high has a material effect on many of the leading articles of export Shippers preferring to wait, for lower rates of Freight, this is one cause of the present dull state of trade. The cotton, grain, provisions and naval store market, being on a decline. We however, may soon look for a better state of things on an increased supply of tonnage, and consequently more demand for produce with better prices. We quote:

BEESWAX.—Southern, 38 @ 40c. Rope, 84 @ 90c. BACONING.—Calcetta, 22 @ 24c. Brooklyn, 25 1/2 @ 26c. TIES.—Universal Standard, per lb., 10c.

FLOUR.—Is more quiet, and prices have declined from 10 to 20c. per bbl., the supply being ample.

Super State, \$9 25 @ 9 50. Extra, 10 25 @ 10 50. Fancy, 11 00 @ 11 25. St. Louis, 14 00 @ 14 25. Rye, 7 00 @ 8 50.

BUCKWHEAT.—Nominal.

CORN.—The market is quiet.

White Southern, \$1 50 @ 1 55. Western Mixed, \$1 40 @ 1 45. Yellow, \$1 35 @ 1 40.

PEANUTS.—In request.

36 and 28 lbs., \$3 25 @ 3 50.

BACON.—Remains without change.

Hams, 15 1/2 @ 17c. Shoulders, 11 1/2 @ 13c.

NAVAL STORES.—The demand has been principally for export, but at very low figures, without any decided change.

ROSIN.—Rosin, common, 280 lbs. \$3 50 @ 3 60. Low strained to good No. 2, 3 75 @ 4.00. No. 1, 4 25 @ 4 50. Pale and Extra Pale, 5 00 @ 5 50. Opague, 4 00 @ 4 50. Crude Turpentine, 4 75 @ 5 00. Extra, 5 00 @ 5 25. In shipping order, 5 00 @ 5 25. Tar, Wilmington, in request at 3 00 @ 3 50. " do as it runs, 3 50 @ 4 00. " " " " 3 75 @ 4 00. Pitch, Southern, 3 75 @ 4 00. " Wilmington City, 4 00 @ 4 12 1/2.

COTTON.—The market is dull and declining under the influences of the inactivity of business generally here and abroad. Operations are sparing, which, added to liberal offerings on the dock and to arrive, makes prices a necessity. We look, however, for an improvement in this staple.

Good Middling 2 1/2 @ 2 1/2. Strict 1 9/16 @ 1 9/16. Middling 1 1/2 @ 1 1/2. Low Middling 1 1/8 @ 1 1/8. Good Ordinary 1 1/4 @ 1 1/4. Ordinary 1 1/4 @ 1 1/4.
